Mankind’s Darkest Secret

The observer’s perception creates what is perceived before it is viewed. Visualisation precedes the experience.

UROKO: THE SCALES FELL FROM MY EYES

t.me/ufopediapdf

In this book I present an alternative history. I believe it is the true account of our past. The authorities have deliberately concealed the real history of the human race from the populous in order to maintain in us a profound state of ignorance.

t.me/ufopediapdf

I have written many books on a host of controversial subjects. Each of my works provide an alternative viewpoint to that which we are taught either in school or in formalised religion.

This book is no exception. I believe it reveals the entire truth of a rather unfortunate species known as mankind. In this treatise I shall reveal just who enslaved the human race and why.

Nobody alive today has even the vaguest idea of how the universe was created, when and how our planet came into existence and just how long human beings have been present on planet Earth. Therefore we make do with theories postulated by anthropologists and historians.

I must emphasise here that all we have been taught throughout history is highly speculative, based upon the testimony (often

t.me/ufopediapdf

centuries later) of those who were victorious in battle and our ‘benevolent’ religious leaders. Those who have written our history and especially our religious texts do so with personal bias. In short they tell you what they want you to believe.

Information is power, all information makes one all powerful. Restrict access to the Truth and the general populous are born, live and die in ignorance.

Of course some of the accounts of our history must bear some semblance to the truth but how much of it is falsified?

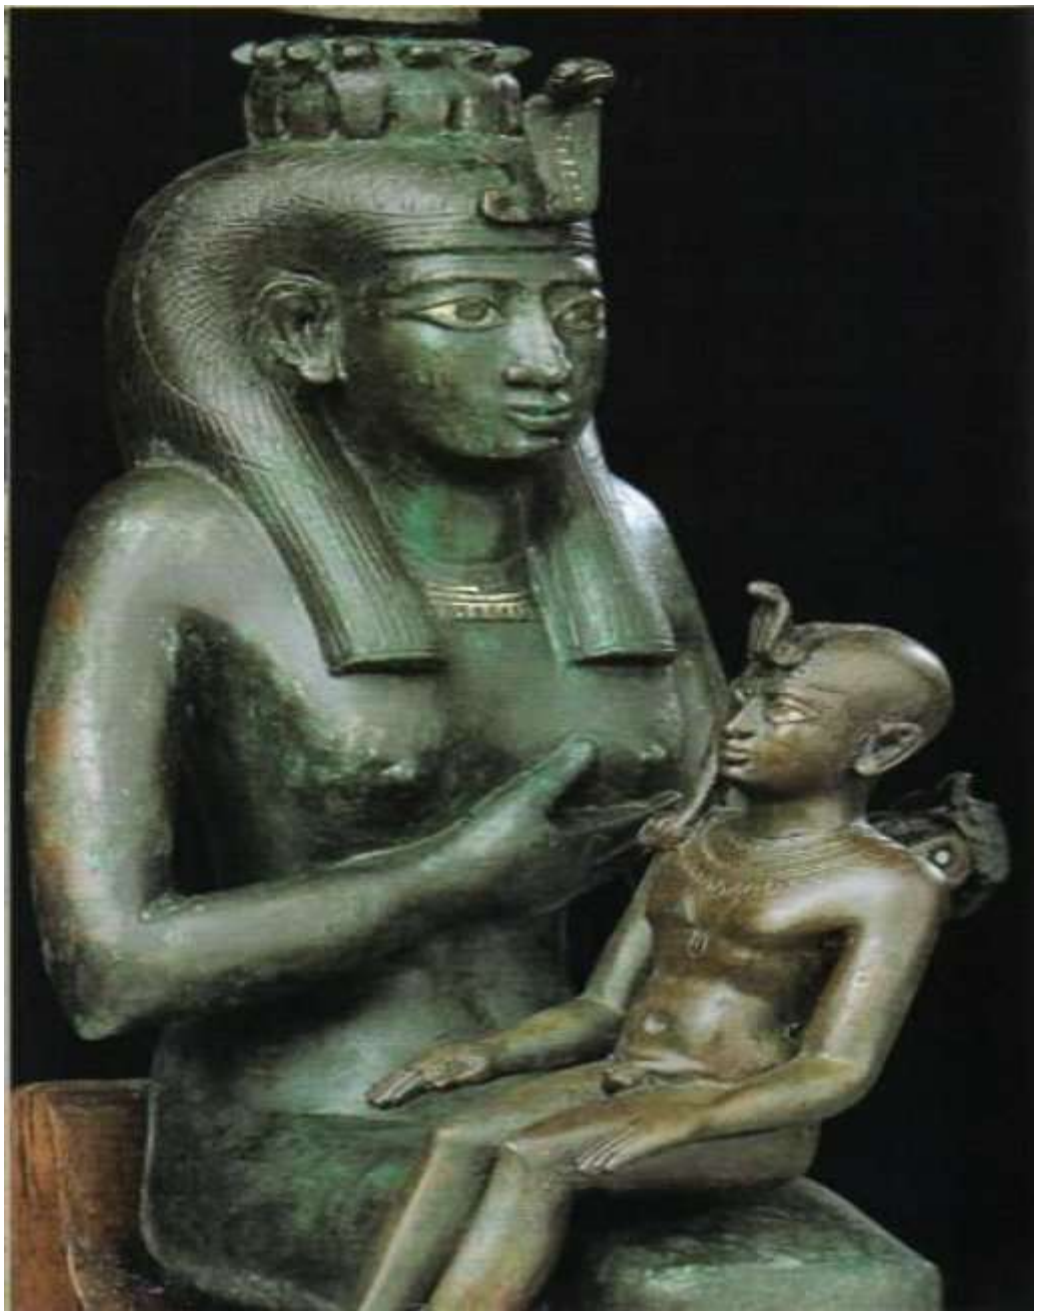
Long long ago a good man was informed by God that a Great Flood would sweep across the planet. God instructed the man, taught him to build a great boat that would house his family and all the animals. Thus the species of Earth would be preserved.

t.me/ufopediapdf

Of course this is the legend of the Great Flood and the man's name is Noah. Nothing could be further from the truth. In fact the scene is set in ancient Japan and the name of God is Amaterasu. In this Flood Myth it is the Storm God Sosano who creates earthquakes and tsunami across the globe. Should you research the mythology of other ancient societies you will discover that they all possess the Flood Myth. So myth it cannot be and how could ancient people all over the world maintain a tale of a Great Flood that occurred around 10,500 BC?

It was a virgin birth. Three wise men followed a Star to the place where he was born. They brought gifts of gold, frankincense and myrhh. He was known as the Son of God, had 12 followers and after suffering a terrible death was resurrected. To whom am I referring? Mithras, Osiris, Krishna, Buddha, Codom, Horus, Marduk, Apollo and oh yes Jesus. Take your pick from the above list. Their stories are identical.

t.me/ufopediapdf



Our Father Who Art in Heaven Hallowed Be Thy Name. The Lord's Prayer is derived in its entirety from an ancient Egyptian prayer and ends with the name of the Egyptian God Amen.

t.me/ufopediapdf

Even the ten Commandments are stolen, almost verbatim, from the Egyptian Book of the Dead. Examples are I have not killed, I did not steal etc. Please investigate.

There is nothing new in history. Everything we have been taught is a rehash of much more ancient tales which themselves are copies of even more ancient experiences.

Where does one begin the mammoth task of detailing the origins, rise of civilizations and spectacular technologies of an unique species that presently populates a speck of dust on the outer arm of an isolated Galaxy?

For our universe is vast, comprising trillions of planets with billions of Stars in billions of galaxies and our universe is but one of an infinite number of corresponding universes. Modern humans

t.me/ufopediapdf

have barely ‘scratched the surface’ of planetary exploration yet to those Souls that were incarnated millions of years ago interstellar travel was just a ‘holiday abroad’.

t.me/ufopediapdf

Multiverse

Using highly advanced Mathematics physicists have proven that there are an infinite number of universes. Each contains alternative possibilities to the apparent reality **we are led to believe to be the only** reality. There are multiple parallel Earths in multiple parallel universes. In fact all possibilities exist in one or more universes. This raises a very important point. Theoretically there is a planet

t.me/ufopediapdf

Earth where JFK is still alive, where there is no formalised religion and where the human race are not slaves of the Arcons. Who are the Arcons? More later.

Simultaneously reading Alice in Wonderland, taking LSD and expanding the consciousness seems the only means by which we mere mortals will be able to comprehend the latest scientific discoveries regarding Reality. They are mind-blowing but you have to admit they are really exciting. Eleven dimensions and possibly

t.me/ufopediapdf

more, electrons that exist in two places at once and interdimensional strings popping in and out of existence, creating all that is visible and tangible. Then there is all that stuff we cannot see or touch but it is pretty much everything. Why didn't our teachers tell us about the universal **DARK** stuff? It comprises well over 90% of all that exists in the universe.

All I remember is: don't stay out in the dark the big bad boogie man will get me.

The concept of multiverses has made scientists foam at the mouth. Possible versions of me and you exist in a fraction of an infinite number of universes. In fact some say that every action or thought creates an alternative me in an alternative universe doing or thinking something ever so slightly differently. Put mildly all possible actions and thoughts are coexisting all of the time throughout the Multiverse. Read my other books for details. Now jump through the Looking Glass with Alice:

t.me/ufopediapdf

Weeeeeeeeeeeeeeeeeeeeeeeeeeee

So with all that previously undiscovered information and the startling fact that there are probably billions of inhabited planets **in just our universe alone** is it not possible that an extraterrestrial or interdimensional species could have visited us in the past?

Vatican's connection to Alien Life

In April of 2005 just prior to the funeral of Pope John Paul II a large hovering craft was recorded by the Vatican's surveillance equipment. Is it conceivable that beings from another world had come to pay their respects to the late Pontiff?

t.me/ufopediapdf

Many believe that the Vatican has hidden its extensive knowledge of extra terrestrial beings for countless centuries.

In 1999 the Vatican library was undergoing restoration of its underground vaults, which few humans have entered in the past five hundred years. The Vatican itself was built over an enormous cemetery. Although they expected to discover human remains the

t.me/ufopediapdf

construction workers were not prepared for what they did find.

Skeletons with enormous skulls (resembling those of grey aliens) were excavated from under the Vatican Library: The Vatican immediately banned further entry to the Library and construction ceased.

t.me/ufopediapdf

In 2009 the Vatican organized a five day astrobiology conference. Scientists convened to discuss the possible implications of life originating from other planets. The major driving force behind the conference was the Director of the Vatican Observatory (Jesuit priest Father Jose Gabriel Funes).

In May 2008, Funes gave an interview to the Vatican's L'Osservatore Romano newspaper stating that the existence of intelligent extraterrestrials posed no problems to Catholic theology.

The conference itself was officially convened by the Vatican's Pontifical Academy of Sciences, chaired by its religious leader Bishop Marcelo Sanchez Sorondo, and was held on private Vatican grounds from November 6-10.

t.me/ufopediapdf

Together with Funes' 2008 interview and subsequent public comments by him, the conference "demonstrates a welcome openness by the Vatican on the possibility and implications of extraterrestrial life". The Vatican's openness to discussion of extraterrestrial life is no accident. It is part of a policy secretly adopted by the United Nations in February 2008. In fact, the Vatican is **playing a leading role in preparing the world for**

t.me/ufopediapdf

extraterrestrial disclosure.

This is the same Faith that burned Bruno at the stake in 1600 for suggesting that life exists elsewhere in the universe.

Perhaps we may never learn the Truth. It may be that our ‘fathers’ wish to protect us from the panic that may ensue if we were to be informed that aliens are visiting Earth. However I suggest to you that aliens have visited Earth and remained for a staggering 450,000 years.

So many early Renaiisance paintings clearly depict UFOs:

t.me/ufopediapdf

Testament to the Earliest Times

We are all agreed that Adam and Eve were considered to be the first man and woman. After all it is written in Genesis so it must be true. What is not universally known is that certain scriptures,

t.me/ufopediapdf

testaments and other writings were omitted from not only the Old Testament but also the New Testament. It was a select few Rabbis and Cardinals who chose not only which books the public were able to read but they also censored those that became available.

Deliberately instigated by a cruel Authority for centuries the European populace of Europe was forced into ignorance and illiteracy (is history repeating itself today?). In church the testaments were read to the masses by their ‘fathers’. What is even more ridiculous is that the sermons were in Latin, a language the common people could not comprehend.

Church gatherings comprised pompous Priests spouting propaganda to an ill-informed, illiterate mass of down trodden terrified serfs. Meanwhile in Africa, South America, the Far East, Middle East and Asia Minor children were learning about Mathematics, Cosmology, the Arts and the Sciences. So why do white Europeans and Americans feel so darned superior? Perhaps

t.me/ufopediapdf

Jung and Freud would have stated that this is a massive inferiority complex.

Propaganda, deliberately withholding the complete Truth and shocking the general populous into meek submission (throughout Europe alone the Inquisition lasted some 400 years) maintained a powerful control of not only the bodies but the minds of the common folk.

More than 50 important scriptures are either missing or in the hands of private collectors and some are in the possession of members of the Illuminati elite (including the Vatican). They include early writings of the disciples of Jesus (Isa) including his spouse Maryam.

This means that even if the Old and New Testaments were entirely true then we still do not have a complete picture of our past and

t.me/ufopediapdf

especially our early beginnings. Fortunately there has ‘come to light’ ancient knowledge now safely in the possession of the Gnostic Society. If true this enormous wealth of knowledge reaches all the way back to Adam and Eve.

The **Nag Hammadi library** is a collection of Gnostic texts discovered near the Egyptian town of Nag Hammadi in 1945. Twelve leather-bound papyrus codices that had lain buried in a sealed jar for 2000 years were unearthed by a local farmer (Muhammed al-Samman)

Below is professed to be the words of the ‘first man’ to his second born son, Seth (Sit). Paragraphs encased in square brackets are my statements regarding the highlighted words.

t.me/ufopediapdf

Note the names are anglicised in this translation **by George W. MacRae**

The Apocalypse of Adam

t.me/ufopediapdf

The revelation which Adam taught his son Seth in the seven hundredth year, saying:

“Listen to my words, my son Seth. When God had created me out of the earth, along with Eve, your mother, I went about with her in a glory which **she had seen in the aeon from which we had come forth**. **She taught me a word of knowledge of the eternal God**. And **we resembled the great eternal angels, for we were higher than the god who had created us** and the powers with him, whom we did not know.

[Where in the book of Genesis do we find words such as those in the paragraph above? If they were indeed spoken by Adam to his second born son then this is dynamite. Far from Eve (Hevva) being portrayed as the cause of human misery here she teaches Adam Divine Knowledge. Furthermore Adam hints at a time aeons before that was both glorious and long lasting.

t.me/ufopediapdf

Far from being ape-like humans created from clay the ‘first couple’ were elevated not only to the status of angelic beings but higher than the god who had created them. It is impossible to be in any way better than the Creator of All Things so whom is Adam referring to here when he speaks of ‘the god who had created us’?]

Then god, the ruler of the aeons and the powers, divided us in wrath. Then we became two aeons. And the glory in our hearts

t.me/ufopediapdf

left us, me and your mother Eve, along with the first knowledge that breathed within us. And glory fled from us; it entered into [...] great [...] which had come forth, not from this aeon from which we had come forth, I and Eve your mother.

But knowledge entered into the seed of great aeons. For this reason I myself have called you by the name of that man who is the seed of the great generation or from whom it comes. After those days**, the eternal knowledge of the God of Truth withdrew from me and your mother Eve.** Since that time, we learned about dead things, like men.

Then we recognized the god who had created us. For we were not strangers to his powers. And we served him in fear and slavery. And after these things, we became darkened in our hearts. Now I slept in the thought of my heart.

[Many scholars have spent lifetimes attempting to interpret the

t.me/ufopediapdf

Torah. In like manner I wish to attempt to interpret the highlighted portions of the paragraph above. I possess knowledge that shall be revealed to you later so my interpretation is based in part on fact.

A wrathful god is mentioned many times in the Old Testament. Surprisingly he is portrayed as a loving god in the New Testament. This plain contradiction has puzzled many people through the ages. I hope to explain this dichotomy here. Adam makes reference to two aeons, please keep this in mind. He then proceeds to say that Divine Knowledge is lost to Eve and himself. In the following sentence he states that ‘we recognized the god who had created us’. Wrathful god or loving god? For what reason did god become wrathful?

t.me/ufopediapdf

I put it to you that on recognizing the god who had created him Adam fatefully realized that he and his spouse had been duped. There is a movie called Prometheus that describes the genetic engineering of the human race. In fact the Sumerians went to great length to detail this process that occurred some 300,000 years ago. We were genetically altered by our ‘gods’. For full details please read Arrival of the Anunnaki by Gary G Margrove.

t.me/ufopediapdf

‘We became two aeons’ is an extremely important reference and forms the basis for all our problems and all that troubles us today. David Icke calls this the Schism. Far from being primitive savages members of the human race were highly advanced spritual beings for millions of years. I shall elaborate later. We lived then in the First aeon.

The god Adam references is Enlil, member of a giant alien species that originates from the Nibiru system. Both Adam and Eve were duped into believing members of this species are our gods (note Genesis refers to gods in the plural). This species the Sumerians called the Anunnaki. The serpent referenced in Genesis is the ‘god’ Adam discovers is not the One True Creator. Throughout history the Anunnaki have been referred to as reptiles, dragons or serpent beings. Serpent worship is the oldest form of worship on every continent.

t.me/ufopediapdf

Two processes occurred hundreds of thousands of years ago. Anunnaki geneticists tampered with the perfect DNA of spiritually advanced humans then they ‘cloaked’ our reality thus presenting an alternative reality (the Second aeon) that we still believe we exist in today.

Yes I am stating that all our senses are lying to us and we live in the Matrix. Investigate the latest scientific research. Alternatively as I have written extensively on this subject in other books I suggest you purchase them. Specifically **Mars Colony and Moon Bases** and **Prison Planet Earth**.]

t.me/ufopediapdf

The statements above are factual and scientists have currently proven them to be true. Our universe is a hologram.

History repeats itself. Currently our geneticists are creating Chimera (aided by the greys) – ask Francis Crick. Specifically in the USA the grey aliens experiment upon abducted humans in DULCE and other top secret bases. Their aim – to produce a hybrid human/alien species.

t.me/ufopediapdf

Physicists have proven that we live in a virtual construct. Our bodies (far from being solid) are biological computers taking part in a vast holograммatic experience. This is what Adam meant by the two aeons. The first is True Reality, the latter (our reality) a virtual horror created by the ‘gods’.

This was not the first time the Anunnaki had deceived the inhabitants of a planet. In fact they began with the outer planets, capturing the minds and (in many cases) souls of their inhabitants. The process is always the same. Arrive bearing ‘gifts’ of advanced technology then establish an artificial satellite in an orbit around the planet. This satellite emits a steady frequency that interferes with the harmonious planetary frequency. For example Phobos is a ‘death Star’ with a startling 2001esque monolith clearly visible on its surface. Remember the movie 2001:a Space Odyssey?

The planet Saturn displays a regular hexagon at its North pole. İt is

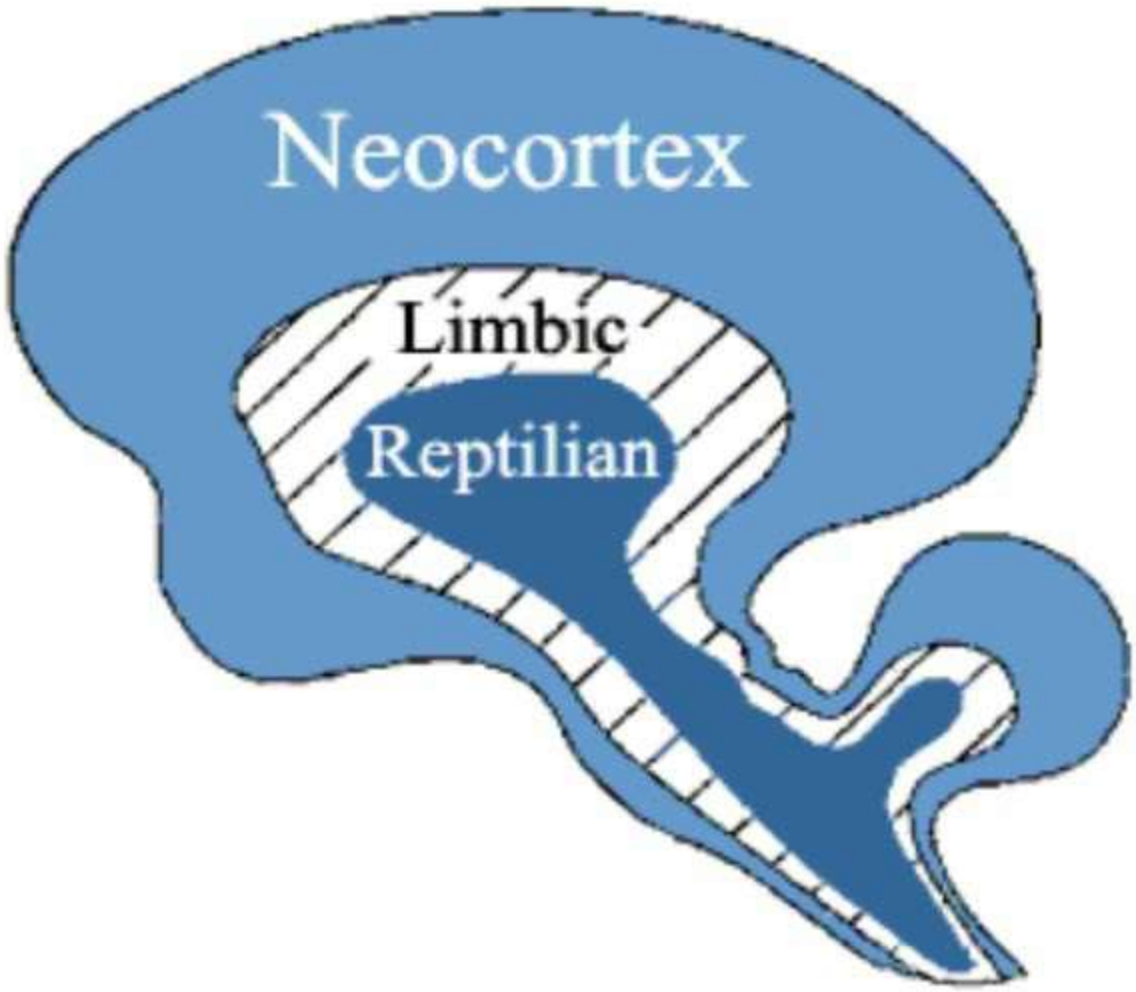
t.me/ufopediapdf

many miles deep and a perfect six sided figure. Unexplained energy rises from its core and an equally awe-inspiring energy travels back into the core of the planet. **It has been suggested by mainstream science that Saturn is a portal to another dimension.**

Why do you think so much money has been spent on perfecting the LHC at CERN, Switzerland? Technicians are desperate to create a stargate to other dimensions, thus mimicking Saturn.

[So the book of Genesis does contain some truth. Adam and Eve were denied Divine Knowledge by having much of their (we call it junk) DNA ‘switched off’. From that day to this mankind ‘served him in fear and slavery’. By introducing the hideous reptilian brain, initially to the people of East Africa, the Anunnaki ensured they gained mastery over the human race.]

t.me/ufopediapdf



Here is a copy of a short article from http://www.collective-evolution.com/2013/06/16/how-to-by-pass-your-reptilian-brain-and-restore-your-creative-power/

Consider: the vast majority of advertising campaigns, media content and political propaganda these days. They target the

t.me/ufopediapdf

reptilian response section of the brain in the masses, thus creating a de-evolution of a collectively manifested reality. Those who acquiesce to reptilian brain targetted triggers, perpetuate 'survival' mode for themselves and lose the innate gift we all hold to **co-create a life of unlimited abundance**.

You may find yourself asking 'why' Why is our current reality couched in low vibrational reptilian brain frequencies if the knowledge of the amazing creative power of the Limbic and Neo-Cortex sections of the brain is already out there? Well, had you heard about it until now? Were you taught this basic knowledge from Day 1 of your human experience here on Earth? Was it part of the imposed curriculum when you were attending school? Do we openly discuss this with our friends and family? Do we talk about this basic concept in mainstream media? No. We've been collectively oppressed to operate within the reptilian section of the brain.

t.me/ufopediapdf

Ask yourself about religious stories that depicted the reptilian brain influence and the importance of overcoming it in order to achieve highest vibration manifestation (love, abundance, etc.). Ask yourself about the reptilian statues and symbolism that are 'proudly' displayed on our government buildings. Ask yourself about military conflicts and the reptilian based authority that browbeats the masses into low frequency acquiescence and **perpetuation of such low frequency manifestations**. Consider which part of your brain is being triggered when you see an advertisement or a TV show or a news program**. Our current world is controlled by reptilian brain dominated authority.** It's in your face y'all!

t.me/ufopediapdf

Understand that as a human being, you are (well your brain is anyway) a hybrid of reptile, mammal and your true potential: creator. **Upgrade your mind frequency and functioning through constant detachment and discernment and you will change your life.**

For complete details of Divine Secrets, Cosmic Consciousness and just how you can escape the hologram we live in read my series of

t.me/ufopediapdf

books **The Glory of God.**

It is a conscious process that requires constant effort at first but it will become automatic over time. You must persistently re-program your neuronal pathways to utilize the full potential of your mind.

Understand the blessing of contrast that is provided by low vibrational manifestations (dark thoughts, negative emotions, dwelling on past issues) and those of love.

This contrast is not meant to drag you down into lower vibrational responses Rather it assists you to ignore the perceived duality we experience in everyday life.

Opposing religions, nations, gender, opinions, beliefs etc. By ignoring duality and embracing diversity you shall recover the high

t.me/ufopediapdf

vibrational frequencies: in tune with your life's bliss, your life's purpose. Just as important, whatever it is that you desire you begin to manifest into your life.

t.me/ufopediapdf

Nothing is ‘bad’ unless you believe it is bad, there is no wrong unless you decide it is wrong. A woman who cannot sleep because the local airfield is so busy experiences blissful sleep after she has bought shares in the company. Every time a plane lands or takes off kerching: money in her bank account.

Albert Einstein said: **“You cannot solve a problem from the same consciousness that created it. You must learn to see the world anew.”**

So we are barely into the history of humanity and already your mind is bubbling over with new concepts. Am I right?

I certainly do not expect you to simply believe me as you have believed parents, teachers and authority all your life. As the article above requests perhaps take a little time to think rather than a knee

t.me/ufopediapdf

jerk reaction of – what a load of hooey.

And I saw three men before me whose likeness I was unable to recognize, **since they were not the powers of the god who had created us**. They surpassed [...] glory, and [...] men [...] saying to me, "Arise, Adam, from the sleep of death, and hear about the aeon and the seed of that man to whom life has come, who came from you and from Eve, your wife."

When I had heard these words from the great men who were standing before me, then we sighed, I and Eve, in our heart(s). And the lord, the god who had created us, stood before us. He said to us, "Adam, why were you (both) sighing in your hearts? Do you not know that I am the god who created you? And I breathed into you a spirit of life as a living soul." **Then darkness came upon our eyes.**

t.me/ufopediapdf

[For a brief period of time advanced souls managed to ‘break the spell’ that ‘god’ had placed on Eve and Adam. They were able to remember the One True God. Some time later Adam’s creator god arrived and spotted that Eve and Adam had been released from their trance.

t.me/ufopediapdf

Instantly he placed them ‘back in the Matrix’. The name of this creator (genetic manipulator) of the ‘first couple’ is Enki. Together with another Anunnaki geneticist (Nintu) Enki tinkered with human DNA. On many occasions mutants and deformed beings were created (Titans and Cyclopes).

Nowadays some people have been unfortunate enough to capture deformed creatures on their cell phones. Skinwalkers, slender man, grotesque creatures from Montauk and so on are all experimental failures. Please investigate you tube videos featuring chimera caught on camera.]

Then the God who created us, created a son from himself and Eve, your mother. I knew sweet desire for your mother, for [...] in the thought of my [...] I knew a sweet desire for your mother. Then the vigor of our eternal knowledge was destroyed in us, and weakness pursued us. Therefore the days of our life became few.

t.me/ufopediapdf

For I knew that I had come under the authority of death.

[God had sex with Eve? Of course not. The Creator, who does not ever take physical form, can never be accused of being a fornicator. I put it to you that the god that Adam is speaking of here is a member of an alien species known to the Sumerians as the Anunnaki (referenced in the Gnostic scrolls as the Arcons).

t.me/ufopediapdf

His name is Enki (lord of Earth) ne Ea. He was notorious for being a sex maniac. Reputedly he had sexual intercourse with his niece (Inanna) and what is worse his own daughter and granddaughter. With Eve he produced the first ‘demigod’. We know this child as Cain (Ka-in).

I have spent a great deal of time in **Arrival of the Anunnaki** and other books detailing these facts. Briefly Cain murdered Abel because Cain wished to marry his own twin sister (a demigoddess) despite being promised Abel’s twin sister in marriage. Both Abel and his twin sister (fathered by Adam) were mere humans. Adam and Eve produced over 19 children]

[I also put it to you that the god mentioned throughout Genesis and beyond is one or another member of the family of Anu. In fact the original Genesis does indeed use the term Gods (plural). When the family of Adam and Eve were educated by (a son of Enki known as Ningizzida the Serpent) ‘god’ Enlil (Enki’s younger brother)

t.me/ufopediapdf

became wrathful. All this is explained in detail in **Arrival of the Anunnaki.**

Many years later Adam was presented with a chance for immortality when he was transported to 'heaven' (by an interstellar craft to the home planet of the Anunnaki). He blew it, thus succumbing to a mortal life – nevertheless he lived for a good few thousand years as we shall see later in the King's List]

t.me/ufopediapdf

We shall also see later in this book that humans originally did have lives that were pure and a lifespan of thousands of years. If this is difficult to believe then you won't believe that the skin colour of humans was originally blue. This reminds us of the film Avatar but in fact first appears in the ancient Sanskrit texts amid beautiful scenes of perfectly happy souls.

t.me/ufopediapdf

The Sanskrit texts also state that these souls were present on Earth for millions of years. Could they be the Elven race in folklore, brought to mind in the trilogy Lord of the Rings?

t.me/ufopediapdf

[Importantly I state from the outset that the god mentioned throughout the Old Testament is not the Creator (who never takes a physical form) but one or other member of a psychotic reptilian species, each measuring some 3-5 metres tall. They were easily identified by their enormous skulls. 200 of them are mentioned in the bible as the Fallen Angels. They raped human females and thus begat the mixed race Anunnaki/human hybrids known as demigods. Despite finding this difficult to believe you must research for yourself and continue to read this and my other books. For in this paragraph lies the most important truth ever. From around 450,000 years ago we were (and still are) enslaved by a reptilian race that insisted on forcing us to worship them. Since then much of what we have been taught is a tissue of lies.]

t.me/ufopediapdf

Now then, my son Seth, I will reveal to you the things which those men, whom I saw before me, at first revealed to me. Then as now **we were made as slaves**.

For rain-showers of god will be poured forth. In this manner **he**

t.me/ufopediapdf

might destroy all flesh from the earth on account of the things that it seeks after. All those from the seed of the men to whom passed the life of the knowledge which came from me and Eve, your mother shall perish. [Forewarning of the Great Flood some 430,000 years in the past]

[He might destroy all flesh from the Earth is more important to us today than ever. We have been given the Anunnaki capability of producing nuclear weapons. Our minds are currently like children's minds – we believe everything we are taught. The egomaniacal hybrid military leaders, government officials and international bankers are hell bent on ruining this beautiful planet and committing genocide. Whereas the Holocaust of the Second World War and the obliteration of Palestinians from their homeland is evil enough these entities wish for nothing less than the extermination of our species. They have built enormous underground bases (especially in the USA) ironically with tax payers' money and they shall be safe whilst we play with our new

t.me/ufopediapdf

toys. These hybrids provoke governments in Russia, China and Iran to initiate a nuclear holocaust. After cessation this planet will be ‘fit for reptiles to live in’]

For they were strangers to him. Afterwards, great angels will come on high clouds, who will bring those men into the place where the spirit of life dwells just as **once we came from heaven to earth**. As the water passes over the Earth then the whole multitude of flesh will be left behind in the waters.

[Adam states that mankind originated in Heaven]

Then God will rest from his wrath. And he will cast his power upon the waters, and he will give power to Noah’s sons and their wives by means of the ark along with the animals, whichever he pleased, and the birds of heaven, which he called and released upon the earth.

t.me/ufopediapdf

And God will say to Noah - whom the generations will call 'Deucalion' - "Behold, I have protected you in the ark, along with your wife and your sons and their wives and their animals and the birds of heaven, which **you called and released upon the earth**. Therefore I will give the earth to you - you and your sons. In kingly fashion you will rule over it - you and your sons. And **no**

t.me/ufopediapdf

seed will come from you of the men who will not stand in my presence in another glory."

[Enlil in particular but all the Anunnaki state that the only important humans were and shall be the 'demigods' – Annunaki/human hybrids. They were and are our monarchs and they are also the elite bankers, politicians and leaders in the military. They are 33 degree Freemasons and members of the Bilderberg Group. This situation has worsened recently with the addition to the Anunnaki fold of celebrated performers such as Beyonce and Madonna as well as many established Hollywood Stars. They have literally sold their souls. Read my book **They Sold Their Souls to the Devil**]

Then they will become as the cloud of the great light. Those men will come who have been cast forth from the knowledge of the great aeons and the angels. They will stand before Noah and the aeons. Then god will say to Noah, "Why have you departed from

t.me/ufopediapdf

what I told you? You have created another generation so that you might scorn my power." Then Noah will say, "I shall testify before your might that **the generation of these men did not come from me nor from my sons.**

[There is reference to other males who seemingly survived the Great Flood quite unrelated to Noah. Of course this makes more sense than the entire world's population being wiped out by a series of Tsunami. According to fantastic computer simulations of ancient times between 15,000 BC and 6,000 BC there were perhaps four occasions when rapid melting of ice caps rapidly raised sea levels which prompted earthquakes and volcanic activity. One such episode heralded the demise of the mighty Minoan Empire in the Mediterranean. There is evidence to prove that the continents of Lemuria and Atlantis were destroyed in like manner. The former perhaps 15,000 BC, the latter perhaps 10,500 BC.

Please read my book **Continent of Atlantis.**

t.me/ufopediapdf

The Old Testament is not concerned with those ‘who did not come from me nor my sons’ for one extremely important reason: these people had no Anunnaki blood in them and therefore were not yet slaves of the gods. On the other hand Noah and all his descendents possessed a reptilian hindbrain that not only made them malleable but prone to cruel intentions and overwhelming self preservation.]

t.me/ufopediapdf

And he will [...] those men and bring them into their proper land, and build them a holy dwelling place. And they will be called by that name and dwell there six hundred years in a knowledge of imperishability. **And the angels of the great Light will dwell with them. No foul deed will dwell in their heart, but only the knowledge of god.**

t.me/ufopediapdf

[Ironically this latter sentence is the obverse of the Truth. Enlil ensures that Anunnaki (over three metres tall with large conical heads) will ‘dwell with them’. They are certainly not angels. The ‘knowledge of god’ is that taught to humans by the Anunnaki. We are your gods, obey us, you are our slaves. Nowhere was this more apparent than in ancient Egypt where mankind was permanently put to work constructing great edifices proclaiming the worship and grandeur of their gods. The original Pharaohs were Anunnaki – note their great conical heads:

t.me/ufopediapdf

Perhaps you are beginning to get a picture that is slightly at odds with the accepted dogma taught in school and beyond. As I said before I do not expect you to suddenly accept all that I have to say

t.me/ufopediapdf

in this and my other books. What is known is that (thanks to Archaeology in the past two hundred years) some pretty amazing civilizations existed roughly between 4000 BC and 1000 BC. After that the pyramid building, stone calendar construction and duplication of rams and Pharoahs in stone ceased. This is because the Anunnaki left our planet en masse ca 1054 BC - after they had exchanged nuclear weapons in the Middle East.

One evil member of this reptilian race remained to rule our planet. His name is Marduk or Molluch. He was also known as Zeus. He is the eldest son of Enki. He created Babylon and the Roman Empire and persuaded Alexander to invade Persia and beyond. He was responsible for the fragmentation of the Egyptian empire on several occasions and the nuclear holocaust that wiped out Sodom, Sumeria and Akkadia.

Marduk is behind all that is evil today, pulling the strings of politics and war. Whereas once he led troops into battle,

t.me/ufopediapdf

discharging laser beams at the enemy now he dwells inside the Earth, under the United States of America. He commands an army of grey aliens and has taught our leaders how to summon demons from other dimensions.

Then Noah will divide the whole earth among his sons, Ham and Japheth and Shem. He will say to them, "My sons, listen to my words. Behold, I have divided the earth among you. **But serve him in fear and slavery all the days of your life.** Let not your seed depart from the face of god [...] I and your [...] son of Noah, "My seed will be pleasing before you and before your power. Seal it by your strong hand, with fear and commandment, **so that the whole seed which came forth from me may not be inclined away from you and god but it will serve in humility and fear of its knowledge."**

Then fire and sulphur and asphalt will be cast upon those men, and fire and blinding mist will come over those aeons and the eyes of the powers of the illuminators will be darkened. The irony in biblical testament is that we are led to believe they are Sodomites – a term deliberately derived from the name of their great State, nowadays meaning those who have anal intercourse. Anal intercourse is currently practiced on youngsters as young as three years old by members of a highly organised worldwide paedophile ring.

Members of police forces, politicians, judges, the media, teachers and doctors are statistically far more likely to be paedophiles than blue collar workers. Bush Senior, Edward Heath, Jimmy Saville, Cyril Smith, Prince Phillip, Walt Disney are just a few of the famous who have anal intercourse with children]

Abrasax and Sablo and Gamaliel will descend and bring those men out of the fire and the wrath, and take them above the aeons and the rulers of the powers, and take them away.

[...] of life [...] and take them away [...] aeons [...] dwelling place of the great [...] there, with the holy angels and the aeons. The men will be like those angels, for they are not strangers to them. But they work in the imperishable seed.

t.me/ufopediapdf

[Abrasax is Anu, father of the Anunnaki - "the power above all, and First Principle," "the cause and first archetype" of all things. He is called "the Unbegotten Father" - the progenitor of angels. The angels create the 365 heavens. The lowest denomination of angels created what we perceive as the physical world. Have you seen the movie The Truman Show? Wouldn't it be cool if what we perceive is just a projected image from a highly sophisticated universal 'tv studio'. 365 heavens and 365 days in the year.

Anu was the greatest Archon, the Principle of the 365 spheres. The seven letters of Abrasax may represent the sun, Moon, Mercury, Venus, Mars, Jupiter, and Saturn. Note Earth is not present here.

Abrasax may be further investigated in the Gnostic texts such as the Holy Book of the Great Invisible Spirit. Abrasax is said to be the all important god, elevated above the **Christian God and Devil. Whereas the Christian God and the Devil represent**

t.me/ufopediapdf

duality Abrasax combines all opposites into one being. Sablo is the destroyer – the angel of punishment. Gamaliel is the law giver.]

[It is quite clear to me that the Anunnaki took Truth and manipulated it to deceive gullible and unfortunate humans at a time when a dreadful natural cataclysm occurred. Please remember there have been a number of Ice Ages over hundreds of thousands of of years. For those inhabiting a body the rapid drop in temperature at specific locales around the planet would decimate entire populations, leaving those that survived barely able to exist. What if we experienced dramatic cooling of the planet today?

Machines shall seize up, facilities cease to function, computers and cars become useless, transmission and communication rapidly fail. With the failure of heating in homes survivors of the earthquakes, tsunami and massive volcanic activity would take to the caves – especially on higher ground. As I write this the volcano in Iceland

t.me/ufopediapdf

is grumbling once again.

Research for yourself the deadly effects of global disasters and rapid cooling. I am convinced that the evidence of ‘cave men’ is quite real but misinterpreted by scholars. I believe they were survivors of dramatic Earth changes in the past. Perhaps there were many occasions in the past when highly advanced spiritual beings were forced to ‘start over’. Of course we would see no evidence of their incredible civilizations. After all this is not the film Planet of the Apes – is it?

t.me/ufopediapdf

On such occasions the Anunnaki would swoop down from their home planet, ‘lovingly’ help humanity to regain its lost knowledge – in exchange for worship and the enslavement of the human race. Beware Anunnaki bearing gifts I also believe that rebellions have occurred in the past when humans remembered that they are spiritual beings and successfully shook off the shackles. We shall do this again soon]

t.me/ufopediapdf

Once again, for the third time, the illuminator of knowledge will pass by in great glory, in order to leave (something) of the seed of Noah and the sons of Ham and Japheth - to leave for himself fruit-

bearing trees.

And **he will perform signs and wonders in order to scorn the powers and their ruler.**

[Ominously sounds like the Antichrist]

Then the god of the powers will be disturbed, saying, "What is the power of this man who is higher than we?" **Then he will arouse a great wrath against that man. And the glory will withdraw and dwell in holy houses which it has chosen for itself. And the powers will not see it with their eyes, nor will they see the illuminator either. Then they will punish the flesh of the man upon whom the holy spirit came.**

[Why on Earth would god wish to punish all those upon whom the Holy Spirit came? Since the Anunnaki have gained power over our planet they have deliberately hidden Real Knowledge from all but

t.me/ufopediapdf

a chosen few. These few were trained as Priests, Viziers and latterly Jesuit Priests and thirty three degree Freemasons. Some of these guys possess Arcane Knowledge undreamt of by common folk. They are able to summon demons from other dimensions and place a veil of illusion over the entire population. In order to summon a demon a child sacrifice must be made. This was not only a practice of the Aztecs but is faithfully upheld nowadays. When Benjamin Franklin's London home underwent repairs recently several skeletons of babies and young children were discovered. All had been ritually murdered. Aforementioned paedophiles also practice demonic sacrificial rites]

t.me/ufopediapdf

Then the angels and all the generations of the powers will ask "Where did the error come from?"

Now the first kingdom says of him that he came from [...]. A spirit [...] to heaven. He was nourished in the heavens. He received the glory of that one and the power. He came to the bosom of his mother. And thus he came to the water.

t.me/ufopediapdf

And the second kingdom says about him that he came from a great prophet. And a bird came, took the child who was born, and brought him onto a high mountain. And he was nourished by the bird of heaven. An angel came forth there. He said to him "Arise! God has given glory to you." He received glory and strength. And thus he came to the water.

The third kingdom says of him that he came from a virgin womb. He was cast out of his city, he and his mother. He was brought to a desert place. He was nourished there. He came and received glory and strength. And thus he came to the water.

The fourth kingdom says of him that he came from a virgin. [...] Solomon sought her, he and Phersalo and Sauel and his armies, which had been sent out. Solomon himself sent his army of demons to seek out the virgin. And they did not find the one whom they sought, but the virgin who was given them. It was she

t.me/ufopediapdf

whom they fetched. Solomon took her. The virgin became pregnant and gave birth to the child there. She nourished him on a border of the desert. When he had been nourished, he received glory and power from the seed from which he was begotten. And thus he came to the water.

And the fifth kingdom says of him that he came from a drop from heaven. He was thrown into the sea. The abyss received him, gave

t.me/ufopediapdf

birth to him, and brought him to heaven. He received glory and power. And thus he came to the water.

And the sixth kingdom says that [...] down to the aeon which is below, in order to gather flowers. She became pregnant from the desire of the flowers. She gave birth to him in that place. The angels of the flower garden nourished him. He received glory there, and power. And thus he came to the water.

[All the above simply tells us that confusion reigned especially after the fall of Babel when the 'tongues were confused'. Each 'kingdom' is further obfuscation of the Truth]

And the seventh kingdom says of him that he is a drop. It came from heaven to earth. **Dragons brought him down to caves**. He became a child. A spirit came upon him and brought him on high to the place where the drop had come forth. He received glory and power there. And thus he came to the water.

t.me/ufopediapdf

[Reference to dragon, serpent or snake is most often a synonym for the Anunnaki who ruled over large parts of the world until ca 1054 BC. t.me/ufopediapdf

t.me/ufopediapdf

And the eighth kingdom says of him that a cloud came upon the earth and enveloped a rock. He came from it. The angels who were above the cloud nourished him. He received glory and power there. And thus he came to the water.

And the ninth kingdom says of him that from the nine Muses one separated away. She came to a high mountain and spent (some) time seated there, so that she desired herself alone in order to become androgynous. She fulfilled her desire and became pregnant from her desire. He was born. The angels who were over the desire nourished him. And he received glory there, and power. And thus he came to the water.

The tenth kingdom says of him that his god loved a cloud of desire. He begot him in his hand and cast upon the cloud above him (some) of the drop, and he was born. He received glory and power there. And thus he came to the water.

t.me/ufopediapdf

And the eleventh kingdom says that the father desired his own daughter. She herself became pregnant from her father. She cast [...] tomb out in the desert. The angel nourished him there. And thus he came to the water.

The twelfth kingdom says of him that he came from two illuminators. He was nourished there. He received glory and power. And thus he came to the water.

And the thirteenth kingdom says of him that every birth of their ruler is a word. And this word received a mandate there. He received glory and power. And thus he came to the water, in order that the desire of those powers might be satisfied.

But the generation without a king over it says that God chose him from all the aeons. **He caused a knowledge of the undefiled one of truth to come to be in him**. He said, "Out of a foreign air, from a great aeon, the great illuminator came forth. **And he made the**

generation of those men whom he had chosen for himself shine, so that they could shine upon the whole aeon"

[These are ascended masters, prophets, saints and so on]

Then the seed, **those who will receive his name upon the water** and (that) of them all, will **fight against the power.** And a cloud of darkness will come upon them.

Then the peoples will cry out with a great voice, saying, **"Blessed is the soul of those men because they have known God with a knowledge of the truth! They shall live forever, because they have not been corrupted by their desire, along with the angels, nor have they accomplished the works of the powers, but they have stood in his presence in a knowledge of God like light that has come forth from fire and blood.**

"But **we have committed every deed of the powers senselessly.**

We have boasted in the transgression of all our works. We have cried against the God of truth because all his works [...] is eternal. These are against our spirits. For now we have known that our souls will die the death."

You are full of works that are not of the truth, but your ways are full of joy and rejoicing. Having defiled the water of life, you have drawn it within the will of the powers to whom you have been given to serve them.

"And your thought is not like that of those men whom you

Water.

To unravel the mysterious origins of the human race we must travel as far back as we are able, even to the beginnings of mankind's first footprints on planet Earth.

How Old is the Human Race?

In school we are taught that humans (as homo sapien sapiens) have been present on planet Earth for perhaps half a million years. Millions of years before humans were conceived dinosaurs walked the Earth. Luckily for us they were wiped out by an extremely nasty comet perhaps sixty five million years ago. Therefore it would be impossible for a human to have any contact with a dinosaur. Correct?

A series of 14 human footprints with at least 134 dinosaur tracks

t.me/ufopediapdf

has been discovered in the bed of the Paluxy River, near Glen Rose, Texas. Anthropologists are scratching their heads as of course humans and dinosaurs did not coexist. Or did they?

When the dinosaurs had ceased to exist (all dinosaurs, all at once, all around the world) there would be scant reason to take to the air

t.me/ufopediapdf

to escape them. Then why didn't birds lose their wings and develop fingers, all the better to eat their KFC. After all we developed fingers whilst we were losing our pesky tails.

Much later clever 'apes' accidentally discovered the use of fire and that is why we have an abundance of internationally renowned chefs.

Darwinism is flawed in so many ways, not least in that anthropologists tend to ignore evidence that does not 'fit' with accepted dogma. The evidence in the photograph above at least bears further research yet mainstream science and anthropologists have ignored it totally.

t.me/ufopediapdf

How long have humans been on planet Earth? How could an ancient ‘ape man’ sculpt the frieze above if he (or she) had never seen a Stegasaurus?

“At the beginning of spring, winged serpents fly from Arabia to Egypt. The Ibis meet them at the pass, the ibis then kill these

t.me/ufopediapdf

serpents”

The ibis is described as "all over a deep black, it has the legs of a crane, its beak is much curved. It is about the size of the crex.

There are five main species of ibis birds currently breeding in Africa. Meinertzhagen believes this particular one to be the Hermit ibis (Comatibis eremita) often called the Crested Ibis by Egyptologists.

(cited by Lloyd.

Unlike the other Ibis species, the Comatibis does not inhabit watery places, but rocky and desolate mountain ranges, where it feeds on insects, snails and reptiles. The description that Herodotus gives is of the sacred ibis (Ibis aethiopica or, popularly, the Black Ibis) and is highly accurate (Lloyd, [22]).

t.me/ufopediapdf

This bird is rarely found in Egypt since 1800 A.D, but is still common in the Sudan. When describing Arabia, Herodotus says "winged serpents, small in size, and various in form, guard the trees that bear frankincense. These are the same serpents that invade Egypt". Weidemann and Keller have suggested that perhaps Herodotus heard of the Draco volans and that his flying serpent description can be interpreted to match that animal (cited by Lloyd, [22]).

I live in Bristol RI and I saw a pterodactyl the second week of October 3 years ago. I was on the deck of my house at about 10:00 having a cigarette. I heard a sound coming from my right hand side, and I looked up. It was a pterodactyl. I got a good look at it. There is a row of cedar trees along my back yard, about 20 feet high. He or she flew above these trees circled my house, and kept circling the house. By the 6th time I was scared. I went to get my husband that was asleep and he waited with me outside for a few

t.me/ufopediapdf

minutes, and we didn't see it, nor did he believe me. I have read about other descriptions of these things, but there is one thing I find to be different. This one has small legs underneath that didn't seem to be in proportion to the rest of the body. My guess to the width of it to be about 15 feet.

Many years ago around 1977 I was standing on the front porch of my mom's house. I heard a loud swooshing sound and I looked up. It was around 8:OO in the morning and a crystal clear day. The sun was to the east of me and I was facing south. I looked up and flying directly over me was a huge pterodactyl. My oldest son who was around 4 at the time saw it also. It was such a clear beautiful day and it was an awesome sight.

I live in the Mojave Desert and there was absolutely nothing obstructing my view. I called for my mom to come out but by the time that she got there it was too far away for her to make it out. Of course everyone thought that I'd lost my mind and certainly no

t.me/ufopediapdf

one believed me. It was a tannish color and had wings like a bat.

I would say that it's wing span was approximately 14 feet. It was flying (at a guess) about as high as 1 1/2 telephone poles. It was quite large. The thing that puzzled me was after seeing pictures in books, these birds don't seem to have a tail but this one had what appeared to be a long bony type tail behind it. Around 10 years later I heard a story of someone being on the El Mirage dry lake and seeing the same thing.

I shall not name all the ancient sites, the preponderance of pyramids and stone calendars on every continent or the plethora of out of place artifacts now buried in museum vaults. Other authors have written extensively on this subject. Please read Forbidden Archaeology.

We cannot possibly ignore the mountain of evidence that proves that intelligent, highly advanced humans have lived on Earth for

t.me/ufopediapdf

many hundreds of thousands of years (at least).

Written records were made by the ancient Egyptians and also in Sumer (now Iraq). These inscriptions on stone clay tablets arose from a spoken language that must have evolved at least hundreds of years before that. Then there is written testimony to a Great Flood that occurred perhaps 12,000 years ago. The earliest record of the Great Flood was written by Sumerians – their flood hero was named Ubara Tutu (biblical Noah).

If civilization existed before the Great Flood was it (as anthropologists and archaeologists would have us believe) populated by primitive stone-tool wielding ape men? Why then did the Sumerians produce a kings list that stated matter of factly that ten kings ruled before the Great Flood? These kings ruled altogether for at least 250,000 years.

t.me/ufopediapdf

Ruler	Epithet	Length of reign	Approx. dates	Comments
"After the kingship descended from heaven, the kingship was in Eridug. In Eridug, Alulim became king; he ruled for 28800 years."				
Alulim		8 sars (28,800 years)	Between 35th and30th century BC	
Alalngar		10 sars (36,000 years)		
"Then Eridug fell and the kingship was taken to Bad-tibira."				
En-men-lu-ana		12 sars (43,200 years)		
En-men-gal-ana		8 sars (28,800 years)		
Dumuzid, the Shepherd	*"the shepherd"*	10 sars (36,000 years)		
"Then Bad-tibira fell and the kingship was taken to Larag."				
En-sipad-zid-ana		8 sars (28,800 years)		
"Then Larag fell and the kingship was taken to Zimbir."				
En-men-dur-ana		5 sars and 5 ners (21,000 years)		
"Then Zimbir fell and the kingship was taken to Shuruppag."				
Ubara-Tutu		5 sars and 1 ner (18,600 years)		
"Then the flood swept over." Excavations in Iraq have revealed evidence of localized flooding at Shuruppak (modern Tell Fara, Iraq) and various other Sumerian cities. A layer of riverine sediments, radiocarbon dated to ca. 2900 BC, interrupts the continuity of settlement, extending as far north as the city of Kish. Polychrome pottery from the Jemdet Nasr period (3000-2900 BC) was discovered immediately below the Shuruppak flood stratum.[19]				

If the kings list is true (why would the Sumerians fabricate this?) then mankind has lived as a civilized society for almost a third of a million years.

t.me/ufopediapdf

Incidentally the first king, Alulim, was the ‘father of mankind’ (we know him as Adam). He ruled with his spouse Hevva (Eve). The last king before the Great Flood was no other than Noah himself. Details are in my book **Arrival of the Anunnaki.**

Pausing here for a moment. I am stating that according to the first recorded civilization Sumeria (modern day Iraq) there were ten rulers that each boasted incredibly long life spans.

They ruled for almost a third of a million years before the Great Flood (ca 10,500 BC). The Flood Epic has been documented by ancient civilizations throught the planet.

Africa abounds with the Flood Legend. The Maasai myth is as follows:

Once upon a time the rivers began to flood. Then god told two

t.me/ufopediapdf

people to get into a ship. He told them to take lots of seed and to take lots of animals. The water of the flood eventually covered the mountains. Finally the flood stopped. Then one of the men, wanting to know if the water had dried up let a dove loose. The dove returned. Later he let loose a hawk which did not return. Then the men left the boat and took the animals and the seeds with them.

From the Indian sub continent the legend first appears in Shatapatha Brahmana (700–300 BCE), and later in Matsya Purana (250–500 CE). Matsya (the incarnation of a deity) forewarns Manu (a human) about an impending catastrophic flood and orders him to collect all the grains of the world in a boat; in some forms of the story, all living creatures are also to be preserved in the boat.

When the flood destroys the world, Manu – in some versions

t.me/ufopediapdf

accompanied by the seven great sages – survives by boarding the ark, which Matsya pulls to safety. I could continue but please accept that every country in the world has its own Flood Myth. I suggest that not all Great Floods occurred at the same time but over a period fromca 15,000 BC t oca 6000 BC as we shall see later.

The Mesopotamian kings before the Great Floods ruled successively for an incredible period of time. Why is there no mention of this in our history books?

Science Fact

For many years it was widely accepted that our solar system contained nine planets. When Pluto exhibited erratic behaviour cosmologists preferred to downgrade it rather than have ‘future egg on their faces’. Pluto is in fact a satellite of another Star that is

t.me/ufopediapdf

the twin of our sun

This Star has been called Planet X, Wormwood and Nibiru. Once again if you are unfamiliar with these names read **Arrival of the Anunnaki.**

Suffice it to say astrophysicists have proven there is a second Star that is our sun's twin. Of course the two Stars cannot be close to each other. We would need Factor 1000000 suntan.

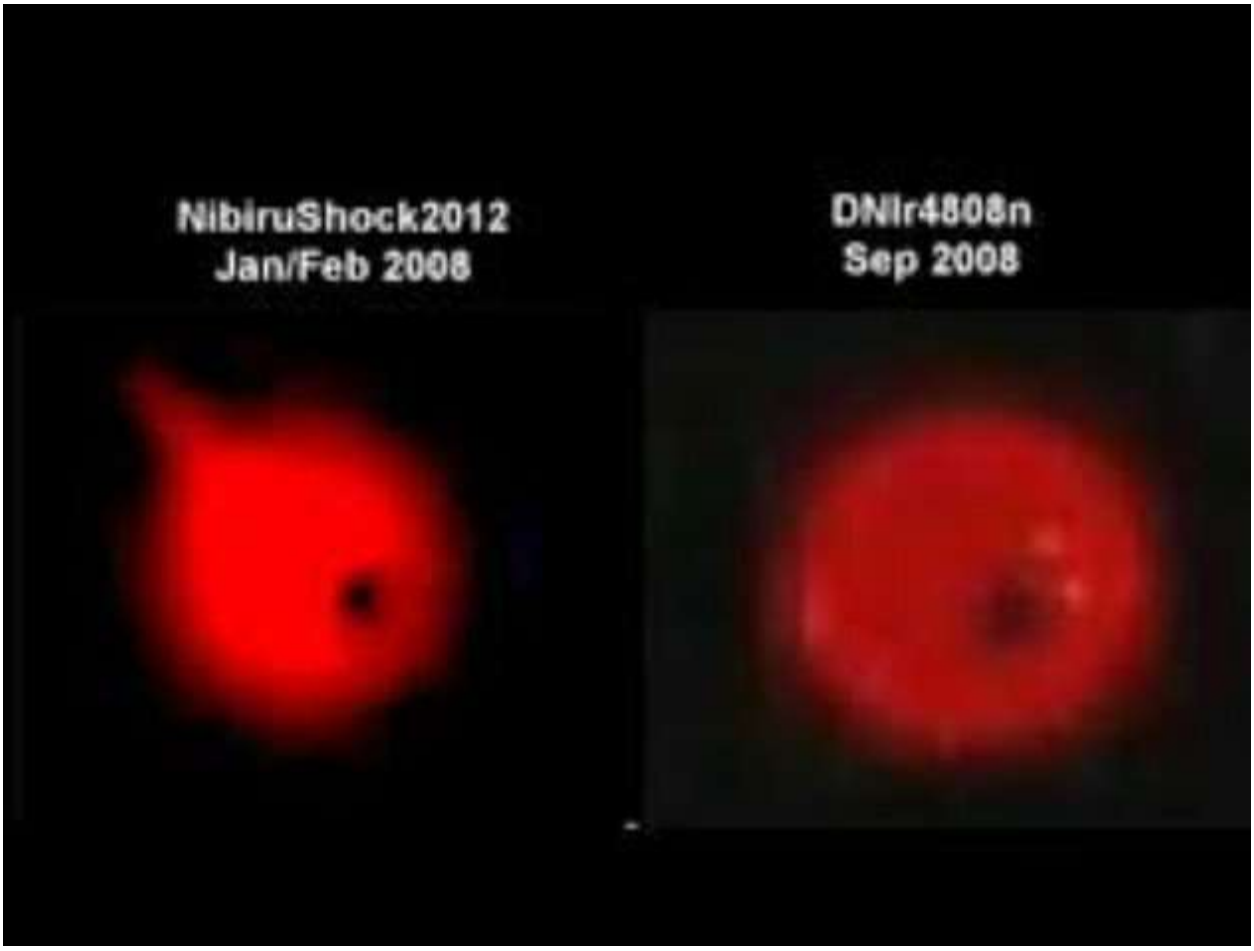
The two Stars orbit in a figure of eight pattern (serpent-like). Every 3600 years or so they reach their perigee (closest distance to each other).

Quote from space.com, August 26th 2013:

t.me/ufopediapdf

“Nemesis (Nibiru) is a theoretical dwarf Star thought to be a companion to our sun. The theory was postulated to explain a perceived cycle of mass extinctions in Earth's history.

Scientists speculated that such a Star could affect the orbit of objects in the far outer solar system, sending them on a collision course with Earth”.



t.me/ufopediapdf

Nibiru, Nemesis, Planet X, Wormwood is thought to be a brown dwarf. It is the sun's companion. There is strong evidence to show that when the two Stars approach each other it may spell trouble for our planet. Anyone remember the Great Flood?

When the twin Stars approach each other a cosmic cataclysm is extremely probable. The gravitational pull of two Stars in our solar system is sufficient to affect the orbits of the planets. But we don't care about the other planets, only Earth.

"We want to know where we were born. If we can figure out in what part of the galaxy the sun formed, we can constrain conditions on the early solar system. That could help us understand why we are here," said Ivan Ramirez of The University of Texas.

t.me/ufopediapdf

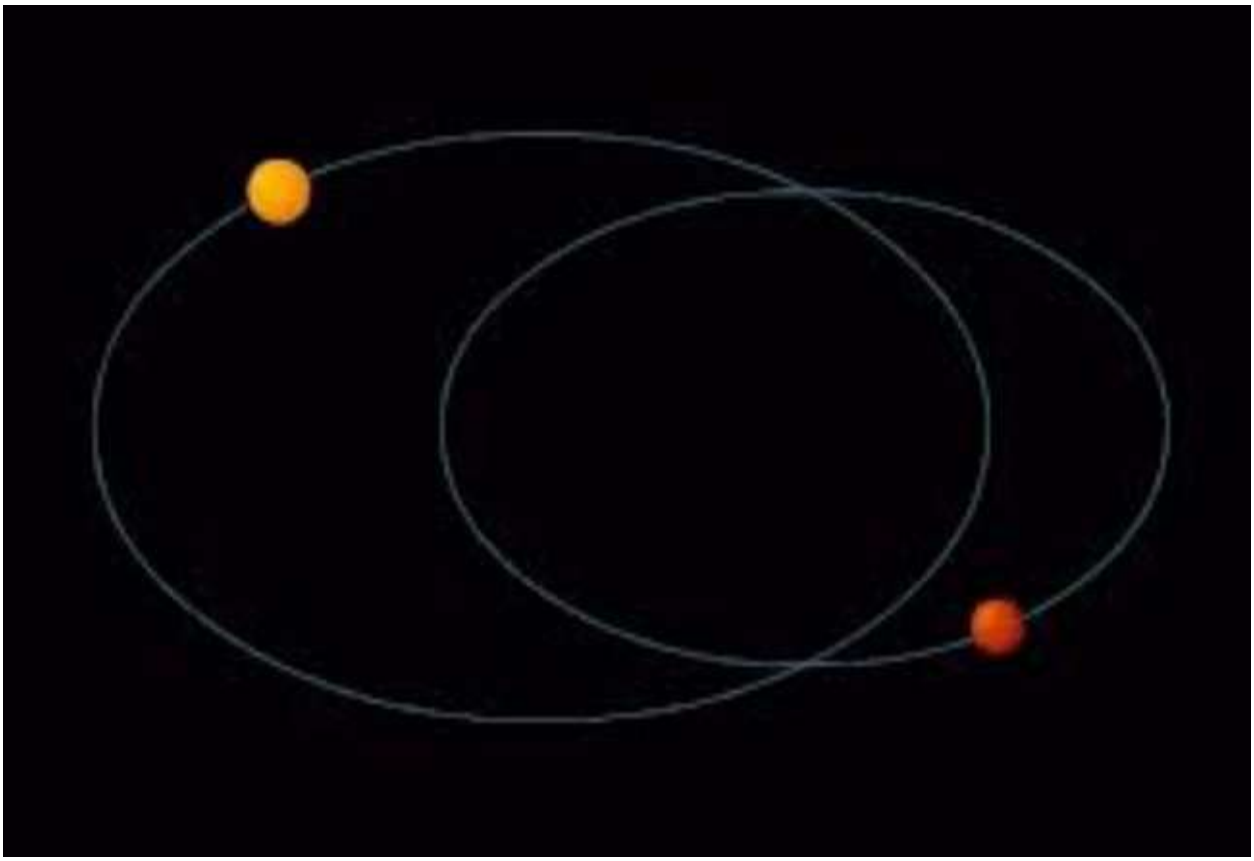
2500 light years from Earth are three planets orbiting a brown dwarf. This Star is almost identical to our sun and is approximately the same age. Visit Daily Mail Science page.

One planet is a third of the mass of Jupiter and as it orbits its sun every 7 days it is so hot it appears to glow red with ‘fiery wings’. This symbol is found in ancient archaelogical sites:

t.me/ufopediapdf

Nibiru is thought to return to our solar system every 3600 years. If this brown dwarf and its planetary system are indeed Nibiru then the time period is approximately correct.

t.me/ufopediapdf



Our sun and Nibiru orbit in a figure of eight around each other, much like a serpent.

The Nibiru system was first spotted by observatories in space then was seen by the naked eye by people living in the Southern Hemisphere. Scientists working in Antarctica regularly take a video stream of the rising of two suns daily. Below is a quote from

t.me/ufopediapdf

http://thewatchers.adorraeli.com/2011/03/06/the-scientists-are-puzzled-with-two-sun-phenomena/

Scientists are reportedly struggling to find an explanation for the appearance of two suns in the sky viewed in China a couple of days ago. Another atmospheric scientist at the University of Wisconsin Co-operative Institute for Satellite and Meteorological Studies (Grant Perry) also expressed surprise and confusion, saying

“It would require certain very peculiar conditions indeed for particles in the air to refract the sunlight in such a way as to make the image appear as it does.”

t.me/ufopediapdf

t.me/ufopediapdf

The Times of India writes on this subject:

"Don't believe in such emails that say that another bright star called 'Aderoid' will come as close as 34 million miles from Earth," said senior scientist and astronomer from Tata Institute of Fundamental

t.me/ufopediapdf

Research, Professor Pankaj Joshi. He explained that since our very own sun is 93 million miles away from Earth, there is no way for another Star to come even closer to us at a distance of 34 million miles.

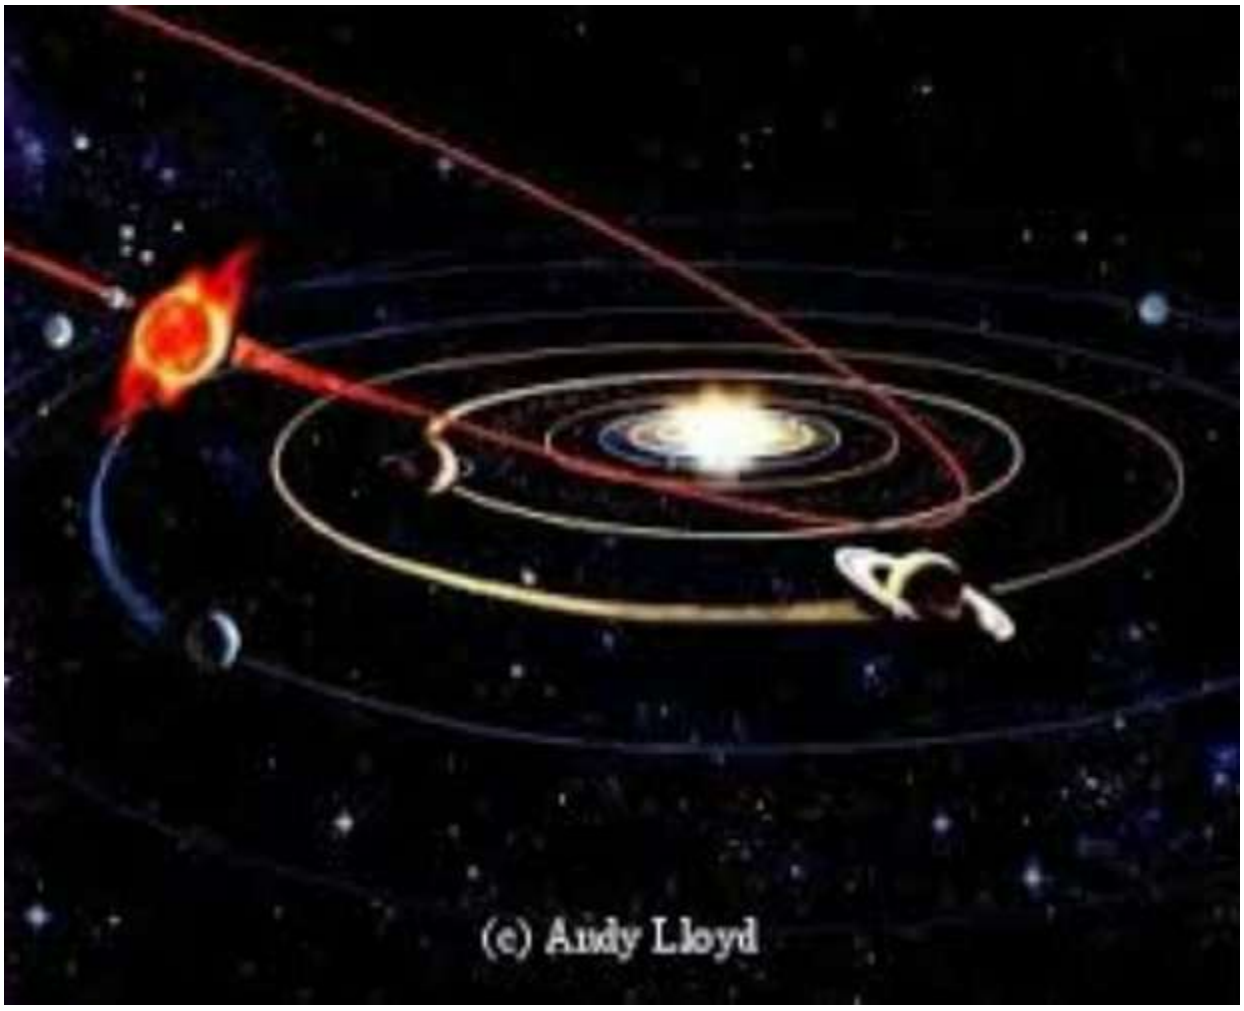
"There is no Star called Aderoid close to our solar system. And the nearest Star, other than the sun, is over 4 light years away from us," said Prof Joshi. The false Internet news about the two suns has also circulated a fabricated image depicting the "rare image about the two suns shining in the sky". It also states that such a rare phenomenon will occur again in the year 2287. Other scientists completely contradict the statements above.

Astronomers have used ESO's HARPS planet hunter in Chile, along with other telescopes around the world, to discover three planets orbiting a Star in the cluster Messier 67. Pictured below is an artist's impression of a planet with a sun like our own.

t.me/ufopediapdf

This Star is the first ever found that was created in the same "birth cluster" as our sun.

t.me/ufopediapdf



The chemical composition of this system is largely silicon, aluminium, magnesium and calcium. The elements and ratios are indeed similar to those found in our planet. Therefore, astronomers believe that one of the planets may be capable of supporting life.

t.me/ufopediapdf

Nibiru returns periodically dragging planets, satellites and space debris in its wake. It has brought devastation to our system on many occasions. One such occasion was recorded as the Great Flood. Others may have signalled the demise of Lemuris and Atlantis. See my other books. The reason astronomers are so worried about the increased frequency of comets recently is

t.me/ufopediapdf

because they know the sun’s twin Star has returned to our solar system.

As long ago as 1846 astronomers spotted Uranus behaving erratically. Uranus is unusual in that its spin axis is inclined by 98 degrees compared to its orbital plane around the Sun. This is far more pronounced than other planets, such as Jupiter (3 degrees), Earth (23 degrees), or Saturn and Neptune (29 degrees). Uranus is, in effect, spinning on its side. Pluto has an erratic orbit that takes it around and between Neptune and Uranus.

July 2013, a report stated:

Neptune has a new moon, and its existence is an enigma. The object, known for now as S/2004 N1, is the first Neptunian moon to be found in a decade. Its diminutive size raises questions as to how it survived the chaos thought to have created the giant planet's

t.me/ufopediapdf

other moons.

Uranus's highly tilted axis makes it something of an oddball in our Solar System. The accepted wisdom is that Uranus was knocked on its side by a single large impact, but new research revises our theories of how Uranus became so tilted and also solves fresh mysteries about the position and orbits of its moons.

By using simulations of planetary formation and collisions, it appears that early in its life Uranus experienced a succession of small punches instead of a single knock-out blow. This research has important ramifications on our theories of giant planet formation.

t.me/ufopediapdf

Most of the planets in our solar system spin on their respective axes "counterclockwise." But Venus and Uranus spin "clockwise" (if viewed from above Earth's North Pole, down onto the plane). Uranus is tipped at 90 degrees, spinning contrary to all of the other planets. Pluto is also tipped over, with an orbit that is mostly outside of the plane used by the other bodies orbiting the sun.

t.me/ufopediapdf

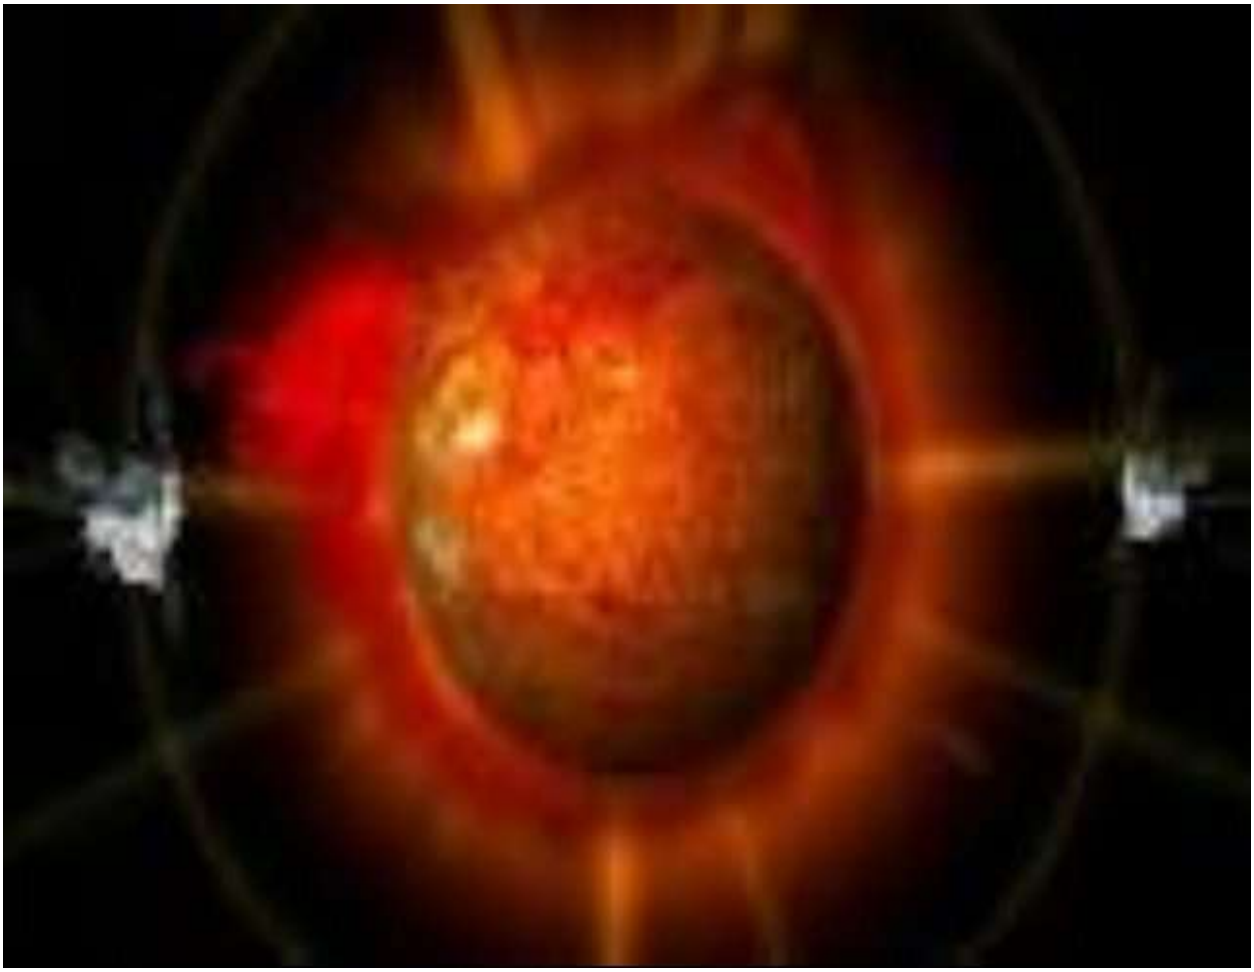
Do we not find these facts strange? Please do investigate.

My hypothesis is that our planet is the remnant of a far bigger planet (Tiamat) from a collision perhaps 4 billion years ago. The Pacific Ocean is testament to this as it appears as a yawning hole on one side of Earth where the remainder of Tiamat should be.

Microscopic lifeforms were most probably brought to Tiamat/ Earth during the collision with not one but seven heavenly bodies. Now we have a reason for why there are a myriad lifeforms on Earth. One planet is provided with a finite number of elements yet collectively a group of heavenly bodies would certainly contain a much greater variety of elements.

t.me/ufopediapdf

Our planet was blessed with seven times the average number of elements granted to one planet This ‘bath’ of chemicals churning in super heated oceans goes a long way to support scientist’s origin of life on Earth. In particular it answers the question “why is there so much diverse life on our planet?”



t.me/ufopediapdf

If the observations are accurate Nibiru may pass closest to Earth in 2045. Once again the planet shall experience massive upheavals that may indeed roll the Earth upside down. We already experience the ‘early rumblings’ in the form of increased Earthquake and volcanic activity and the recent Tsunami.

Now we have an alternative explanation for our planet’s origins is there an alternative to the biblical story of the Creation of Mankind?

God created Adam from the clay then placed Adam in a deep sleep. Then God took from Adam a rib and Eve was fashioned. This immediately demotes females (as religious leaders have ever since).

Then to further damage the reputation of females Eve disobeyed God’s command to ‘eat an apple’ and that is why the human race

t.me/ufopediapdf

has to suffer ever since. It is all woman's fault. What a lot of complete crap. I have provided an alternative to the plagurised story of the book of Genesis (written whilst captives in Babylon). This alternative suggests that humans were genetically engineered – too far fetched?

t.me/ufopediapdf

Creating Designer Babies

Genetic testing also harbors the potential for yet another scientific strategy to be applied in the area of eugenics, or the social philosophy of promoting the improvement of inherited human traits through intervention. In the past, eugenics was used to justify practices including involuntary sterilization and euthanasia.

Today, many people fear that preimplantation genetic diagnosis may be perfected and could technically be applied to select specific nondisease traits (rather than eliminate severe disease, as it is currently used) in implanted embryos, thus amounting to a form of eugenics. In the media, this possibility has been sensationalized and is frequently referred to as creation of so-called "designer babies," an expression that has even been included in the Oxford English Dictionary. Although possible, this genetic technology has not yet been implemented; nonetheless, it continues to bring up many heated ethical issues.

t.me/ufopediapdf

Trait selection and enhancement in embryos raises moral issues involving both individuals and society. First, does selecting for particular traits pose health risks that would not have existed otherwise? The safety of the procedures used for preimplantation genetic diagnosis is currently under investigation, and because this is a relatively new form of reproductive technology, there is by nature a lack of long-term data and adequate numbers of research subjects.

Still, one safety concern often raised involves the fact that most genes have more than one effect. For example, in the late 1990s, scientists discovered a gene that is linked to memory (Tang et al., 1999). Modifying this gene in mice greatly improved learning and memory, but it also caused increased sensitivity to pain (Wei et al., 2001), which is obviously not a desirable trait. Beyond questions of safety, issues of individual liberties also arise. For instance, should parents be allowed to manipulate the genes of their children

t.me/ufopediapdf

to select for certain traits when the children themselves cannot give consent?

Suppose a mother and father select an embryo based on its supposed genetic predisposition to musicality, but the child grows up to dislike music. Will this alter the way the child feels about its parents, and vice versa? Finally, in terms of society, it is not feasible for everyone to have access to this type of expensive technology. Thus, perhaps only the most privileged members of society will be able to have "designer children" that possess greater intelligence or physical attractiveness. This may create a genetic aristocracy and lead to new forms of inequality.

At present, these questions and conjectures are purely hypothetical, because the technology needed for trait selection is not yet available. In fact, such technology may be impossible, considering that most traits are complex and involve numerous genes. Still, contemplation of these and other issues related to genetic

t.me/ufopediapdf

engineering is important should the ability to create genetically enhanced humans ever arise.

If this technology is left unchecked it will definitely have far reaching consequences. There is no doubt that wealthy families would take advantage of such technology to try to give their children every advantage in their future life, and there could be several possible outcomes of this. One would be a rise in productivity and creativity which would penetrate through society, raising the standard of society for everyone and creating more opportunities. It is also possible that poor families who could not afford this technology would be left even further adrift, leading to sharp increases in crime rates, social disorder, and economic chaos.

In one method of altering the genes of living cells, scientists insert a new gene into a virus-like organism. This organism is then

t.me/ufopediapdf

allowed to enter the cells and insert the new gene into the genome. Human genetic engineering uses two applications to do this: somatic and germline. It is important to note the distinction between these two applications.

Somatic engineering (from the Greek word “soma,” which means “body”) targets specific genes in specific organs and tissues without affecting the genes in the eggs or sperm (depending upon the gender of the person). The aim of this type of human genetic engineering is to treat or cure an existing condition. It does not alter the individual´s entire genetic makeup

The other type of human genetic engineering is germline, which targets the genes in eggs, sperm, or embryos in very early stages of development. This means that the genetic modifications that take place affect every cell created afterwards in the developing embryo ´s body. Germline HGM also means that the modifications are passed on to all future generations if the individual goes on to have

t.me/ufopediapdf

offspring.

Obviously, germline HGM tends to be more controversial because the introduction of the gene alters future reproduction, whereas somatic HGM only affects the individual on which it is performed.

Finally, cloning can be considered as a third method of HGM.

t.me/ufopediapdf

I suggest that Adam and Eve were among the first genetically altered humans. They and many others were transported out of Africa to the Fertile Crescent to serve the ‘god’ Enlil. These black-skinned people helped to create a garden paradise.

When both Adam and Eve (and others) were curious about the status of Enlil (encouraged by their tutor Ningizzida) Enlil flew into a rage. He prevented Ningizzida from returning by placing ‘Cherubim with flaming swords to the East’. He subsequently had no use for intelligent humans. It was his brother Enki who suggested that (as the Anunnaki were small in number) perhaps ‘conditioned’ humans should rule over a populous that far exceeded the Anunnaki in number.

For the most part the ‘gods’ would not reveal themselves but

t.me/ufopediapdf

instead operate society from behind the scenes. What a wonderful film the Wizard of Oz really is.

By the time Genesis was written the enslavement of humans in the Middle East was complete.

The book of Genesis mentions the ‘first couple’, Adam and Eve, yet there is no reference to the origin of the wives of Cain and Abel. This is such an important omission. From whence came the wives of Ka-in and Habel? There are more startling omissions which I detail in Arrival of the Anunnaki. Who are the Anunnaki? They are our masters. The gnostics referred to them as the Arcons. More later.

Really How Old is the Human Race?

In the 1970s in Oklo, Gabon, African miners discovered the remains of nuclear reactors. When Government officials

t.me/ufopediapdf

investigated they called upon specialists from all over the world. There is no record of a nuclear reactor in this region ever. In 1972, a French company imported some of this uranium ore. The company was irate as the uranium concentration in the ore was pitiful. They complained that the ore was **waste uranium fuel** from a nuclear reactor. Impossible cried the Gabon Government. We have no record of dumped waste nuclear material at this site. Scientists worldwide flocked to the site and it was then immediately closed to the public and miners alike.

t.me/ufopediapdf

Reactor Zone 15 - Oklo
Natural Reactors no longer possible: only 1/3 of U235 is left
Yellow: yellowcake (uranium ore) White: hydrothermal quarz

Pictured above is Fossil Reactor 15

This yellowish rock in the photograph above is uranium oxide. All the scientists agreed that this uranium had already been used for energy production. Despite this they and everybody else would not believe their own findings. Why? Because the strata that contained the spent nuclear fuel was **two billion** years old.

t.me/ufopediapdf

Found in six different areas this ‘ancient reactor’ comprises five hundred tons of utilized uranium ore. Its output power was estimated to be approximately one hundred kilowatts. The reactor was in operation for around 500,000 years. Half a million years of nuclear energy for people living in Africa two billion years ago. You have got to be kidding. So the scientists have abandoned further research and the CIA has ‘put a lid on it’. Wouldn’t like to think some pesky Africans knew more than we do now - two billion years ago.

This discovery obviously raises the intriguing possibility that a technologically more advanced civilization existed two billion years ago and it had advanced knowledge of nuclear fission.

t.me/ufopediapdf

Of course we would have to rewrite history and explain to common people that perhaps we have mistakenly interpreted the entire course of human evolution.

In the west of Arabia (over a total area of 7000 miles) lie shattered, blackened green stones. For many years this ‘natural occurrence’ continuedwithout investigation. Recently extensive tests were made to determine what had caused the fused ‘green glass’ effect. Experts have determined that they are certainly not volcanic in origin. Neither is there evidence of comet or meteorite impacts.

Albion W Hart investigated many desert regions that similarly displayed this ‘green glass’ effect and concomitant blackened boulders. He and his team postulated an incredible theory.

t.me/ufopediapdf

To date mainstream science refuses to acknowledge the veracity of his astonishing finds, despite confirming his supposition. It was not until fifty years later that Hart satisfied himself that he had indeed been correct.

“Later on during his lifetime Hart visited the White Sands area after the first atomic explosion and he recognized the same type of

t.me/ufopediapdf

silica fusion which he had seen fifty years earlier in the African desert."

Undoubtedly the ‘green glass’ effect was the result of a massive nuclear explosion and the black, shattered stones were remnants of dwellings. Centuries ago the Arabian desert had been a lush and fruitful paradise, to be senselessly destroyed by nuclear warfare.

This fused ‘green glass’ is present in many desert regions including the Gobi Desert, desert regions in Southern Iraq, China and the Mohave Desert and Death Valley in the USA.

Whilst exploring Death Valley in 1850 William Walker discovered the ruins of an ancient city. Many of the stones that were once buildings were melted and vitrified. Paving blocks and stone

t.me/ufopediapdf

houses were severed, showing huge cracks as if seared by some gigantic ‘burst of fire’.

Despite overwhelming evidence of nuclear weaponry having been used in all these areas science and our Governments prefer to adopt the pose of an ostrich. Just be careful the sand you are burying your head in is not radioactive.

t.me/ufopediapdf

Ancient Nuclear Warfare

There is written proof of ancient nuclear wars in the Vedic Sanskrit texts, especially the Mahabarata. These writings also tell us of a fantastic Golden Age that highly advanced souls experienced by taking human form millions of years ago. These souls were blue-skinned and capable of absolutely anything. They lived on our planet that was pure in every manner. Some even lived in cities

t.me/ufopediapdf

that floated high in the clouds. They explored the galaxies in interstellar craft.

The Mahabarata is extremely long, feel free to read it. Here is just a little evidence that three highly developed civilizations preceded our own for hundreds of thousands of years. Further evidence may be found in my book **Continent of Atlantis**.

t.me/ufopediapdf

- Scientists are convinced that Atlantis is submerged just north of Cadiz
- They used a satellite photo of a suspected submerged city to find the site

t.me/ufopediapdf

- The team then surveyed it with a combination of deep-ground radar, digital mapping and underwater technology

The team of archaeologists and geologists are convinced that Atlantis was swamped by a tsunami many thousands of years ago.

The circles of land that divided those of the sea opened like a channel progressing from circle to circle. The waterways were wide enough to give passage to two triremes. Fascinatingly the entire canal system was fitted with a roof to provide a subterranean sea passage.

The innermost circle was coated with tin from Tintagel. Silver was the exterior of all temples, the tops were gold-encrusted. To cap this magnificent sight the Atlanteans made their roofs of ivory from darkest Africa. This was variegated in gold and silver embroidery. The floors were paved with orichalcum. Magnificent

t.me/ufopediapdf

golden statues stood in their ubiquitous glory.

"When the Star Baal fell on the place where is now only sea and sky the Seven Cities with their Golden Gates and Transparent Temples quivered and shook like the leaves of a tree in storm. And behold a flood of fire and smoke arose from the palaces. Agony and cries of the multitude filled the air. They sought

t.me/ufopediapdf

refuge in their temples and citadels. And the wise Mu, the hierarch of Ra-Mu, arose and said to them:

'Did not I predict all this?'

And the women and the men in their precious stones and shining garments lamented:

'Mu, save us.'

And Mu replied:

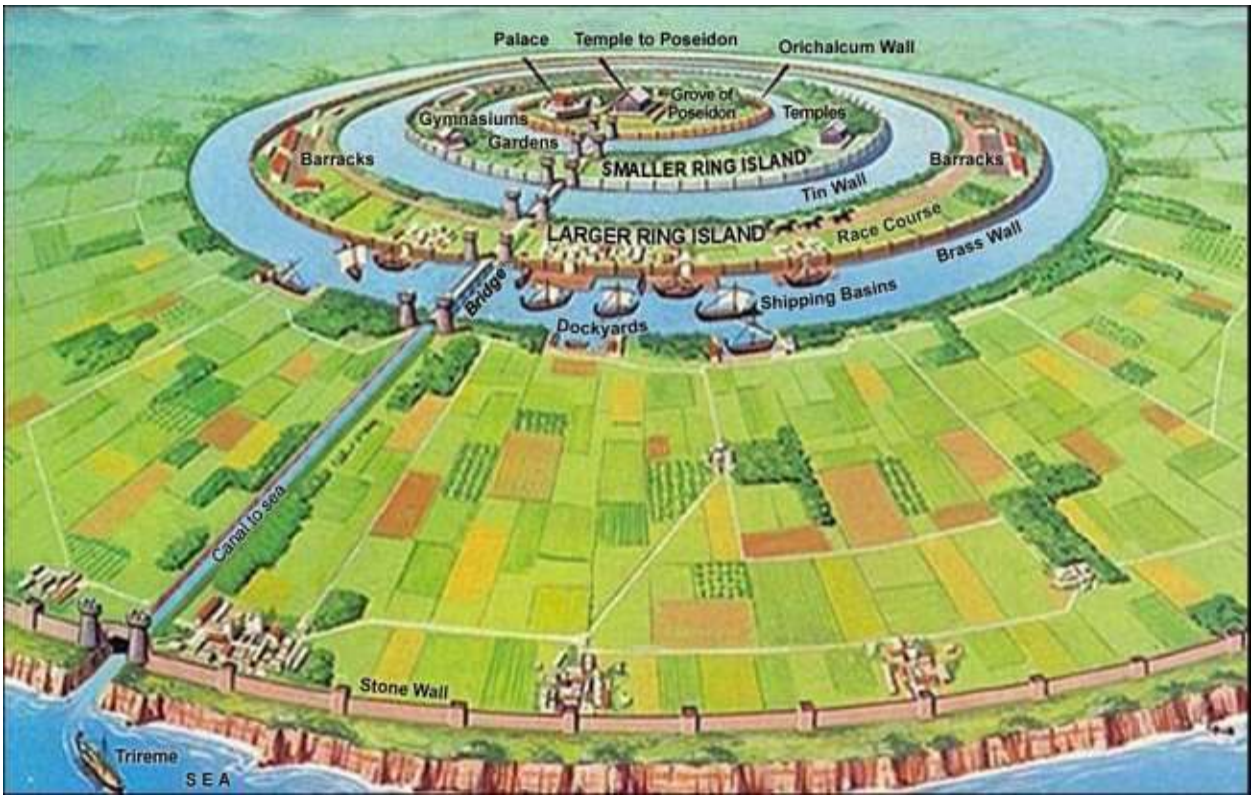
'You shall die together with your slaves and your riches and from your ashes will arise new nations. If they forget they are superior, not because of what they put on but of what they put out, the same lot will befall them!'

t.me/ufopediapdf

Flame and smoke choked the words of Mu.

The land and its inhabitants were torn to pieces and swallowed by the depths in a few months". So ended Atlantis.

Could this be evidence of a dreadful natural disaster or perhaps a nuclear war?



t.me/ufopediapdf

In the Beginning

I have previously given in other books one possible explanation for the origin of planet Earth. Suffice it to say here that our planet is considered to be around 4 billion years old. Originally (according to Sumerians) Tiamat was the third planet from our sun. When the sun's twin Star system (yes I said twin Star to our sun) entered our solar system (as it does every 3600 years) on one particular occasion the planet Tiamat was struck mercilessly by no less than seven heavenly bodies.

Tiamat was rendered asunder. Half of Tiamat was fragmented into the asteroids we see orbiting between Mars and Jupiter (firmament in the bible). The remaining half of Tiamat we call the planet Earth. There is full testimony to this in the Sumerian Enuma Elish or read the account in **Arrival of the Anunnaki** by Gary G Margrove.

t.me/ufopediapdf

Accepted scientific and historical explanations for the onset of life have led us to believe in Darwinism. I have stated that the Theory of Evolution is fabrication. If we perhaps believe the ancient Sanskrit texts humans (as highly evolved beings) have existed on Earth (and other dimensions) for countless millions of years. However every 3600 years or so the planetary system of Nibiru wreaks havoc on our solar system and our planet. Such disasters may indeed have heralded the demise not only of Atlantis but such fantastic civilizations as Lemuria.

t.me/ufopediapdf

Ancient Scriptures

Most people believe that the most ancient Scriptures begin with Genesis and were written many years before the birth of Jesus Christ. In fact the book of Genesis is plagurised from Akkadian history and that in turn was copied from Assyrian which drew its

t.me/ufopediapdf

facts from the Sumerian Enuma Elish (Creation Epic). Once again should you wish to investigate these facts please read my other books. They are facts and the Enuma Elish was written on clay tablets at least 6000 years ago.

However there are scriptures which may predate the Enuma Elish. They are the Vedic texts.

According to Vedic science the Supreme Creator created the Cosmos with an exhalation. This is the first sound or word. Later I shall explain the Seed of Life, Fruit of Life and Flower of Life. They form the basis for all composition or materialization.

The Vedic concept of time is cyclical. For each cycle there are four distinct time periods:

Golden Age or Satya-yuga lasting 1,728,000 human years

t.me/ufopediapdf

Silver Age or Treta-yuga lasting 1,296,000 human years

Bronze Age or Dvapara-yuga lasting 864,000 human years

Iron Age or Kali-yuga lasting 432,000 human years

This yuga cycle totals 4.32 million years. It is also known as a maha (or divya-yuga). One thousand such cycles of 4.32 billion years is merely one day to Lord Brahma (the Creator). What a waste of time if this is all the product of an ancient human's imagination. Remember though we were barely able to fashion flint tools in those days.

The Vedas the Gitas and the Mahabarata are absolute proof that at least ancient Brahmin did not spend all their time whittling.

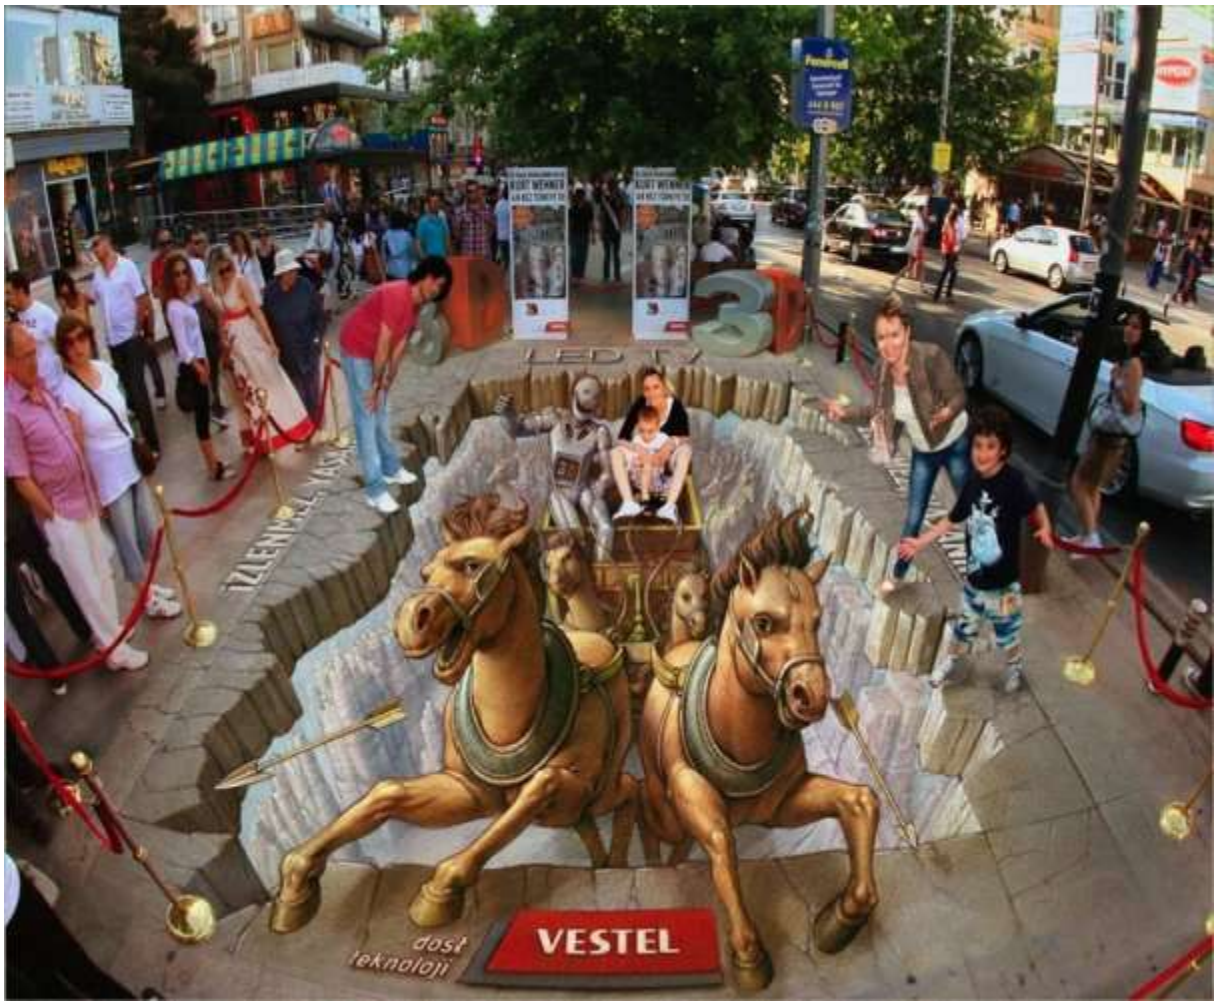
This 'day' of Brahma is termed a Kalpa. Life is manifest in the universe only during the 'daytime' of Brahma. With the onset of Brahma's 'night' the entire universe is devastated and plunged into darkness. When another day of Brahma begins, life again becomes

t.me/ufopediapdf

manifest. What an amazing way to define what we think of as eternity. Again, like the Sumerians, why would the writers of Sanskrit texts spend so much time and go to such trouble to create such detailed ‘stories’?

The Vedas go on to tell us that Brahma lives for 72,000 Kalpas. This is 311,040,000,000,000 human years. This is also the total lifespan of our universe (maha-kalpa). Stunned as we are by the longevity of Brahma this is but one breath of the All Powerful One, Maha-Vishnu, the Personality of Godhead.

t.me/ufopediapdf



Maha-Vishnu sleeps within the ocean of causality – all that is, was and ever could be. He is eternal. He dreams and these dreams manifest as the Multiverse. A Brahma is born within each universe. When Maha-Vishnu inhales the Brahma die and the Multiverse is swallowed by Maha-Vishnu only to be created anew with each exhalation. Such a pretty way to explain extremely long periods of

t.me/ufopediapdf

time and the processes of **g**eneration, **o**peration and **d**estruction. Coincidentally these terms form the acronym God.

The four yugas as calculated in demigod years:

Satya-yuga: 4,800 demigod years

Treta-yuga: 3,600 demigod years

Dvapara-yuga: 2,400 demigod years

Kali-yuga 1,200 demigod years

We know these demigods as angels. They are the eternal helpers. Compare with the festive season we know as Christmas (Santa and his helpers). Perhaps the time of giving is reminiscent of a time when humans were flawless and unselfish with pure love in their hearts.

Jesus (not born to a virgin) and not named Jesus was born in the month of March.

t.me/ufopediapdf

Christmas Day (Christos means anointed in Greek) occurs at the time of year when the sun is said to die and be reborn again. It is at its lowest point on the horizon (mid winter). December 21st is termed the winter solstice. December 25th is when the sun (son) is born (again). It has always been a Pagan (especially Roman) time for festivity. In fact there were at least seven other 'sons of god' supposedly born on this auspicious day. Among them are Apollo, Dionysus, Mithras and Horus.

Similarly the period known as Easter (originally Oester from which we derive the word Oestrogen) was originally the period during which Osiris was 'sacrificed' then miraculously reborn after three days. Pagan religions have always celebrated this period (when the sun/son reaches manhood) as the time when life renews itself.

In fact the origins of Easter date back to ancient Sumerian/Egyptian

t.me/ufopediapdf

times when Ishtar/Isis mourns the death of her husband Dumuzi/Osiris. Eggs and rabbits (for fertility) were presented to the 'gods' at this time of year. There is a reason why the resurrection never falls on the same day each year yet always on a Sunday. We now follow the Gregorian calendar that begins with the date of 0 AD (more later) and twelve months of unequal length. Semites have always followed a much older calendar. For example the year 2014 falls between the Hebrew years 5774 and 5775. Therefore the celebration of the death and resurrection of Osiris and later Jesus occupies a different time slot in the modern calendar each successive year.

Whether you know it or not all of our celebrations are thinly disguised pagan celebrations. Of course the Heavenly Calendar (despite time itself being an illusion) is never altered.

Every six months (our time) is one day to the angels and the remaining six months is one night. Please read my books Angels

t.me/ufopediapdf

and Djinn. 360 of our years is one of their years. This is referenced in the Vedic texts. The Anunnaki year is 3600 Earth years or one Sar.

These angels have Avatars (much like a computer game or the film by that name). Blue Avatars. Who ever heard of anything so ridiculous?

There are four aspects to the Vedas.

t.me/ufopediapdf

Satya-yuga (Golden Age) is characterized by virtue, wisdom, no religion or worship, no vice, love for all and complete knowledge. All that live in the Golden Age have what we would term super powers. These beings each live for around 100,000 years.

t.me/ufopediapdf

Telepathic communication was instantaneous. There was no reason for the spoken word.

As the energies seemingly deteriorated (albeit over a hefty period of time) minor flaws appeared in the fabric of this incredible Creation. This was the beginning of the Silver Age.

Treta-yuga (Silver Age) is heralded by the first vice. The perfect qualities that humans exhibited during Satya-yuga are reduced by one third. Religious rites, sacrifices and ceremonies are practiced. A sense of separate identity or Me manifests and there is the beginning of selfishness and operating from a sense of reward requirement. Lifespan is approximately 10,000 years. Telepathic abilities were thwarted as some ‘blocked’ contact from others. Thus the first spoken words were necessary.

As time (which is illusory) progressed further flaws manifested in the physical and also in the personalities of these souls. As more

t.me/ufopediapdf

and more aspects of the One wished to join their ‘older’ brothers and sisters more and more problems arose. Irritation, intolerance and even anger began to emerge as aspects of the Drama that was unfolding year by year.

It was during the Silver Age that friendly competition arose. Souls were asked to judge whose creation was more impressive. Much later these competitions were not so friendly.

We can only guess at how problems were faced for the first time. Body consciousness arose. Souls daubed themselves with ochre and other dyes to enhance their physical body’s beauty. Covetousness became prevalent. Finally the very first rape and the first murder occurred. They resulted in massive shock waves around the communities and this heralded the Bronze Age.

During Dvapara-yuga (Bronze Age) righteousness is halved. Sadly

t.me/ufopediapdf

a pitiful few pay attention to meditation, yoga exercises and philanthropy. Sensual desires and disease begin as does injustice. The first murder and the first rape occur during this Age. People live for around 1000 years. As the ‘distance’ between Souls increased there came the necessity to create writing and thus reading.

Nowadays the abilities possessed by highly advanced Souls we would term magical. Indeed during the Bronze Age rival groups of magi battled for supremacy. It is best described by watching some of the Fantasy films – dragons and ghouls created from thin air, thunderbolts charged with the ‘power of the universe’. Honour persisted and no body was ever deliberately damaged. Rather the ‘battles’ were likened to a chess game with stratagem being important.

We are currently in Kali-yuga (Iron Age). Righteousness is sadly one quarter of that in the Treta-yuga. As time progresses humanity

t.me/ufopediapdf

becomes so barbaric we kill mercilessly, torture and maim for fun, cook and eat live creatures and enjoy carnal pleasures at the expense of others. I need explain no further, simply turn on the tv news.

Those who have maintained occult knowledge hold the advantage. They may be thought of as magicians. There is currently a battle between good and evil in all aspects of the illusion we call reality. The swastika (Nazi symbol) was originally employed to separate the four Ages or Yugas.

t.me/ufopediapdf

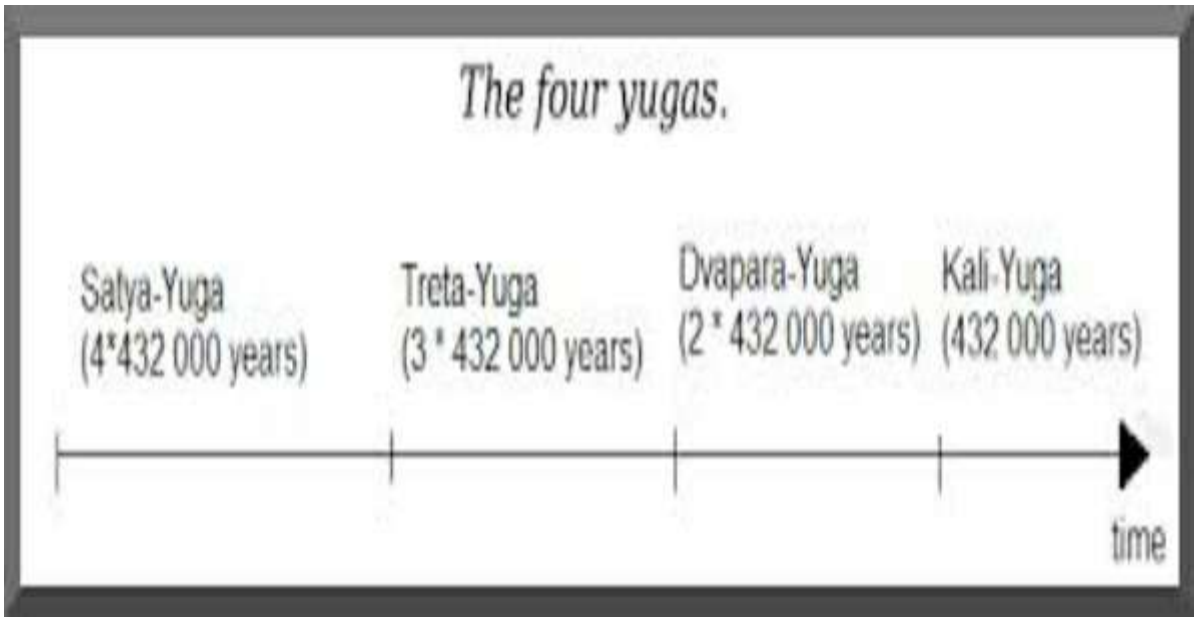
This symbol has been used many times, long before the Nazis.

t.me/ufopediapdf

Far far back in a time that has largely been forgotten inhabitants of the most impressive planet that ever existed in this part of the galaxy created for themselves the most spectacular palaces, scenery and an abundance of plant and animal life. Whatever they wished for (power of thought) literally appeared in front of their eyes. Don’t try this at home children. Humans nowadays would invoke dreadful demons and smoke pits engulfed in fire. This is the reason we no longer have such incredible power. Much of our DNA has literally been turned off. Scientists name this (so called useless DNA) Junk DNA.

t.me/ufopediapdf

Imagine what would arise from your subconscious if you had the all-encompassing power of Creation. Yes there was a time when highly advanced spiritual souls fashioned their own dream world. For millions of years they were perfectly happy. I must stress there was no worship or religion of any kind during the Golden Age.



All good things must come to an end. The physical universe has in-built obsolescence (as we see with our possessions and our physical bodies).

t.me/ufopediapdf

We are currently in the Iron Age Kali Yuga). This is the most decadent time for incarnated souls. I have no need to explain just what is happening on planet Earth today.

The Universal Cycle is natural and repeats itself – like a regularly played DVD. However, there have been forces at work that wish to possess the souls of playful humans. These forces are envious of our ability to create anything we wish. They have no souls.

They are avaricious, cruel, devious and possess a self-survival instinct that is unsurpassed. They wish for nothing less than to possess our world, ourselves and our souls. They are the Arcons. I shall explain more later.

For an explanation of sacred symbols and hidden secrets please read my book Sacred Symbols and Occult Design.

t.me/ufopediapdf

Creation

t.me/ufopediapdf

In the Beginning was the Word. Scientists are suggesting that the origin of the universe was indeed initiated by sound. More particularly this ‘sound’ was a vibration of energy that brought into form the universe (the Big Shout) then the largest and most prominent heavenly bodies, followed by planets and their occupants.

Sound

What is the speed of sound? We are taught that jets have broken the sound barrier so what does this mean? Allegedly this is the speed of sound. According to scientific sources:

The **speed of sound** is the distance travelled per unit of time by a sound wave propagating through an elastic medium. In dry air at 20 °C (68 °F), the speed of sound is 343 metres per second

t.me/ufopediapdf

(1,125 ft/s). This is 1,234 metres per hour (666 kn; 767 mph), or about 333 metres per second. The **speed of light** is 299,792,458 metres per second. So light travels almost 300 times the speed of sound, right?

Einstein was quoted as saying the speed of light is inachievable. I hate to burst your bubble but all of the above is untrue.

A fact that has been hidden from us all this time is that sound travels faster than light.

From an article in Phys.org, **January 17th 2007:**

For the first time, scientists have experimentally demonstrated that sound pulses can travel at velocities faster than the speed of light, c. William Robertson's team from Middle Tennessee State University also showed that the group velocity of sound waves can

t.me/ufopediapdf

become infinite, and even negative.

Past experiments have demonstrated that the group velocities of other materials' components—such as optical, microwave, and electrical pulses—can exceed the speed of light. But while the individual spectral components of these pulses have velocities very close to c, the components of sound waves are almost six orders of magnitude slower than light (compare 340 m/s to 300,000,000 m/s).

t.me/ufopediapdf

“All of the interest in fast (and slow) wave velocity for all types of waves (optical, electrical, and acoustic) was initially to gain a fundamental understanding of the characteristics of wave propagation,” Robertson told PhysOrg.com. “Phase manipulation can change the phase relationship between these materials’ components. Using sound to create a group velocity that exceeds the speed of light is significant here because it dramatically illustrates this point, due to the large difference between the speeds of sound and light.”

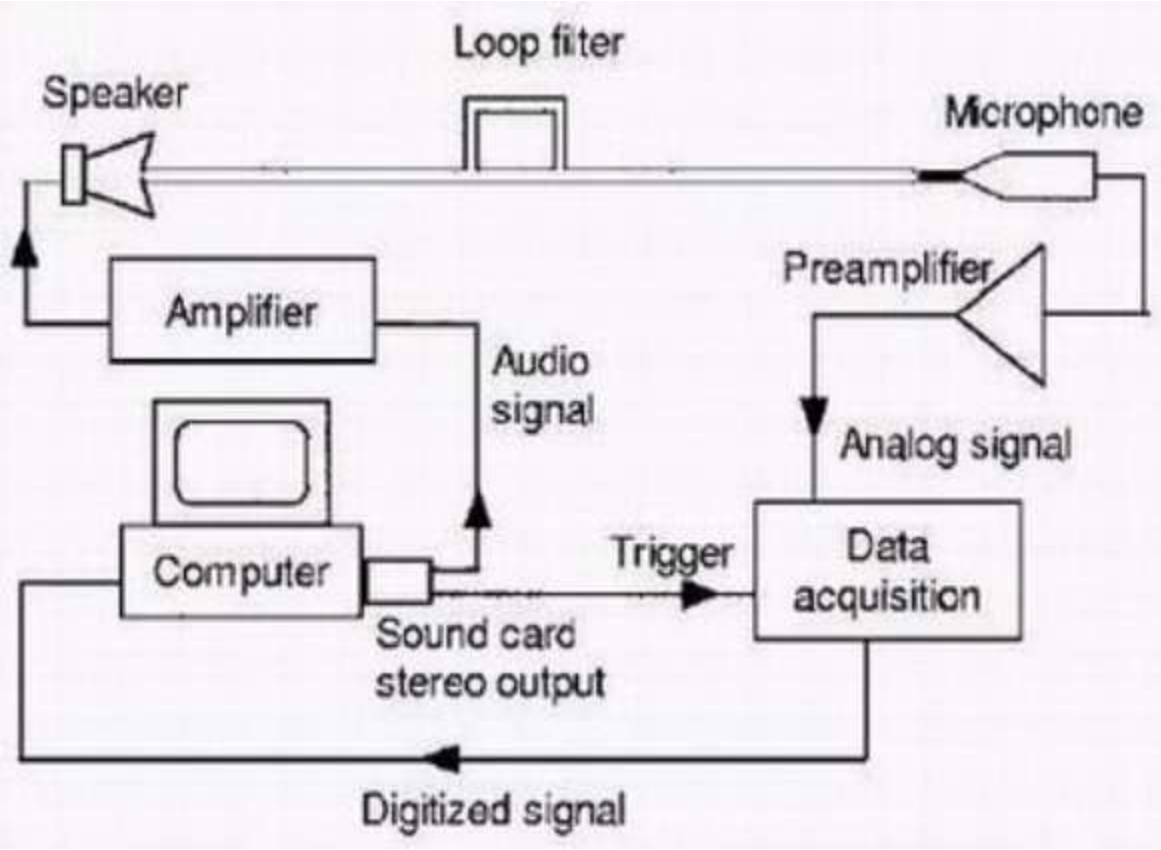
The experiment was conducted by two undergrads, an area high school teacher and two high school students, who received funding by an NSF STEP (Science, technology, engineering, math Talent Enhancement Program) grant. The grant aims to increase recruitment and retention of students to these subjects.

t.me/ufopediapdf

In their experiment, the researchers achieved superluminal sound velocity by rephasing the spectral components of the sound pulses, which later recombine to form an identical-looking part of the pulse much further along within the pulse. So it's not the actual sound waves that exceed c, but the waves' "group velocity," or the

t.me/ufopediapdf

“length of the sample divided by the time taken for the peak of a pulse to traverse the sample.”



In this schematic of the acoustical test system, the scientists could create superluminal group velocity of sound waves, as well as negative group velocity.

t.me/ufopediapdf

I am sure scientists didn't deliberately mislead they just had it wrong previously. This is a perfect example of peers 'telling us' they know the truth only to change that truth in future.
The Earth was flat, we are solid, the atom is the smallest particle, space is empty etc

Cymatics

Leonardo Da Vinci (b 1452 d 1519) experimented with cymatics. Not being a particularly clean individual (he had no time what with all his experiments) he noticed that the dust layer on his tables arranged itself into pretty shapes when he vibrated a table. Different frequencies produced different dust patterns.

'I say then that when a table is struck in different places the dust

t.me/ufopediapdf

that is upon it is reduced to various shapes of mounds and tiny hillocks. The dust descends from the hypotenuse of these hillocks, enters beneath their base and raises itself again around the axis of the point of the hillock.'

Cymatics is the study of sound and vibration - made visible, typically on the surface of a plate, diaphragm or membrane. Direct ocular viewing of vibrations involves exciting inorganic matter such as particulate matter, pastes (both magnetic and non magnetic) and liquids under the influence of sound, African tribes employed a taut drumskin, sprinkled with small grains of for example sand, to prophecy the future. Of course the missionaries amongst us would immediately shake their heads and say

“We really need to civilize these guys”

What follows is a direct adaptation of African processes that have been passed down for thousands of years.

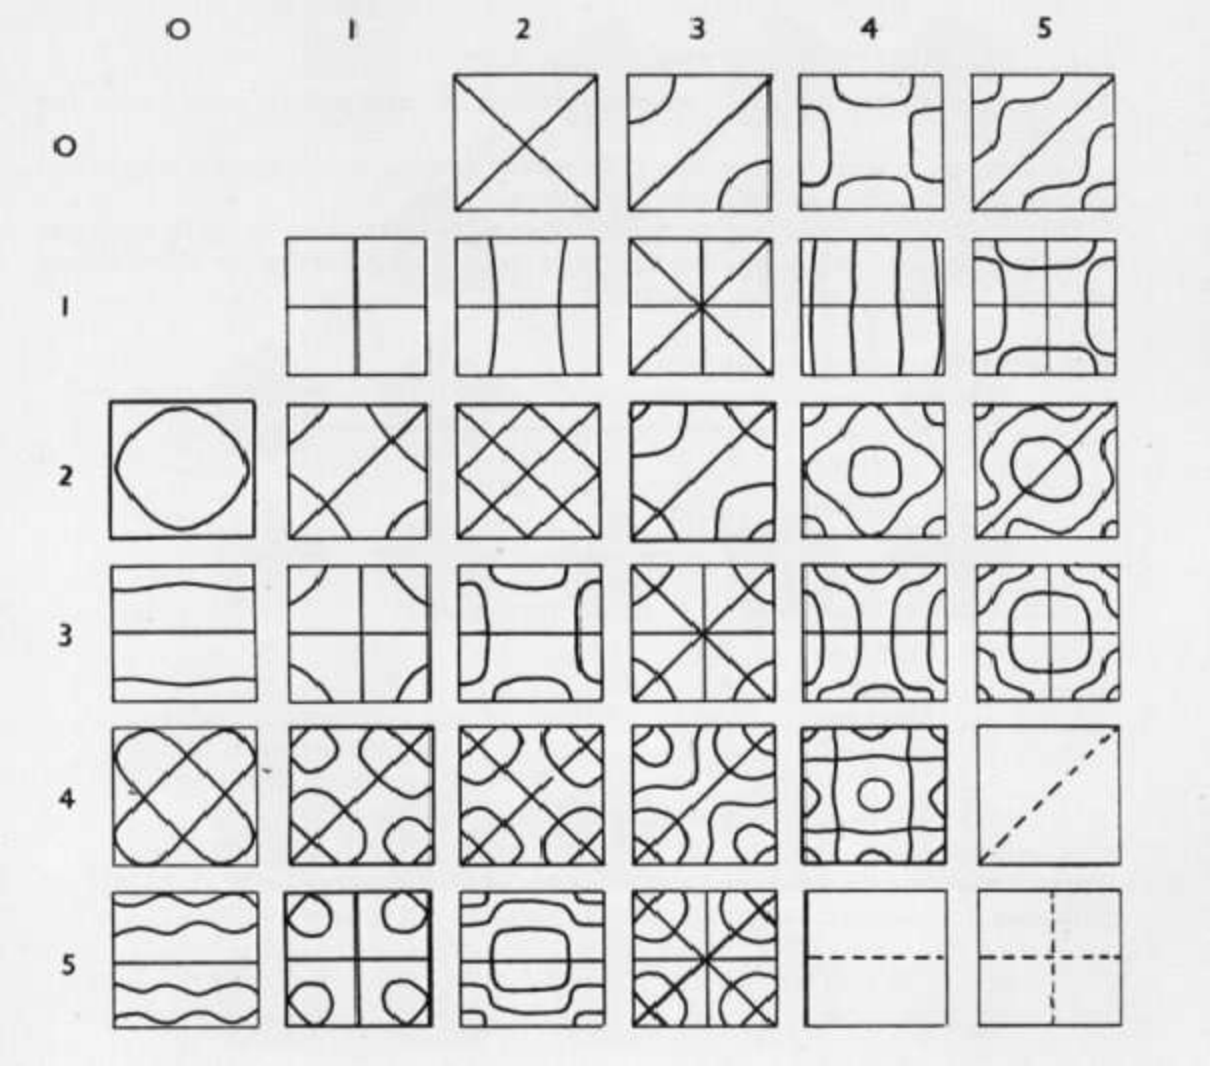
t.me/ufopediapdf

The German musician and scientist Ernst Chladni (1756-1827) combined his two talents to produce beautiful geometrical patterns by passing a violin bow over a brass plate strewn with sand particles. Brass is a highly resonant material. Below are some of the Chladni figures. The process is dependent upon where upon the plate the bow is drawn.

The ancients knew that sound (harmonics) is the secret to the origin of our universe. **In the beginning was the word**.

String theory is based entirely upon this knowledge. Everything is composed of tiny strings that may be infinitely long. Most of the string exists in other dimensions but the two ends are apparent in our limited perception, then only using mathematical principles.

t.me/ufopediapdf



Is it conceivable that there really exists a Creative Force (non-physical, omnipotent, omnipresent) that kick'started the entire series of universes cosmologists believe exist?

t.me/ufopediapdf

Every thing in any physical universe is entirely energy. Matter is defined as energy in its densest form. As soon as matter is ‘created’ it immediately begins the process of entropy.

t.me/ufopediapdf

Our bodies and our planet are comprised of matter. We are defined as carbon-based entities with water (hydrogen and oxygen) and a smattering of other elements. Yet particle physicists will tell you that over 90% of our bodies is composed of 'empty space'.

The inside of every atom is largely 'empty'. This 'emptiness' may actually comprise dark matter, dark energy or both. Indeed over 96% of the known universe is composed of this dark matter and dark energy. I have explained the function of both in my series **the Glory of God.**

We are held together by dark matter. Its manifestation may indeed be the mitochondria in each cell. Each of the trillions of cells in the human body has inside its nucleus a black hole. There is a recent theory that each black hole is a receptacle for receiving and transmitting information. The 'motherboard' or main processor for our galaxy is the large black hole in the very centre of the Milky

t.me/ufopediapdf

Way. Stars, like our sun, act as booster stations for information sent to and received from this black hole. In short the universe is akin to a Cosmic Computer.

What is even more shocking is that latest findings suggest that we live in a Universal Virtual Reality Suite. All that we sense with the five senses is a figment of imagination. One thing we can be sure of is that what we perceive as reality is the aspect of Creation that is not real.

Makes you think?

t.me/ufopediapdf

Holographic Universe

http://www.youtube.com/watch?v=f50OpQrR3Go

Indigenous Australians (the Aborigines) call it dream time. This is

t.me/ufopediapdf

when they connect with Reality. They know that we project a scene before our eyes, confirmed by our other senses yet it is an elaborate hologram. Westerners have ‘bought into’ the hologram and for millenia believed it to be the only reality. In fact there are an infinite number of realities and individually we create our own. Hard to believe when you break a leg or witness the murder of innocent Palestinians on the news channel. Yet scientists have proven beyond all doubt that the ‘reality’ we perceive collectively is comprised of ‘an agreed reality’.

Fundamentally this is the means by which the Anunnaki (Arcons) maintain control of the human race. Have you never stopped to think why the news is repeated ad nauseam throughout the day into the night? By controlling the way we think and our belief systems the Illuminati (bloodline of the Anunnaki) fashion perceived reality. We are trapped in The Truman Show or more specifically the Matrix.

t.me/ufopediapdf

Physicists at Fermilab in Illinois have turned on a laser-based experiment that could reveal whether the three-dimensional world we perceive is merely a "Matrix"-style illusion generated by a cosmic two-dimensional hologram. The Holometer experiment is the result of years of work by particle astrophysicist Craig Hogan and his colleagues at the federally funded Fermi National Accelerator Laboratory.

It may provide the first clear evidence for the existence of the holographic universe. The concept has been debated for decades, but it's devilishly difficult to show whether it can ever be anything more than a concept. Hogan aims to find out whether the universe is a hologram by looking for telltale quantum jitters in the fabric of space-time itself. "If we see something, it will completely change ideas about space we have used for thousands of years.

t.me/ufopediapdf

The entire universe is thought by scientists to comprise a two dimensional information structure present aon the rim of black holes. This cosmological horizon converts the 2-D to a 3-D projection as we do with holgrams or virtual reality experiences. Just as in VR the transmission of coded data produces a life-like image that appears to surround the observer.

Below is an article written in October 2010 by Sara Reardon for Symmetry Magazine.

t.me/ufopediapdf

In 2008, Fermilab particle astrophysicist Craig Hogan made waves with a mind-boggling proposition: The 3D universe in which we appear to live is no more than a hologram.

Now he is building the most precise clock of all time to directly measure whether our reality is an illusion.

t.me/ufopediapdf

The idea that spacetime may not be entirely smooth – like a digital image that becomes increasingly pixelated as you zoom in – had been previously proposed by Stephen Hawking and others. Possible evidence for this model appeared last year in the unaccountable "noise" plaguing the GEO600 experiment in Germany (which 'listens'for gravitational waves from black holes). To Hogan, the jitteriness suggested that the experiment had **stumbled upon the lower limit of the spacetime pixels' resolution.**

Black hole physics, in which space and time become compressed, provides a basis for math showing that **the third dimension may not exist at all.** In this two-dimensional cartoon of a universe what we perceive as a third dimension would actually be a projection of time intertwined with depth. If this is true **the illusion can only be maintained until equipment becomes sensitive enough to find**

t.me/ufopediapdf

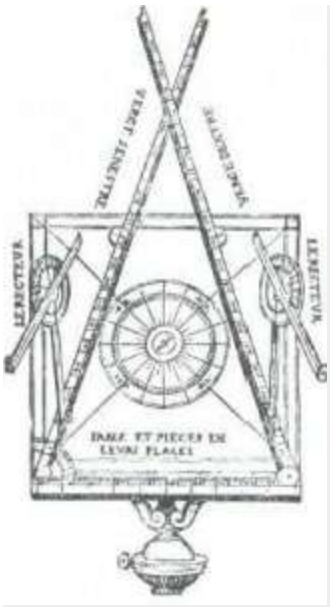
its limitations.

“You can’t perceive it because nothing ever travels faster than light,” says Hogan. “This holographic view is how the universe would look if you sat on a photon.”

Not everyone agrees with this idea. Its foundation is formed with math rather than hard data. Although a holographic universe would answer many questions about black hole physics and other paradoxes it clashes with classical geometry, which demands a universe of smooth, continuous paths in space and time.

“So we want to build a machine which will be the most sensitive measurement ever made of spacetime itself,” says Hogan. “That’s the holometer.”

t.me/ufopediapdf



The holometer is named after a 17th century surveyor's instrument.

The name “holometer” was first used for a surveying device created in the 17th century, an “instrument for the taking of all measures, both on the earth and in the heavens.”

Hogan felt this fit with the mission of his “holographic interferometer,” which is currently being developed at Fermilab’s largest laser lab.

In a classical interferometer, first developed in the late 1800s, a

t.me/ufopediapdf

laser beam in a vacuum hits a mirror called a beamsplitter, which breaks it in two. The two beams travel at different angles down the length of two vacuum pipe arms before hitting mirrors at the end and bouncing back to the beamsplitter.

Since light in a vacuum travels at a constant speed, the two beams should arrive back to the mirror at precisely the same time, with their waves in sync to reform a single beam. Any interfering vibration would change the frequency of the waves ever so slightly over the distance they traveled. When they returned to the beamsplitter, they would no longer be in sync.

In the holometer, this loss of sync looks like a shaking or vibrations that represent jitters in spacetime itself, **like the fuzziness of radio coming over too little bandwidth.**

t.me/ufopediapdf

The holometer’s precision means that it doesn’t have to be large; at 40 meters in length, it is only one hundredth of the size of current interferometers, which measure gravitational waves from black holes and supernovas. Yet because the spacetime frequencies it measures are so rapid, it will be more precise over very short time intervals by seven orders of magnitude than any atomic clock in existence.

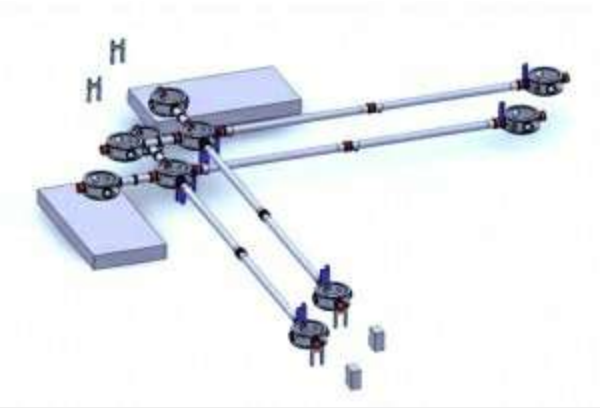
"The shaking of spacetime occurs at a million times per second, a thousand times what your ear can hear,” said Fermilab experimental physicist Aaron Chou, whose lab is developing prototypes for the holometer. “Matter doesn’t like to shake at that speed. You could listen to gravitational frequencies with headphones.”

t.me/ufopediapdf

The whole trick, Chou says, is to prove that the vibrations don’t come from the instrument. Using technology similar to that in noise-cancelling headphones, sensors outside the instrument detect vibrations and shake the mirror at the same frequency to cancel them. Any remaining shakiness at high frequency, the researchers propose, will be evidence of blurriness in spacetime.

t.me/ufopediapdf

“With the holometer’s long arms, we’re magnifying spacetime’s uncertainty,” Chou said.



Conceptual design of the Fermilab holometer

Hogan’s team liked the holometer idea so much they decided to build two, one on top of the other. The machines can confirm one another’s measurements.

This month, having successfully built a 1-meter prototype of the

t.me/ufopediapdf

40-meter arm, they will weld the parts of the first of the vacuum arms together.

Hogan expects the holometer to begin collecting data next year.

“People trying to tie reality together don’t have any data, just a lot of beautiful math,” said Hogan. “The hope is that this gives them something to work with.”

Golden Ratio

I do hope by now that you agree that Darwin was a little ‘off’ with

t.me/ufopediapdf

his theory of evolution. If anything we have devolved (through no fault of our own).

If the Multiverse was created by the Word (sound) then all the constructs within our physical universe remain ‘solid’ owing to their vibratory frequency.

Perhaps you are wondering how all that we term physical was formed or created. Every construct in our physical universe corresponds to what is termed the Golden Ratio or Phi.

Golden Ratio definition: Where the ratio of two quantities equals the ratio of their sum to the larger of the two quantities. This figure is 1.61803398875.

The Fibonnachi Series (0,1,2,3,5,8,13,21,34) corresponds to the

t.me/ufopediapdf

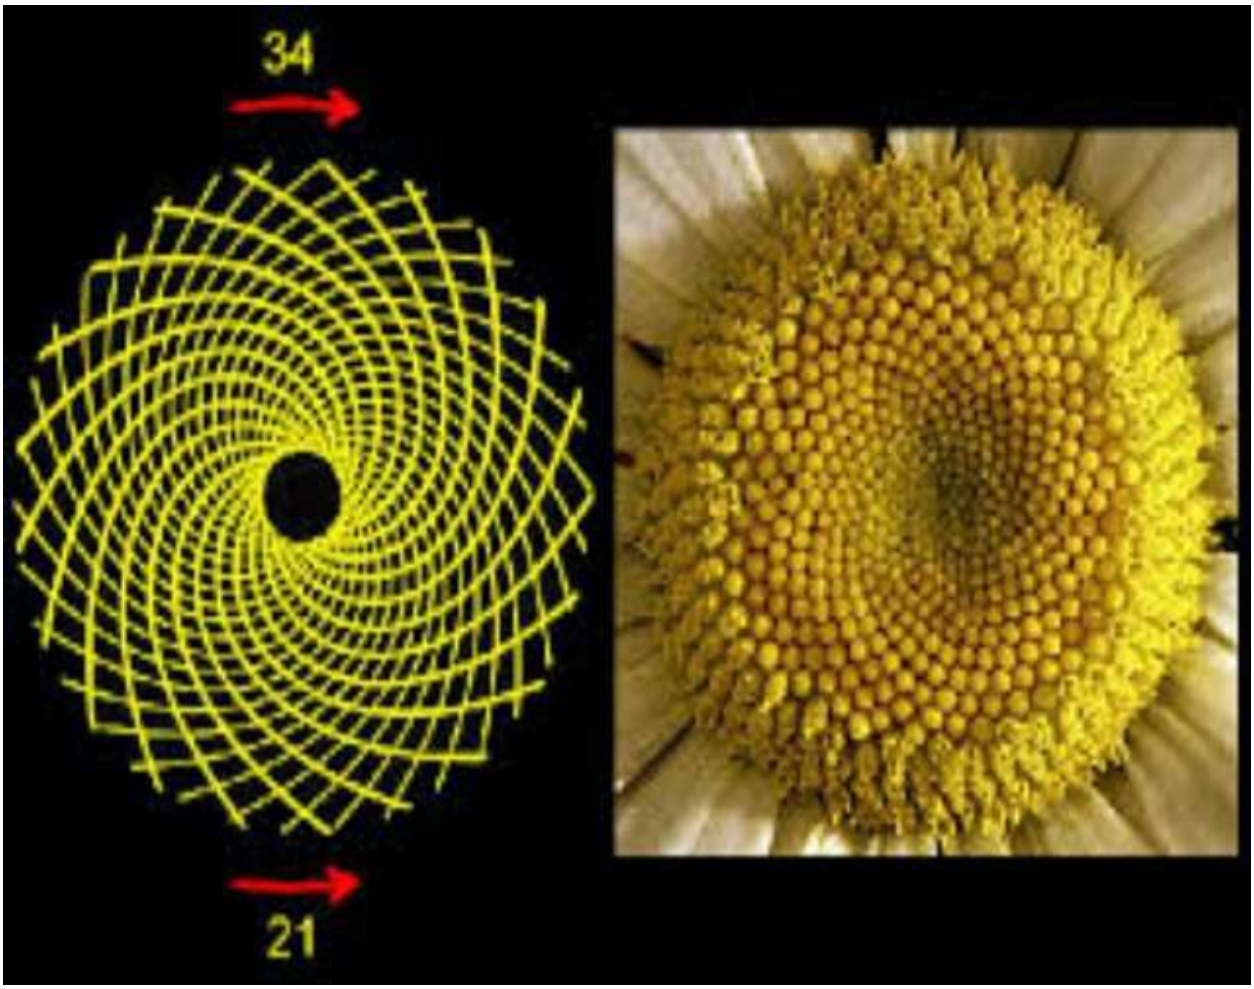
Golden Ratio in that the ratio of the successive numbers in the Fibonacci sequence quickly converge on Phi. Try this for yourself I shall not bore readers by demonstrating this principle.

The Golden Ratio (the divine proportion, golden mean, or golden section) is a number often encountered when taking the ratios of distances in simple geometric figures such as the pentagon, pentagram, decagon and dodecahedron. It is denoted ϕ, or sometimes τ.

Everything in nature (macro and microcosm) obeys the Golden Ratio.

Below are a just a few examples in nature. There are millions:

t.me/ufopediapdf



Scientists believe that (just as with the discovery of planetary frequencies) there is an Invisible Hand at work. This is no more apparent than with fractals that appear to reproduce more replicas of themselves and repeat their patterns infinitely. Importantly here this is specifically true of all holograms. Splitting a hologram image into infinitessimally small pieces still reveals the entire

t.me/ufopediapdf

picture on each of the infinite pieces.

http://fractalfoundation.org/resources/what-are-fractals/

This is another way of proving that we exist in a holographic universe. Each fractal is a never-ending pattern. Fractals are infinitely complex patterns that are self-similar across different

t.me/ufopediapdf

scales. They are created by repeating a simple process over and over in an ongoing feedback loop. Driven by recursion, fractals are images of dynamic systems – the pictures of Chaos.

Geometrically, they exist in between our familiar dimensions. Fractal patterns are extremely familiar, since nature is full of fractals. For instance: trees, rivers, coastlines, mountains, clouds, seashells, hurricanes and much more are fractals. Abstract fractals – such as the Mandelbrot Set – can be generated by a computer calculating a simple equation over and over.

t.me/ufopediapdf

The Milky Way observes the rule of the Golden Ratio as do sunflowers, human bodies and those of all other species and such things as sea shells and the atoms within all physical objects.

What this means is that all we see is ‘computer generated’ scenery

t.me/ufopediapdf

and characters. **We live inside a Giant Computer Program.**

Prediluvian and Postdiluvian Catastrophies

t.me/ufopediapdf

As I write this book a series of natural disasters are occurring throughout the Earth. Disquieting volcanic activity in Iceland and terrifying earthquakes in Peru and Chile are just the latest in a series of reported upheavals that create havoc for the unfortunate inhabitants of many lands. Despite seeming increases in such activity (in recent years) the presence of natural disasters is nothing new. The Earth has groaned, spewed and yawned hundreds of thousands of times in the past. The results have always caused massive problems for those affected.

We know sea levels rose some 100 metres almost overnight on several occasions spanning a period from ca 15,000 BC to ca 5000 BC. This is well documented by scientists who use computer technology to determine rates of melting ice and corresponding rise in sea levels.

Submarine megalithic structures off the coasts of Malta, Egypt, Lebanon, India, China, and Japan in waters up to 70 metres deep were evidently submerged when the Ice Age abruptly ended. They

t.me/ufopediapdf

appear to be the remains of resplendent cities.

Many of these megaliths were astronomical measuring devices, which indicates that their Ice Age constructors had map-making capabilities and unimaginable navigational skills. A good deal of these stone structures are so similar yet continents apart from each

t.me/ufopediapdf

other.

Indeed many artifacts discovered in ancient cities have quite obviously been traded from one society to another across the globe thousands of years ago.

The greatest maritime nation we are aware of were the Phoenicians who were known to have traded from their capital (Tyre) now in Lebanon. Sailing all around the Mediterranean the Phoenician sailors also bartered tin for gold with the British and Irish and gold for jewellery with the peoples of West Africa.

Is it too much to assume that the Phoemicians sailed westward across the Atlantic to a legendary land named Antilia? Indeed Columbus talked of the island of Antilia and another island we know today as Cuba. Yet Columbus would never have ventured westwards if not for his copy of the Peri Reis map. Admiral Reis

t.me/ufopediapdf

himself stated his map was devised by ancient mariners. Amazingly the map includes a well charted Antarctica – without ice.

t.me/ufopediapdf

Columbus himself was sanctioned by Queen Isabella of Spain to search for a sea passage to Cipango (Japan). Once in Cipango trade with mainland China would be far easier than the laborious land march from Italy to the East. It was Marco Polo who had sojourned in China for several years, bringing home to Italy fantastic goods and even more fantastic stories.

Of course Columbus did not discover a passage to China by travelling westwards. In fact he never set foot on mainland North America. He was satisfied to rape and pillage the peoples of the Bahamas, Cuba and Haiti.

The Turkish Admiral (Peri Reis) was frequently in touch with Columbus. If he did not share his maritime knowledge with Cristof Colon (Columbus) I would be extremely surprised. Reis was in possession of at least one ancient map of the world. He freely admitted it had been produced ‘a long time ago’. The Peri Reis map depicts the continent of Antarctica centuries before it was

t.me/ufopediapdf

‘discovered’. What is most amazing is there is little indication of ice in this region. Whole areas are named and fresh water lakes and mountains revealed.

Quite obviously this continent (larger than the USA) was unaffected during the last Ice Age. Is it possible that the poles were once reversed?

All such ancient maps include specific latitudes and longitudes. Yet we are led to believe that the maritime chronometer (measures longitude) was not created until 1773 by British captain John Harrison. Until this time sailors had a difficult time navigating purely by the Stars.

How were the Chinese able to exchange goods with societies in South America? Who built the amazing stone statues on Easter Island?

t.me/ufopediapdf

Without a detailed map of the world and instruments that measured longitude how then were the Phoenicians able to trade with such faraway cities as Dwarka in India?

There have been advanced civilizations for hundreds of thousands perhaps millions of years. Most have not been included in our

t.me/ufopediapdf

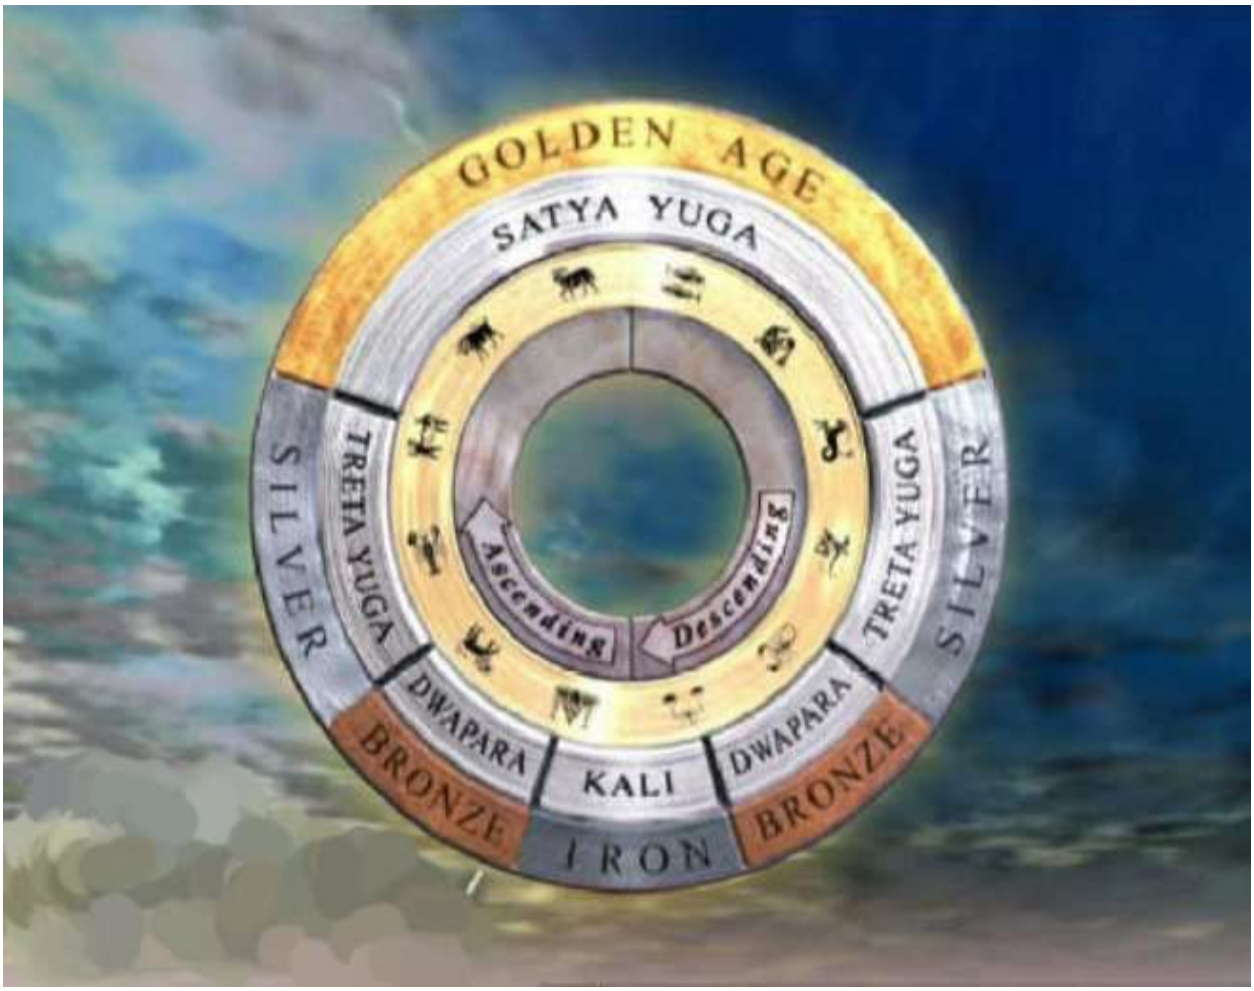
history books. In fact there is a tendency to elevate the European at the expense of the Oriental, native (South and North) American and the incredible civilization that built the ancient Cambodian city of Angkor Wat.

In the Rig Veda of ancient Hinduism, the text states that the fabled city of Dwarka was submerged by the encroaching Indian ocean, following the death of Lord Krishna. This was the beginning of the Kali Yuga or Iron Age. We are currently 'limping out of' this worst of all the Yugas. As I mentioned before souls were originally incarnated into the Golden Age.

Throughout millions of years we pass from Golden to Silver then the Bronze Age. From kali yuga the cycle slowly continues as we are elevated first to Bronze, then Silver and once again the Golden Age. Not all Souls are incarnated at this time, only those filled with

t.me/ufopediapdf

Pure Love.



Why would an ancient people go to so much trouble to measure time in millions of years and explain simply to us how the Ages (Yugas) are subdivided?

t.me/ufopediapdf

The ancients were aware of natural disasters and their own finite (despite being millions of years) time on Earth. They can be compared to the Elven race in the trilogy Lord of the Rings.

They left behind details of their perfect existence before they rose to higher dimensions.

Some believe we are in the Bronze Age. Personally I think we are still in Kali Yuga.

Testimony to this belief is the torture, suffering and rape of planet Earth that appears to be escalating daily.

Thankfully for debauched humanity there is another chance to return to the fabled Golden Age as our planet and the entire solar system travel around the Milky Way.

t.me/ufopediapdf

Our solar system orbits another (Sirius) system and together with our twin system (Nibiru) we orbit the Osiris system. The entire entourage of planets and Stars revolves around the Milky Way. This process of evolution takes between 26000 and 27000 years to return to a given point in space. We are leaving Kali Yuga as we enter the ‘Spring time’ to slowly remember our true selves as we dispel the illusion of time and space and the holographic universe.

t.me/ufopediapdf

Precession of the Equinoxes

The precession of the equinoxes is caused by the gravitational forces of the sun and the Moon. Think of the Earth as a top spinning on its axis. Our planet wobbles just like the spinning top and the axis alters over time.

The Earth is not a perfect sphere but an oblate spheroid. If the Earth were a perfect sphere, there would be no precession. Equatorial diameter is 43 kilometers larger than the polar diameter. The applied forces of the sun and the Moon are almost perpendicular to the axis of rotation of the Earth.

The Earth is tilted on its axis. Therefore during much of the year the half of this bulge that is closest to the sun is not centred. The other half is off-centre on the opposite side. Since gravity decreases with distance the gravitational pull on the closer half is stronger. This imposes a torque on the Earth owing to the sun

t.me/ufopediapdf

influencing one side of the Earth far more than the other. The axis of this torque is roughly perpendicular to the axis of the Earth's rotation. Therefore the axis of rotation precesses.

This average torque is perpendicular to the direction in which the rotation axis is tilted away from the ecliptic pole, so that it does not change the axial tilt itself. The magnitude of the torque from the sun (or the moon) varies with the gravitational object's alignment with the Earth's spin axis and approaches zero when it is orthogonal.

The effect of the sun and the Moon on our planet is called the lunisolar precession.

Imagine the Zodiac travelling in reverse. Each ‘House’ is prevalent in the night sky for a period of approximately 2020 years. Before the Great Flood our planet was said to be in the Age of Leo. This is when the Sphinx (leonine) was created. Bull statues abounded in

t.me/ufopediapdf

the Age of Taurus. As we entered the Age of Aries the Bull was ‘killed’.

Please look for ancient depictions of the slaughtering of the Bull. Pisces was heralded in 6 BC and in 2014 we entered the Age of Aquarius.

During each ‘period’ a different ‘god’ ruled mankind. Enlil (the Bull), Marduk (the Ram), Enki’s son (Pisces). Who will rule our planet now?

t.me/ufopediapdf

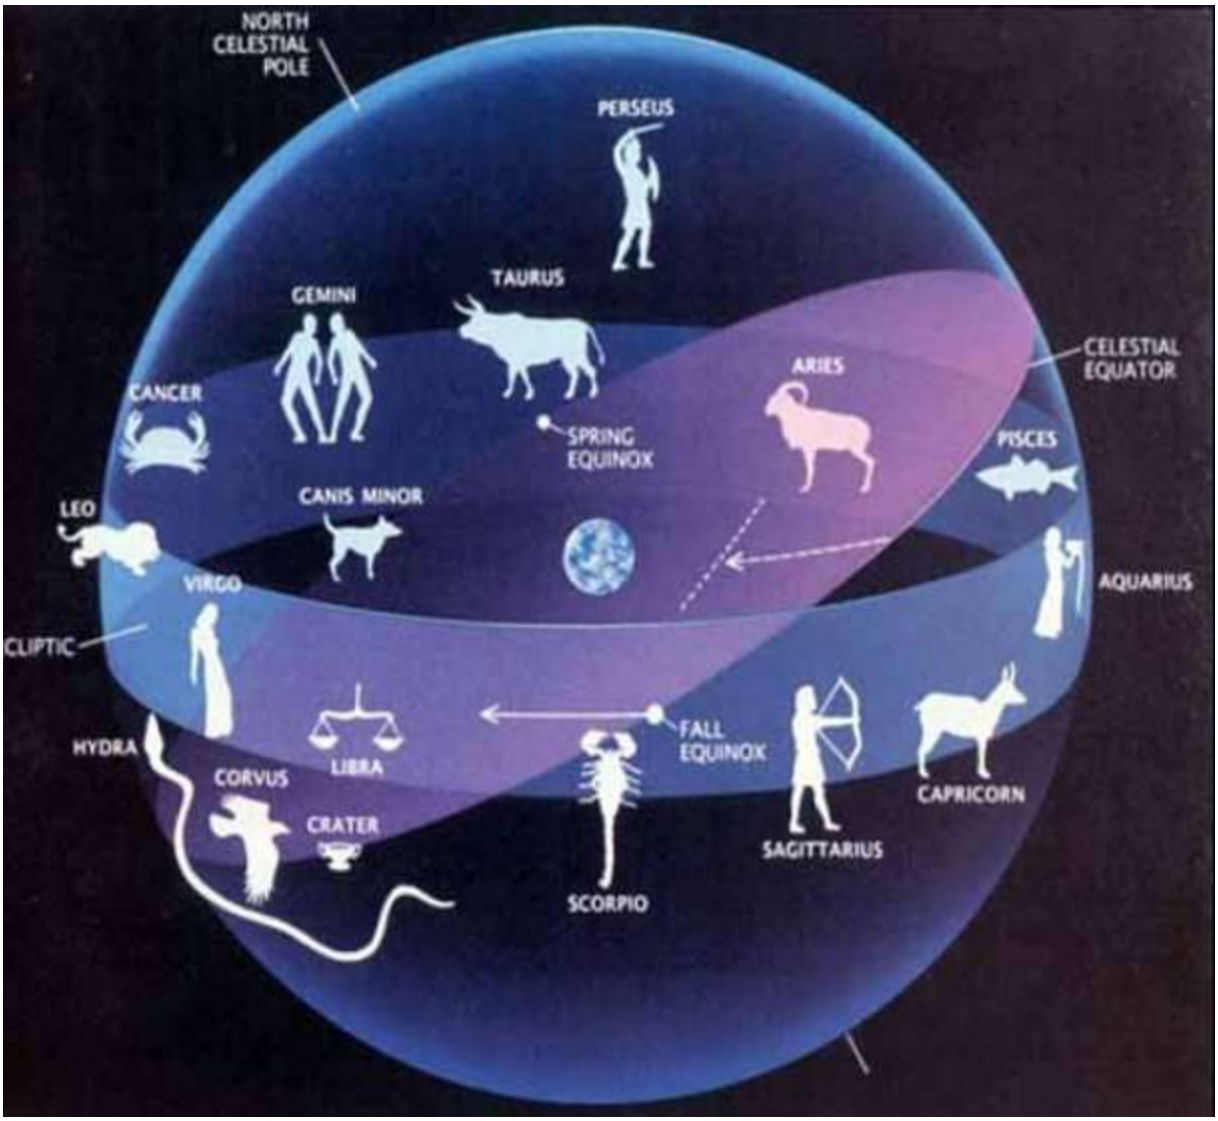
Cosmologists have proven that not only do planets orbit the sun but our entire solar system gyrates in a spherical manner as it is influenced by gravitational forces from larger heavenly bodies. The sun and its respective planets orbit another Star system which

t.me/ufopediapdf

in turn orbits another and so on. In this manner our tiny Earth is dragged around the outskirts of the Milky Way. It is now known that we complete a full orbit of the Milky Way every 26,700 years or so.

The Age of Aquarius is especially important as our planet and all the ‘energy bodies’ that exist on Earth are receiving a ‘supercharge’ of Universal Energy. In short we are leaving the ‘Cosmic Winter’ behind and entering the ‘Cosmic Spring’.

t.me/ufopediapdf



The Maya knew this as did many of our ancestors throughout the world. The Mayan Prediction (incorrectly interpreted) states that in 2012 the planet enters a New Age. Beware listening to New Age Prophecy as much is self-styled aggrandisement. There are perhaps beings from our Galaxy or our future that have arrived in our skies

t.me/ufopediapdf

at this auspicious time. There certainly is testimony from many people having contact with E.B.E.s – many of whom are very similar in appearance to humans. I am asking that you be careful before you believe the many ‘trance state’ messages that are ‘being received’ by self-styled mediums.

Other universes, other dimensions. Are we able to travel to them via wormholes? Are the UFOs we see daily in our skies appearing from other dimensions, our future or just one of the infinite number of parallel universes? Are these UFOs piloted by Anunnaki returning to plunder our planet?

t.me/ufopediapdf

Perhaps you were expecting a book that went to great lengths to disprove such ancient battles as Kardesh or the veracity of the Roman Empire. If so I am sorry to disappoint you.

The entire testimony to the bloody history of humanity is of little consequence to those living today. Doubtless thousands of wars were fought between empires with a bloodlust that is unequalled

t.me/ufopediapdf

until modern times. They were fought for land, precious resources and on more than one occasion simply to prove the enemy was not invincible. This was the prime concern of Alexander who insisted on being referred to as Great.

What is less well known is that Alexander sought immortality. He was convinced that he was conceived from the gods and indeed soujourned in Egypt where he sought advice from magical Viziers there. To his eternal disappointment he died young.

This raises two important points. The first is that a single human being may achieve greatness if he/she simply ‘put their mind to it’. We call this positive thinking and by god Alexander took this method to extremes. Was he inhuman or more talented than other mortals? The simple answer is anyone can achieve greatness if they turned off the television and applied the power of imagination and

t.me/ufopediapdf

will.

My second point is that Alexander seriously believed he was

t.me/ufopediapdf

descended from the gods. As did Noah, Abraham and most of the Presidents of the United States of America. This is no idle belief as all such individuals were told that indeed they had the blood of their gods running through their veins. All European and Russian monarchs were considered Divine because they were proven descendents of a lizard race we call the Anunnaki.

David Icke takes this point one step further by insinuating that the British Royal and Bush families are reptile shape shifters. Personally I suggest that these people are hybrid human/Anunnaki. One thing is certain this High Society elite neve marry ‘beneath themselves’.

In other books I trace the ancestry of specific individuals effectively ‘marrying’ them to this self-obsessed species known as the Arcons. Carefully and with single-mindness the Anunnaki have

t.me/ufopediapdf

obtained control of planet Earth and all of its resources. Their greatest resource is the plentiful supply of humans.

Although I shall not dwell here on this subject those who are descendents of the gods practice evil magic, worship of demons, paedophilia and even necrophilia.

In my book Mars and Moon Bases I explain further just how much of a hold this race of reptiles has not only on planet Earth but every planet in our solar system. They are a deceitful, bloody-minded warrior race with no scruples.

There is a force at work that does not wish for us to remember what powerful souls we are. They are unable to actively create for themselves and indeed can only copy. They possess no goodness and are truly self-serving with no heart. They control the Illuminati elite bankers, politcians, military and law enforcement. They are

t.me/ufopediapdf

the Anunnaki and in the bible they were called the Nephilim.

And it came to pass when men began to multiply on the face of the Earth and daughters were born unto them that the sons of God saw the daughters of men that they were fair and they took of them wives of all which they chose.

There were giants upon the Earth in those days, and also thereafter too, when the sons of God came in unto the daughters of men and they bare children to them, the same mighty men of old, men of geat renown.

The Gnostics call these giants the Arcons.

t.me/ufopediapdf

Who are the Arcons?

Gnostic texts clearly state that Jehovah (YHWH) is the “Lord Archon,” a reptilian type of alien predator who dominates the

t.me/ufopediapdf

hive-mentality of the embryonic or Grey aliens.

The Gnostics call Jehovah Yaldabaoth. He is described as an extraterrestrial giant who rules the planetary system (Nibiru) that is the twin to our own.

Until recently such assertions would appear to be the product of the over active imaginations of ‘monks’ living in caves, specifically Qumran (a site in the vicinity of Jerusalem).

Astronomers and cosmologists have stated that in fact we do exist in a binary system. Most solar systems have two ‘suns’ and ours is no exception. The twin to our sun is thought to be a brown dwarf Star. Names such as Nemesis, planet X, the Red Planet and Nibiru have been proferred for this mysterious Star and its orbiting planets.

t.me/ufopediapdf

The Sumerians were not only aware of this twin system they knew it became visible every 3600 years or so. They also stated that the 'gods' originated from this system. They named the gods Anunnaki, the same entities that the Gnostics clearly state enslaved the human race some 450,000 years ago – the Arcons. They define Jehovah (Marduk - grandson of the ruler of Nibiru) as a demented alien with superhuman or deific powers. Gnostics taught that Jehovah infects humanity with the belief that he is their creator god but in fact he cannot create anything.

Jehovah insisted that the emerging Hebrews worship him as their one god. Time after time they resisted him. The Torah is testimony to the punishments they received for not bending to his will. It was not until the book of Genesis was being compiled (a poor copy of previous Assyrian works) by two Semite scholars whilst captive in Marduk's Babylon that those who were to become the Jews finally bowed to Jehovah.

t.me/ufopediapdf

This is perhaps the most important rediscovery in history. People such as David Icke and Alex Jones have investigated the present circumstances on planet Earth and reached similar conclusions to

t.me/ufopediapdf

myself. Having proved the existence of the Illuminati, Anunnaki and their combined plan for a One World Government in many of my books I lay out for you in this book the startling Truth of our history on Earth. Should you require further proof please read my other books including **Prison Planet Earth.**

The Earth (Gaia) is a living entity as indeed are plants, crystals, rocks and even the atmosphere. Invisible (to human eyes) beings (many benign) coexist with us on this planet. Some are known as Djinn. Please read my books Angels and Djinn. We perceive a shockingly tiny 0.000001% of all that exists in the physical universe.

Hundreds of thousands of years ago the Arcons (Archons, Anunnaki) captured then genetically altered unfortunate souls in East and South Africa before forcing them en masse to work in goldmines.

t.me/ufopediapdf

Thousands of Africans were flown to Mesopotamia where they served Enlil and his wife Ninlil. Among the first emigres were Adam and Eve. They became the first rulers of the Fertile Crescent.

So coal black-skinned individuals were introduced into the Fertile Crescent initially to serve Enlil (son of Anu and Lord of the Air). They were known as the Lulu and Enlil was said to be infuriated with their chattering. The original Jews and the original Sumerians were negroid. See later for more details.

Adam was initially married to an Anunnaki princess known as Lilith. She was disgusted with his behaviour and refused to partake in coitus. Consequently Adam's DNA was 'tinkered with' by Enki (Lord of Ki – our Earth) and Enki's half sister Nintu (Lady of the Rib). As geneticists the pair were more than capable of 'switching

t.me/ufopediapdf

off' what scientists term junk DNA.

Adam was said to 'be put to sleep' and when he awoke he was married to Eve.

It is conceivable that both Adam and Eve were highly intelligent human beings and that the people of Africa were duped or terrified into partaking in these most hideous experiments. Coincidentally Ridley Scott has released a movie called Prometheus that offers a useful example to what occurred hundreds of thousands of years ago.

Please watch the Alex Jones you tube video explaining the movie Prometheus.

At this time (450,000 BC) the continents of Atlantis and Lemuria existed. For full details read my books Atlantis and Ancient

t.me/ufopediapdf

Nuclear Wars. Therefore the Anunnaki influence was largely in Africa and the Middle East. However in time this influence encroached on the peoples of Asia (Chinese tradition clearly states their original gods were dragons or serpents), the Indian subcontinent and (allowing for the melting of great packs of ice during inter glacial periods) the Americas.

How did (and do) the Arcons influence humanity?

- Terror and intimidation
- Promise of enticing knowledge and technology to the military
- Downright lies including false flag operations

I feel at this moment this is sufficient information. I shall present the remainder later in this book. Suffice it to say here that the Anunnaki promote a view of the world that is entirely false.

t.me/ufopediapdf

Ancient Nuclear Warfare

I am positive you will be astounded to know that nuclear weapons have been discharged many times in the past. In fact there have been at least three holocausts. One decimated a race on Mars (the Aryans). They fled to Earth then populated what is present day Pakistan and India. A second eradicated the people of

t.me/ufopediapdf

Atlantis and a third occurred ca 2024 BC in the Middle East. Evidence is presented in many of my books. Let us look at just some of this evidence, beginning with the Mahabarata and the Vedas.

Gurkha (a god) flying a swift and powerful vimana hurled a single projectile charged with all the power of the Universe.

Kayano Nagai remembers “I saw the atom bomb. I was four then. I remember the cicadas chirping. The atom bomb was the last thing that happened in the war and no more bad things have happened since then, but I don’t have my Mummy any more. So even if it isn’t bad any more, I’m not happy.”

An incandescent column of smoke and flame, as bright as the

t.me/ufopediapdf

thousand suns, rose in all its splendor. A perpendicular explosion with its billowing smoke. The cloud of smoke rising after its first explosion formed into expanding round circles like the opening of giant parasols.

"The explosion occurred less than half a mile above the city and destroyed 90 percent of the downtown buildings".

It was an unknown weapon, an iron thunderbolt, a gigantic messenger of death, which reduced to ashes the entire race of the Vrishnis and the Andhakas.

In less than one second, the fireball had expanded to 900 feet. The blast wave shattered windows for a distance of ten miles and was felt as far away as 37 miles. Over two-thirds of the buildings were

t.me/ufopediapdf

demolished. The hundreds of fires, ignited by the thermal pulse, combined to produce a firestorm that had incinerated everything within about 4.4 miles of ground zero.

The corpses were so burned as to be unrecognizable. The hair and nails fell out. Pottery broke without apparent cause and the birds turned white. After a few hours all foodstuffs were infected. To escape from this fire the soldiers threw themselves in streams to wash themselves and their equipment.

Not only were people dying everywhere, but for the first time people were faced with the genuine possibility that a weapon had been created that could easily annihilate the entire human race. Also the immensity of the incredible destruction and chaos inflicted on the survivors had never been seen before.

t.me/ufopediapdf

Never before had one bomb impacted any people, area or environment so greatly. In addition, the medical consequences of radiation exposure were not well understood at that time, making the lives of survivors that much more challenging. Because the consequences of radiation were poorly understood, survivors were stigmatized in their culture (Goto & Wilson 2003).

t.me/ufopediapdf

The above account of the devastating effects of a nuclear explosion is in fact two accounts separated by thousands of years. I have deliberately confused the two by mixing the accounts. One describes the dropping of ‘Enola Gay’ on Hiroshima at the end of the Second World War, the other is an account from the Mahabarata thousands of years ago.

Uncannily the two accounts dovetail. They are defining the same event at two vastly different times in history. I shall describe in detail more of the nuclear wars that occurred thousands of years ago. They were fought between the Atlanteans and the Aryans. The proof lies in the incredibly detailed and extremely lengthy Mahabarata.

A manuscript written in Sanskrit by King Bhoja details the techniques of warfare and war machines. His work is

t.me/ufopediapdf

entitled Samarangana Sutradhara (Battlefield Commander). The entire chapter 31 is devoted to the construction and operation of several kinds of aircraft which are powered by different means. The diversity of UFOs seen daily in our skies is testimony to the many shapes and differing means of propulsion. They were then known as Vimana.

King Bhoja was proud of his impressive vimana. He named them yantra. He writes lovingly about his death machines:

"They were propelled by air and inside is placed a mercury engine with an iron heating apparatus beneath. By means of the power latent in the mercury sets the driving whirlwind in motion. Four strong mercury containers must be built into the interior structure.

t.me/ufopediapdf

When these have been heated, by controlled fire from iron containers, the Vimana develops thunder-power through the mercury. And at once it becomes a pearl in the sky. If the iron engine with the properly welded joints be filled with mercury and fire conducted into the upper part, it develops the power with the roar of the lion. A man sitting inside may travel a great distance in the sky in a most marvellous manner. Similarly by using the prescribed processes one can build a Vimana as large as the temple."

Did a War Take Place at the End of the Dryas Period?

The end of the older Dryas period abruptly ends with a dramatic drop in temperature. It proves difficult to radio carbon date fossils from this period. Layered deposit studies provide incredible confirmation of irregularities in these chronological

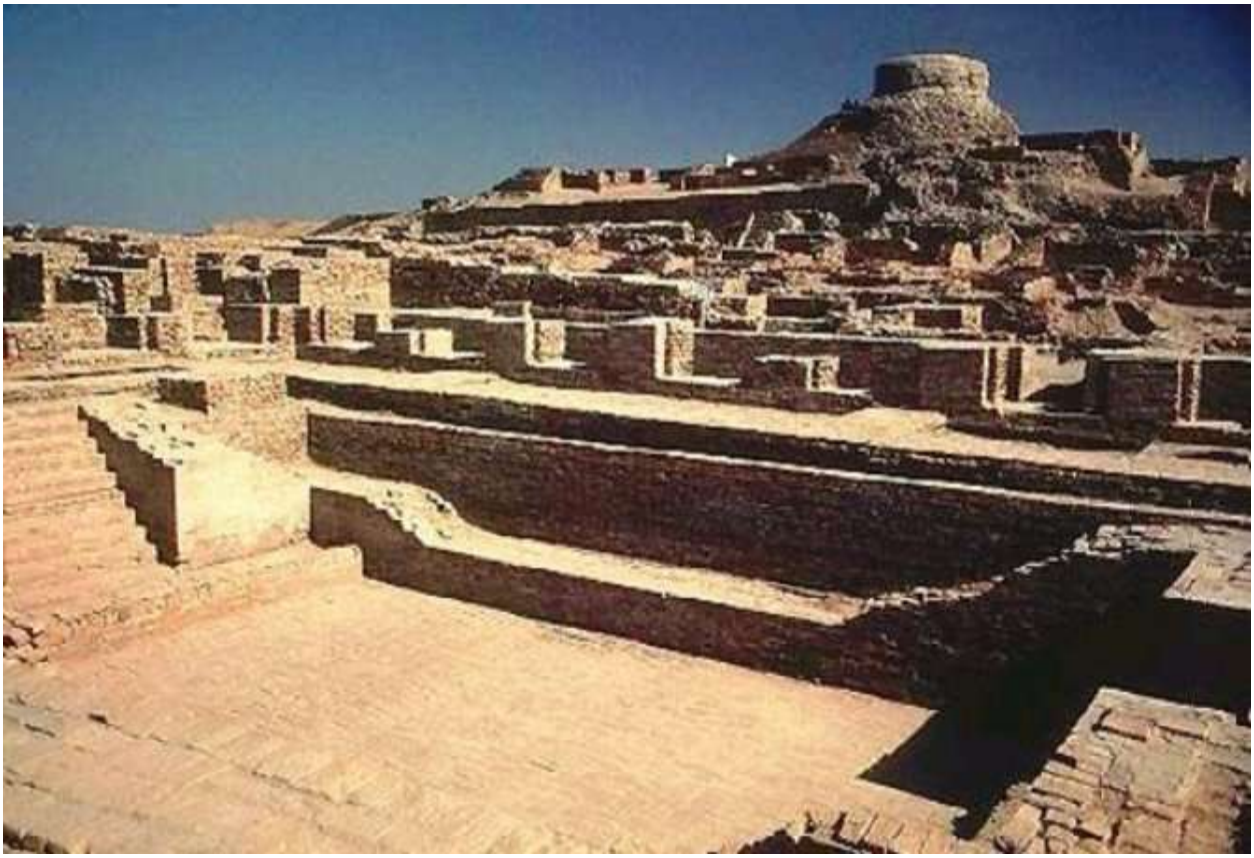
t.me/ufopediapdf

records. Fused sand is found throughout the planet, particularly in deserts. I will not bore you with the evidence (I have covered this in other books) but it points to the strong possibility that the massive drop in average temperatures supports the strong possibility that a nuclear war or wars caused these irregularities. There were also cataclysmic changes at this time, including tsunami, earthquakes and massive volcanic eruptions.

It has taken until the twentieth century for weapons technology and archaeological discoveries to confirm the shocking truth that we were engaged in nuclear warfare thousands of years ago. One such archaeological site is at:

Mohenjo-daro ca 2600 BC. This is the earliest known town to boast drainage, bathing, two storey dwellings and running water to individual dwellings.

t.me/ufopediapdf



Mohenjo-daro, communal bath house

Seals have been found at Mohenjo-daro depicting a figure standing on its head, and another sitting cross-legged. Yoga was practiced in this fascinating city. Musicians entertained these cultured people. Spectacular wrought iron work, beautiful pottery and fascinating jewellery were discovered here. These people were a maritime

t.me/ufopediapdf

nation, trading with peoples from China, Mesopotamia and Arabia. These people were practicing Hindis.

So far only Harappa and Mohenjo daro have been extensively excavated. What other jewels in the Indian and Pakistani crowns await us under the earth?

Both cities have a dreadful tale to tell us regarding their terrible and unexpected destruction.

t.me/ufopediapdf

Medical authorities reported an unnaturally high rate of birth defects and cancer in a three square mile region around Rajasthan, India. When scientists suggested checking for radiation levels they

t.me/ufopediapdf

registered so high that the Indian government was forced to cordon off the region.

The cities of Mohenjo daro and Harappa have been excavated since around 1921. Archaeologists are deadlocked on a plausible explanation for why there are so many fused lumps of stone at both sites. It is as if an instant flash of tremendous power fused otherwise porous stone many thousands of years ago. Remember the green ‘glass’?

People were lying, unburied, in the streets of the city. Skeletons lay in abundance in the streets, many apparently holding hands. Massive amounts of radioactive ash were detected throughout the dig. The oldest and deepest parts of the dig may be 12000 years ago. Up to half a million people seemed to have died in an instant.

t.me/ufopediapdf

Archaeologist Francis Taylor wrote about a temple inscription he had translated:

“We pray to be spared from the great light that is coming to lay ruin to the city”

Gorbovsky (in his book “Riddles of Ancient History”) wrote that

t.me/ufopediapdf

tested skeletons in these regions exhibited levels of radioactivity up to fifty times greater than normal. This then presupposes they died as the result of radiation poisoning or a direct blast from a nuclear bomb.

The final proof is hundreds of clay pots that were found fused into a solid lump.

t.me/ufopediapdf

Another curious sign of an ancient nuclear war in India is a giant crater near Mumbai (formerly Bombay). The Lonar crater is 2,154-metres in diameter. It is located 400 kilometres northeast of Mumbai and is less than 50,000 years old. There is no trace of meteoric material.

This is the world's only known "impact" crater in basalt. Indications of great shock (from a pressure exceeding 600,000 atmospheres) and intense, abrupt heat (indicated by basalt glass spherules) suggests that the region suffered a direct nuclear blast – but when?

With the apparent discovery of this irradiated area, parallels have been drawn to passages from the Mahabharata. One reads:

... (it was) a single projectile

t.me/ufopediapdf

Charged with all the power of the Universe.

An incandescent column of smoke and flame

As bright as the thousand suns

Rose in all its splendour...

...it was an unknown weapon,

An iron thunderbolt,

A gigantic messenger of death,

Which reduced to ashes

The entire race of the Vrishnis and the Andhakas.

...The corpses were so burned

As to be unrecognisable.

The hair and nails fell out;

Pottery broke without apparent cause,

And the birds turned white.

After a few hours

All foodstuffs were infected...

....to escape from this fire

NUCLEAR HOLOCAUST IN THE MIDDLE EAST

t.me/ufopediapdf

The year (I believe) is 2024 BC:

"Doomsday came in the twenty-fourth year when Abraham, encamped near Hebron, was ninety-nine years old.

"And the Lord appeared unto him in the terebrinth grove of Mamre as he was sitting at the entrance of the tent, in the heat of the day. And he lifted his eyes and looked, and behold - three men were stationed upon him; and as he saw them he ran from the entrance of the tent towards them, and bowed to the ground."

The Lord said "The outcry regarding Sodom and Gomorrah being great, and the accusation against them being grievous."

t.me/ufopediapdf

(Note the Lord is the literal translation here and not God. God never takes a physical form).

The Lord goes on to disclose to Abraham the planned destruction of those who have sinned.

Another important fact, little remembered by biblical scholars, is that the destruction of enemy states was a postponable event and certainly a specific date had not been set when Abram was visited by these three messengers from the Lord.

Abram appeals to the Lord (despite no protest when he was asked to sacrifice his son) to no avail.

At eve time, the two emissaries (Mal'akhim) of the Lord arrived

t.me/ufopediapdf

at Sodom. They warned Lot to flee the city with his family. Despite being warned of the danger of looking back Lot's wife turned to witness the destruction of Gomorrah and was instantly vapourised. Its heat and fire scorched all before it; its radiation affected people even miles away.

"The people I will make vanish,
their souls shall turn to vapor and
they beheld there smoke rising
from the earth as the smoke of a furnace."

The southern part of the Dead Sea still bears the local name "Lot's Sea" The springs surrounding the Dead Sea are contaminated with radioactivity to this day:

"enough to induce sterility and allied afflictions in any animals

t.me/ufopediapdf

and humans that absorbed it over a number of years" (I.M. Blake from "Joshua's Curse and Elisha's Miracle" in The Palestine Exploration Quarterly).

Zecharia Sitchin suggests that combative forces enlisted by rival reptilians (pro and anti Anunnaki) were lining up for a great battle: They (as always) used humans as pawns in their conflicts. Initially there was no thought of employing nuclear weapons as the Sumerian, Akkadian and Babylonian civilizations lay to the East and the Egyptian civilization to the West.

The main protaganists were Ninurta (son of Enlil) and Marduk (son of Enki). Marduk was determined to rule planet Earth as his father had been passed over. Enlil (despite being the younger brother) ruled planet Earth – Ki to the Sumerians.

Abram had been warned that the landing site in the Sinai and mission control centre in Jerusalem would come under attack by

t.me/ufopediapdf

forces marshalled by Marduk. They were the Babylonians and Elamites. Abram successfully defended the mission control centre but was hard pressed to race thereafter to the Sinai Penninsular. Consequently Ninurta received permission to use limited nuclear weapons.

The tactic worked, decimating Marduk's troops. Unfortunately the nuclear blast and ensuing nuclear winter eradicated the Akkadian and Sumerian civilizations. Sinai was saved at the expense of hundreds of thousands of helpless humans.

The destruction of the cities of the plain (Sodom in Gomorah) was therfore not the full story.
The Anunnaki had 'finished' with our planet. They abandoned Earth en masse, leaving Marduk and his few faithful followers. The deadly radiation lingered for many years thereafter throughout the Middle East.

t.me/ufopediapdf

Whilst awaiting for the Middle East to once again become habitable Marduk made himself comfortable in Egypt. Please remember these guys have highly advanced technology and weaponry and are over three metres tall.

The North American Military Complex is preparing itself to duplicate the error of 2024 BC
Having enlisted the grey aliens (emissaries of Marduk) the US Military (urged on by evil industrialists such as the Bush family, Rothschilds and Rockefellers) are poised to launch yet another False Flag Operation (remember WMD and 9/11?).

Marduk's (Molluch, Lucifer, Satan, the Devil) aim is nothing less than total domination of planet Earth. He cannot return to his home planet – even the Anunnaki don't like him. In the remaining few thousand years of the life he has left he intends to enjoy himself.

t.me/ufopediapdf

The prophecies (not least Revelation) all relate to this megalomanaic. Marduk has systematically divided the world's population into warring tribes and diversified religions to perpetuate hatred of other races, nationalities and those with differing opinions. He has succeeded in creating terror, bigotry and spread such disinformation that the whole world is rocked by his lies and deceit. Quite honestly nobody knows what is true and what to believe.

Using his 'puppets' (promising then immortality) Marduk has control of your food, water and resources as well as the media, education and military.

The final act is to destroy the infrastructure of the USA then issue a False Flag Operation. This final FFO shall terrorize humans into believing we are being invaded by aliens. Any chance of a rescue mission from friendly extra terrestrials shall be impossible.

t.me/ufopediapdf

Let us envisage what we have in store for us. After all history repeats itself.

On the Land (Sumer) fell a calamity,
one unknown to man:
One that had never been seen before,
one that could not be withstood.

The Year of Doom - 2024 B.C. - was the sixth year of the reign of Ibbi-Sin. He was the last king of Ur.

In Ur, Amar-Sin was replaced by his brother Shu-Sin, who ascended the throne to find the great alliance shattered and Ur's erstwhile allies now overtaking the crumbling empire.

"Although they, too, had been discredited by the War of the Kings, Nannar and Inanna were at first the gods in whom Shu-Sin had put his trust. It was Nannar Sin who had "called his name" to

t.me/ufopediapdf

kingship; he was "beloved of Inanna" and she herself presented him to Nannar. Shu-Sin sought confirmation that he was "the king whom Enlil, in his heart, had chosen."

Enlil did not respond. Instead his spouse Ninlil (who had remained in Nippur) spoke to Shu-Sin. Ninlil gave him a "weapon which with radiance strikes down... whose awesome flash reaches the sky."

In February 2031 B.C.the Near East experienced a total lunar eclipse. The oracle priests predicted misfortune:

"to the king who rules the four regions: his wall will be destroyed, Ur will become desolate."

"The lands I will destroy, to a dust-heap make them. The cities I will upheaval, to desolation turn them. The mountains I will flatten, their animals make disappear. The seas I will agitate, that

t.me/ufopediapdf

which teems in them I will decimate. The people I will make vanish, their souls shall turn to vapour, none shall be spared. . . .

"

He dug through the sea,
its wholeness he divided.
That which lives in it,
even the crocodiles
he made wither.
As with fire he scorched the animals,
banned its grain to become as dust.
The people, terrified, could hardly breathe;
the Evil Wind clutched them,
does not grant them another day . . .
Mouths were drenched in blood,
heads wallowed in blood . . .
The face was made pale by the Evil Wind.

t.me/ufopediapdf

Should you wish for complete details of the nuclear war in Mesopotamia please read the fascinating books of Zecharia Sitchin.

In my book Third World War I outline just what we can expect in the ensuing years. These are not predictions, simply repeating the years building up to the nuclear holocaust of 2024 BC.

How on Earth Did We Get in this Mess?

So far I have postulated that the original humans were advanced souls who incarnated in bodies, created by themselves, on planet Earth. For rmillions of years they played wonderful ‘games’ of building, beautifying and exploring our magnificant planet.

We created everything using our amazing ability to manifest anything from imagination. This is the secret of the human soul.

t.me/ufopediapdf

We have unlimited powers of creation. Our physical incarnations ‘emerge’ from Pure Potential – all that Is, Was and Ever Can Be. For complete details read my series of books **The Glory of God.**

Many other extra terrestrial species possess these powers and together all such species have manifested the Multiverse. Despite time being an illusion it has been written in the Vedas that the Golden, Silver and Bronze Ages lasted for what seems eternity.

Perhaps these souls became bored with happiness, peace and instant prosperity. Perhaps they wished for a more ‘roller coaster ride’ existence. As Bill Hicks used to say

“The world is like a ride in an amusement park. And when you choose to go on it you think it's real because that's how powerful our minds are. And the ride goes up and down and round and round. It has thrills and chills and it's very brightly coloured and

t.me/ufopediapdf

it's very loud and it's fun, for a while. Some people have been on the ride for a long time and they begin to question: ‘Is this real, or is this just a ride?’ And other people have remembered, and they come back to us, they say, "Hey, don't worry, don't be afraid, ever, because this is just a ride." And we kill those people.”

The Anunnaki, in fact all evil including demons, are a product of our perception of life. Such entities are a product of our fertile imaginations and they know this to be true. The Illuminati elite, military industrial complex and world religions are similarly the result of a combined effort by enlightened souls to present to themselves the Greatest Game Of All Time.

All of our history, that which is occurring on our planet now and more importantly that which shall transpire in future is created by all of us – the Collective Consciousness. When we realize this we shall jointly change the ‘Control Mechanism’ currently engineered by the Rothschild and Rockefeller families. It is that simple. Buy

t.me/ufopediapdf

into what appears to be occurring on planet Earth and it continues. Alternatively deny its existence and instead create a new (more pleasant) reality. Many individuals and collectives are already fashioning their future, simply by intent. For example check out Jacque Fresco who had a dream of a perfect society since he was a child. He is the founder of the Venus Project:

The Venus Project proposes an alternative vision of what the future can be if we apply what we already know in order to achieve a sustainable new world civilization. It calls for a straightforward redesign of our culture in which the age-old inadequacies of war, poverty, hunger, debt and unnecessary human suffering are viewed not only as avoidable, but as totally unacceptable. Anything less will result in a continuation of the same catalogue of problems inherent in today's world. Today many people believe what is needed is a higher sense of ethical standards and the enactment of international laws to assure a sustainable global society.

Now let us return to the ‘roller coaster’.

A Brutal Game

Hundreds of thousands of years ago a reptilian race chose planet Earth as its next conquest. There is a great deal of evidence to prove that long before the Earth was chosen the outer planets were individually invaded beginning with Neptune. The most recent planet (before Earth) to be raped was Mars. This evidence is presented in my book **Mars Colony and Moon Bases.**

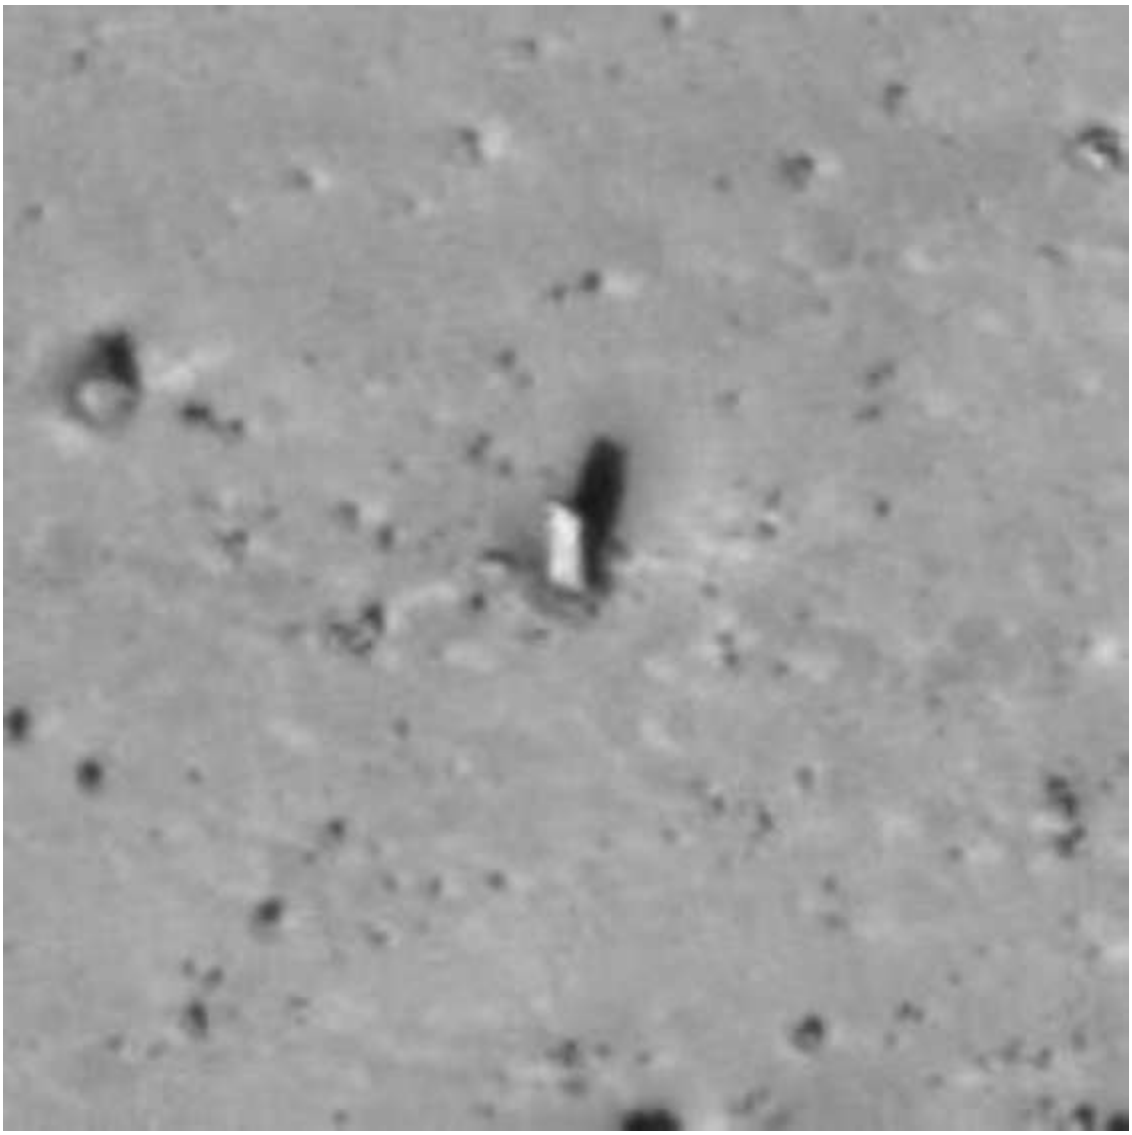
Suffice it say here that the following moons are thought to be hollow ‘Death Stars’ somewhat like the original in the Star Wars movies. A little far-fetched for you? Then how did Arthur C

t.me/ufopediapdf

Clarke (producer of 2001:A Space Odyssey) know that there are monoliths on specific moons in our solar system? Check him out on you tube.

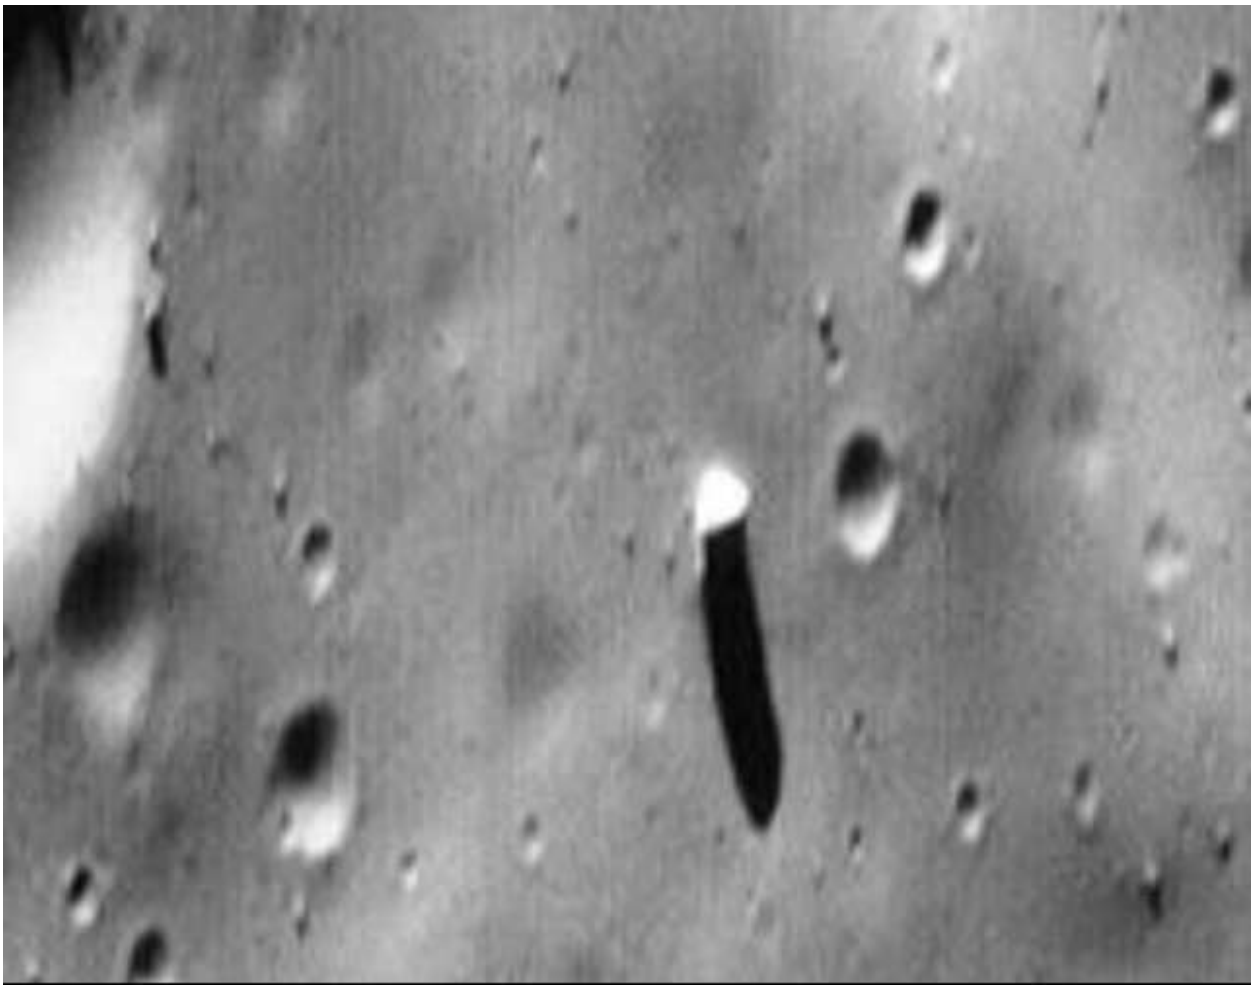
The Mars reconnaissance orbiter flashed photographs back to NASA of a large monolith situated on the surface of Mars

t.me/ufopediapdf



The **Phobos monolith** is a large rock on the surface of the moon Phobos (a moon of Mars).

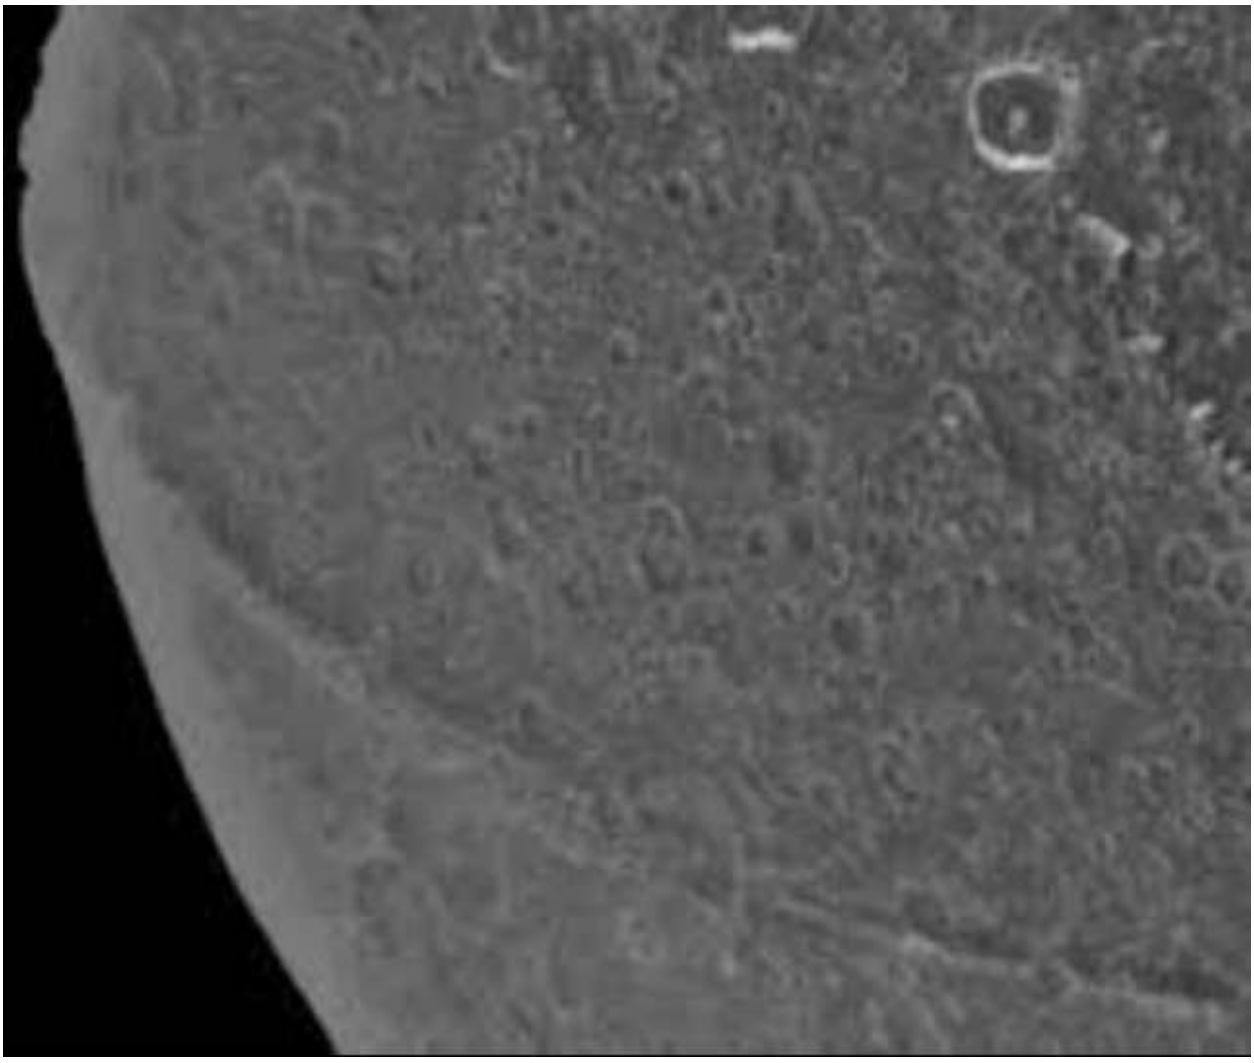
t.me/ufopediapdf



The moon Iapetus (orbiting Saturn) presents a giant equatorial ridge many miles high, encircling the entire moon. It appears (from the Cassini probe) to be a ‘join’. Half of this moon is light in colour and the other half dark. Could this be an early attempt at creating a hollowed out computer-controlled frequency jammer much like our own moon? For full details read Mars Colony and

t.me/ufopediapdf

Moon Bases by Gary Margrove.



t.me/ufopediapdf

There is serious doubt that the LHC at Cern, Switzerland was designed with our best interests at heart. It has been known for almost two centuries that the power attested to the Illuminati elite originates from dark Demonic forces.

The Rothschild and Rockefeller families (false Jews, actually

t.me/ufopediapdf

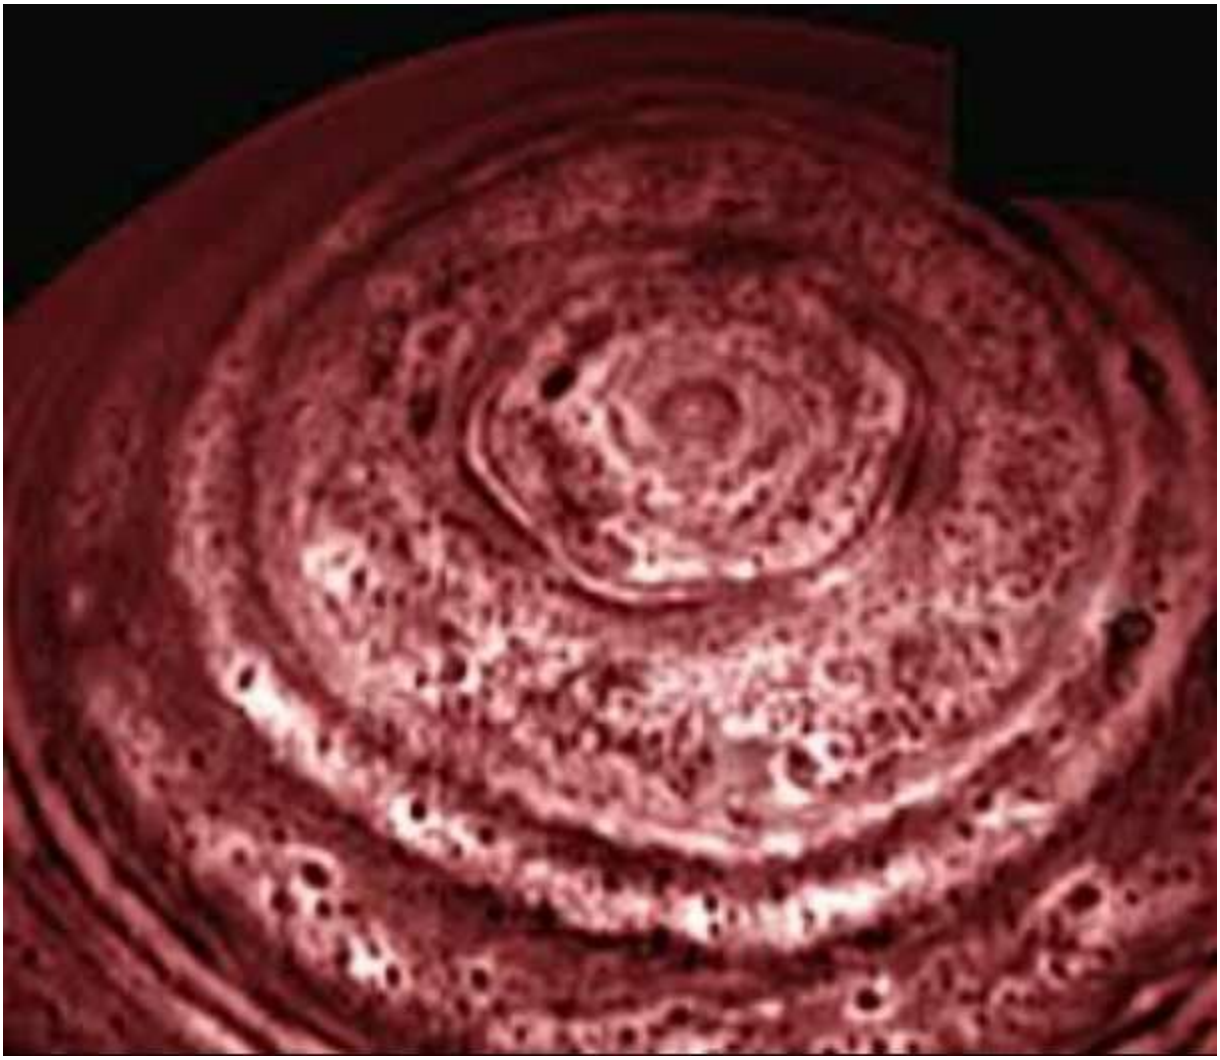
Zionists) religiously slaughter babies and young children as offerings to their gods Baal, Lucifer and Molluch. Benjamin Franklin was a member not only of the Freemasons but also the Illuminati. When his house in London underwent recent renovation the skeletons of dozens of youngsters were discovered buried under the floor. The Bush family also are practicing paedophiles.

Some scientists are beginning to believe that the LHC is a means of summoning demons from another dimension. Ordinarily they are not able to remain on our planet for lengthy periods. However, the portal we call the planet Saturn offers a means of entering our dimension. The LHC may soon create a large black hole right here on Earth. This shall act as a stargate. Read the following:

http://www.terrapapers.com/?p=31613

t.me/ufopediapdf

The planet Saturn is a gas giant but there is a rather strange anomaly at its North pole – a perfect hexagon. Energy arising from and passing to the North pole has been permanently detected since the 1980s.



t.me/ufopediapdf

A weird ‘weather effect’ travels clockwise inside this hexagon, eerily missing the edges yet travelling at an incredible speed.

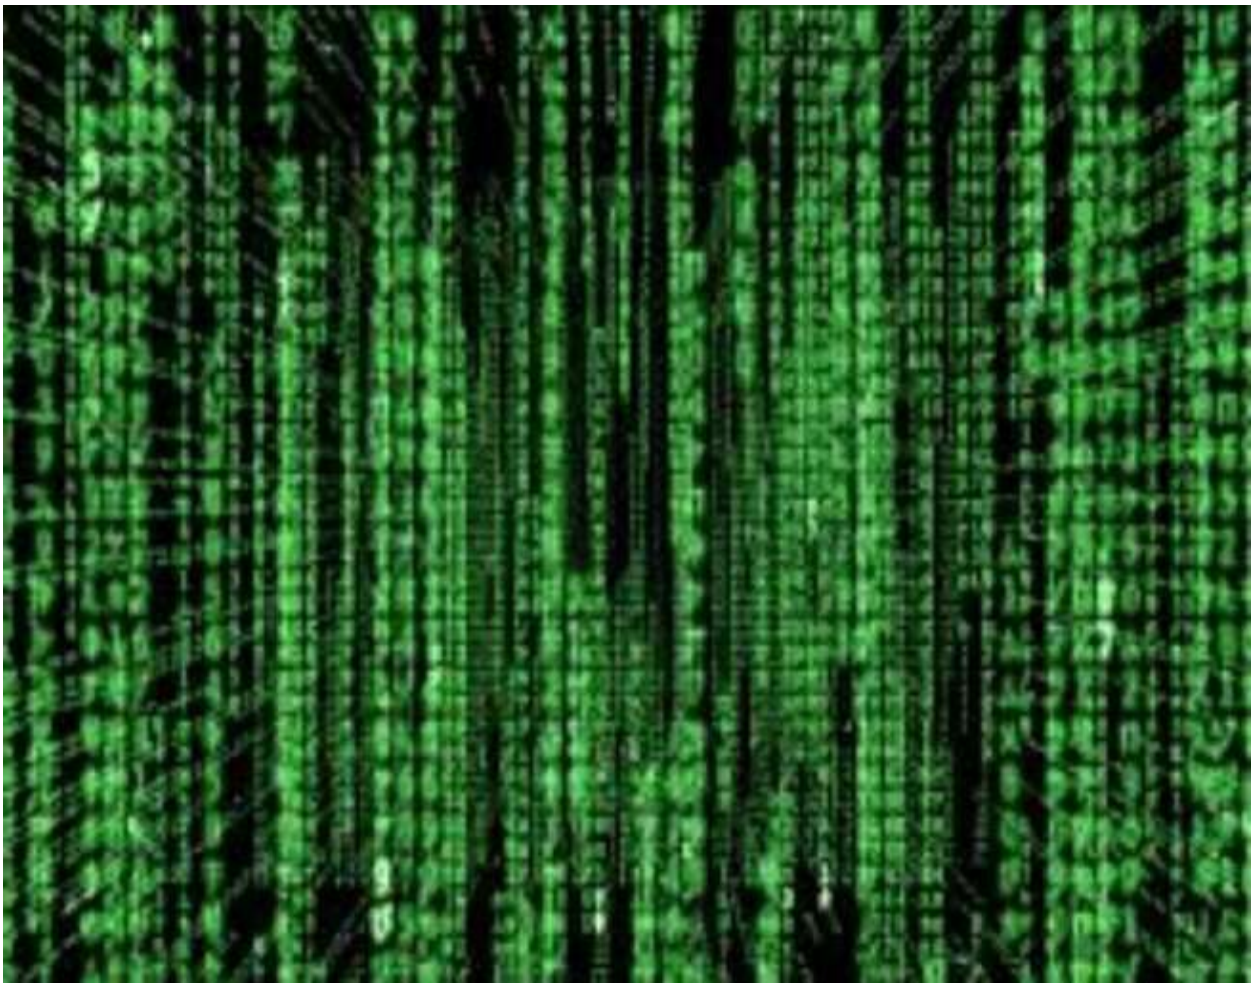
The oral taditions of the Zulu race tell us that our moon has not always been present in the night sky. There was a time before the moon. David Icke and a growing number of reputable people now believe that our moon and scores of others in our solar system have been deliberately placed in orbit around planets to act as ‘frequency jamming’ devices.

The natural frequency of the planet itself and of course the frequency under which human behaviour is at its best is therefore tampered with. This acounts in part for our totally eccentric and extremely vicious behaviour not only towards other life forms but other humans.

t.me/ufopediapdf

I said before in the beginning was the Sound. All planets and Stars, in fact all life comprise energy that is only made physical by specific repetitive frequencies. Stop the transmission then the physical object ceases to be. Alter the frequency ever so slightly and the ‘constant message’ from the galactic black hole is received but distorted. This can be likened to a Trojan in a computer system. We exist in a virtual reality experience much like that in the Matrix movies.

t.me/ufopediapdf



I shall leave you to research further or read my other books.

Adam's Calendar

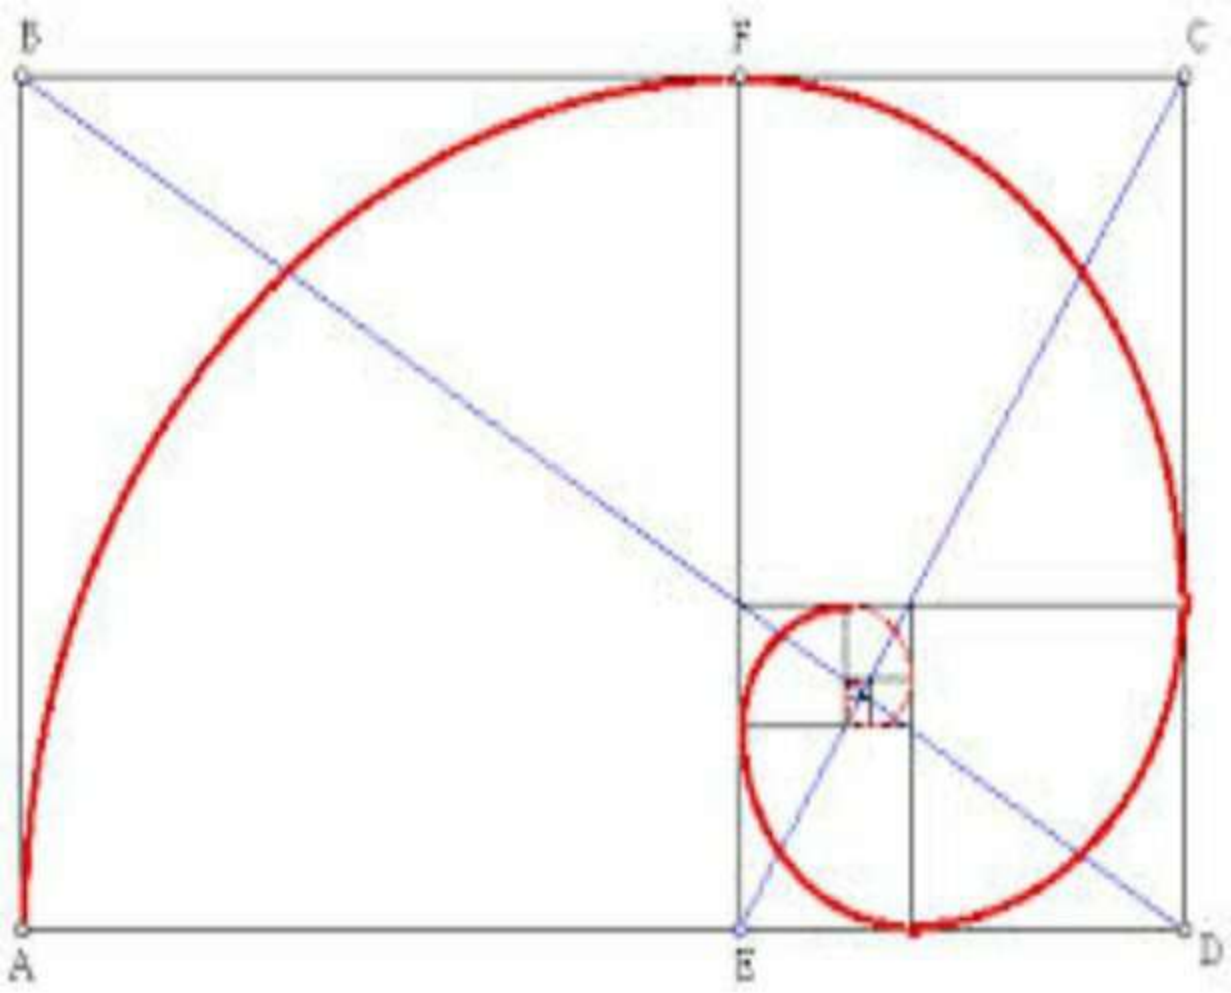
Stone circles (similar to Stonehenge in England) are found throughout Africa. Archaeologists have no idea why they are

t.me/ufopediapdf

present in such number and for what purpose they were built. Rather than admitting they are baffled some have stated they are Kraals for cattle.

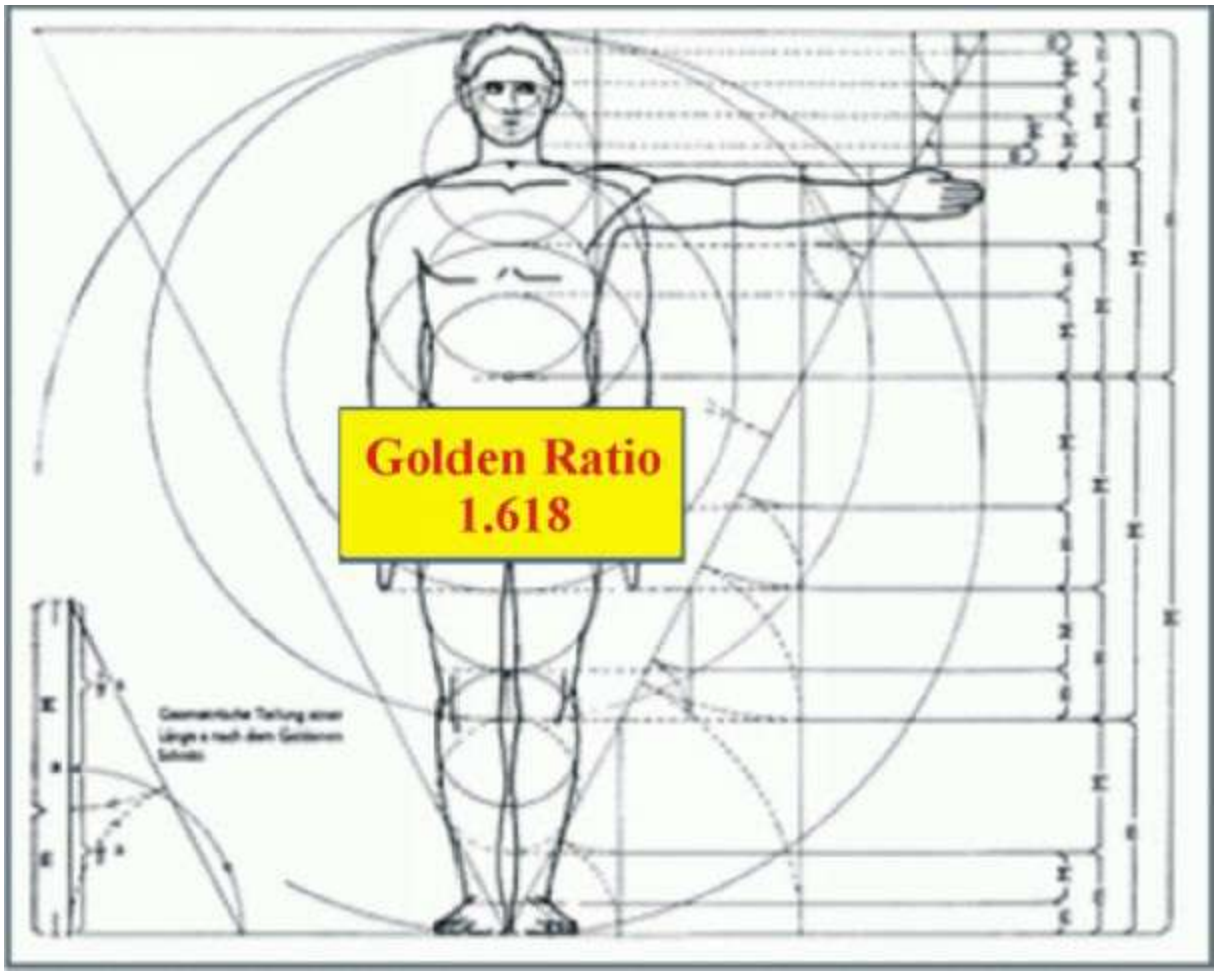
These circles have no entrances or exits. They are aligned East-West and satisfy what is known as the Golden Ratio. The Golden Ratio is present everywhere in nature. Examples are the sunflower and seashells. Not so obvious examples are the distance between nose and lips and the ratio between upper and lower arm and ratio between phalanges.

t.me/ufopediapdf



The golden ratio (divine proportion or golden mean) is found throughout nature and perfect geometry. It is denoted by ϕ (τ) but most often phi. Like Pi it is a number that continues indefinately but approximates to 1.61803. Found in the pentagram, pentagon, dodecahedron, tetrahedron and as relative distances throughout the body.

t.me/ufopediapdf



Ancient Greek sculptures were all created to exact proportions through knowledge of the Goden Ratio. The Romans made poor copies as they did not possess this knowledge. What is really fascinating is that all pyramids conform to the Golden ratio. Now we are able to link the Word (sound) and divine proportion.

t.me/ufopediapdf

Michael Tellinger informs us that he has employed a troop of experts to investigate Adam's Calendar. This is what they reported:

- From the guidestone the other stones are placed specifically to form the Golden Ratio
- GPS fails within the 'Kraals'
- Time precisely to the minute is measured within Adam's Calendar using the sun
- Kraals are energy transformers and emit huge amounts of free energy skyward
- Temperatures inside the 'Kraals' reach 80 degrees C
- Adam's Pyramids and the Giza pyramids are emitting massive energy to this day
- Both are on 31 deg longitude
- All 'Kraals' emit high frequencies eg 1700 MHz
- They may operate as a form of computer containing 375GHz of 'storage'

t.me/ufopediapdf

Michael has discovered over 100,000 ‘Kraals’ and believes they are part of a network that spans the birthplace of humanity. They fan out in a shape like a spider’s web and their energies are interconnected and cumulative. No wonder the Africans didn’t invent electricity. They had free energy. Whilst we are on the subject please research Nikola Tesla. He rediscovered free energy, wished to present it for free for humanity so the CIA had him terminated. This process has been repeated for all those who have reinvented free energy. The multinational corporations really do not want us to be free individuals.

Tesla’s invention has been employed for evil in the form of HAARP. I am sure you know this is based in Alaska and controls the weather. It is also responsible for Tsunami, earthquakes and major temperature changes throughout the world. Climate change can be cured – close down HAARP.

t.me/ufopediapdf

Tellinger believes that the Anunnaki despatched gold (mined by human slaves) via these ‘Kraals’. They are in effect energy transformers or in plain speak teleportation devices. Recently the gold reserves of the countries of the world have mysteriously disappeared. My book Mars and Moon Bases goes into much more detail regarding the transportation of gold over millenia.

Michael and his colleagues have researched extensively the origins of humanity, our association with the ‘gods’ and why the Grid Network that surrounds our planet was installed. I suggest that you research this amazing character – Michael Tellinger.

The learned shaman Baba Credo Mutwa physically cried when informed that the purpose of the Adam’s Calendar had been rediscovered. Despite serious oppression from the ‘civilised’ world the Zulu and other proud nations have retained their ancient knowledge throughout time. Both David Icke and Michael Tellinger have spoken personally to Mr Mutwa.

t.me/ufopediapdf

Adam's Calendar is known as the Birthplace of the Son (Adam the 'first' man).

The human species was genetically engineered hundreds of thousands of years ago in East Africa. The Anunnaki geneticists Enki and Nintu spliced our DNA with that of their advanced species. This accounts for the 'junk' DNA that we all possess. This DNA has literally been 'turned off' so humans do not exceed the spiritual and mind capacity of our masters. We were 'created' to replace the Igigi (Anunnaki miners) in gold mines in deepest Africa. Hundreds of thousands of ancient gold mines have been rediscovered throughout the planet. Most are situated in South Africa, Rhodesia and Zimbabwe.

Our concept of Hell originates from the stories of working for a lifetime in the dirty, dark, dank goldmines. Millions of humans were employed for hundreds of thousands of years to mine gold

t.me/ufopediapdf

which was then transported to the moon. When the planetary system known as Nibiru returned (every 3600 years) to our solar system these enormous amounts of gold were 'airlifted' to the home planet of the Anunnaki. I suggest you read my book **Arrival of the Anunnaki** by Gary G Margrove.

Coral Castle

Ed Leedskalnin lived in Miami. Single-handedly he built a huge structure made of coral (some pieces weighing many tons). Ed was not a young man when he began this project so how on earth did he achieve this amazing feat?

Coral would be transported by truck to Ed's land. He would then insist the drivers leave before he started work on structuring the coral to form the most amazing edifices.

t.me/ufopediapdf

If not for the curiosity of two young boys we would never have known how Ed managed to lift and place atop each other these massive slabs of coral. Having peeped at Ed working (from behind a large bush) the boys returned home. They informed their parents that Ed levitated the huge blocks of coral by employing two ice cream cones. He held one cone in each hand then pointed them to the final resting position of the coral.

t.me/ufopediapdf

Of course their parents believed the boys were ‘telling a story’. This method has been neglected (perhaps not by the US Military) until very recently.

Michael Tellinger has discovered these ‘ice cream cones’ throughout ancient ‘kraals’. Some are hidden under stones, others lie exposed on the ground.

Michael has experimented with metamorphised quartzite that he found manufactured into ‘guitar’ shapes. Sure enough these musical instruments issue deep notes when struck gently. The note continues for several seconds as if the instrument behaves like a bell. The moon rings like a bell, the Earth rings like a bell. İn fact all the planets in our solar system and even our sun emit a startling sound too fine for human hearing to pick up. Please visit you tube sites and the NASA site.

t.me/ufopediapdf

In the early 90s the Voyager 2 spacecraft swept past Jupiter, Saturn and Uranus. The probe identified electromagnetic disturbances and charged particle fluxes. These charged particles travel in the space between planets.

Recently these electromagnetic waves and particle oscillation frequencies were translated into sound at NASA. Each planet and our sun have their own repetitive resonant frequencies.

Planet Earth is the sweetest sound of them all. They are becoming known as the song of the solar system.

This brings me to the analogy of a radio set. All radio stations are present yet to listen to a particular radio station we must tune in to its frequency. This is precisely what the biological body does in order to remain extant and healthy. Even a slight alteration in the

t.me/ufopediapdf

frequency causes disharmony. That is precisely what the elite Illuminati families have initiated.

Using HAARP and chem trails they are loading the Earth with harmful frequencies and attempting to ‘tune’ the human body into these frequencies. The final ‘nail in the coffin’ is the imminent introduction of microchipping which will force the recipient to be permanently tuned to the harmful ‘radio station’. I seriously warn you never to accept microchipping into your body. Do not believe the statements that microchipping will make us superhuman and able to personally talk to our computer and telepathically to each other. These claims will seem very enticing but it is the final stage in the plan to enslave the entire human race.

Michael Tellinger is still researching the power of the ‘ice cream cones’. Once he identifies the specific frequencies that operate the levitation mechanism he will prove to the world just how the

t.me/ufopediapdf

pyramids were constructed and with such accuracy.

Ed Leedskalnin was using ancient technology, the same technology that was employed to build Baalbek, the Giza pyramids and all other ancient sites. These same sites are now proving to be hundreds of thousands of years old from recent geological surveys.

t.me/ufopediapdf

REALITY

Imagine if you will timeless, limitless, nothing. At one and the same moment It is everwhere and nowhere, everything and nothing. Hard to believe that such a concept could be true. Yet

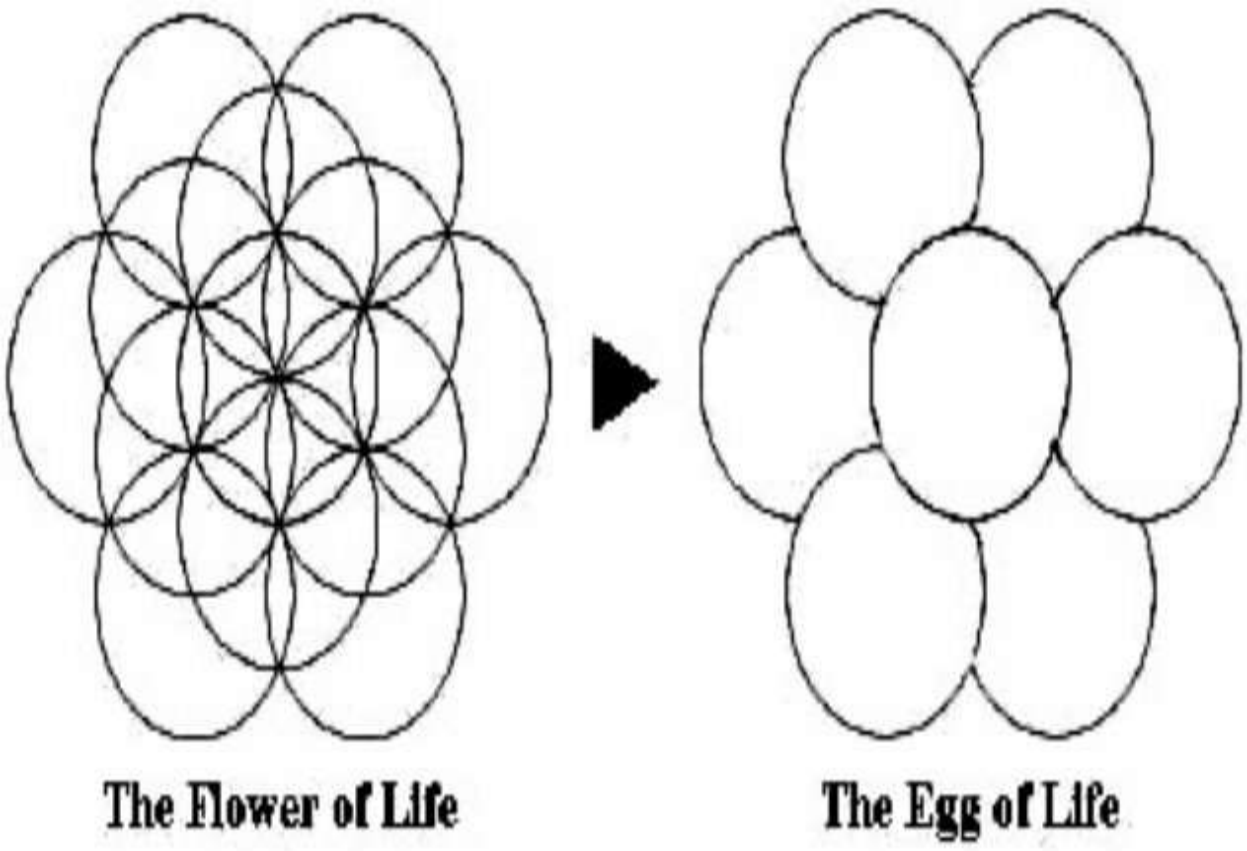
t.me/ufopediapdf

scientists are now rounding a corner in particle and nuclear physics where they have almost arrived at the answer to the secret of Creation.

I shall call God TC (the Creator). This is the real McCoy – not the gods mentioned in scriptures. Originating as Oneness TC simply uttered and moved. In the Beginning was the Word. The movement created space and (although illusory) a degree of time.

Imagine this movement and TC to fill a shape (say a circle). Another similar movement creates another circle and so on. Stay with me please. Circles are ‘placed’ in such a way as to be interactive, thus:

t.me/ufopediapdf



The first eight such circles are known as the Egg of Life. Every physical form begins with the Egg of Life. Yes I am stating that your body began as eight cells. What is more incredible is that within these cells is all the information that determines your gender, eventual height, hair colour, skin colour, in fact every trait and characteristic. Of course we know these days that DNA determines all such factors. Well the DNA is within each of these

t.me/ufopediapdf

cells.

Eventually the cells form all the muscles, organs and tissues of the body including the brain. For those who accept Darwin's Origin of the Species please read no further. Each of us originated from Formlessness and when we leave the physical we return to Formlessness.

It is impossible to exist outside of All That Is Was and Ever Will Be. So for simplicity's sake we call this concept God (TC).

TC continued to weave the Rich Tapestry, soon producing the Flower of Life then Fruit of Life and so on.

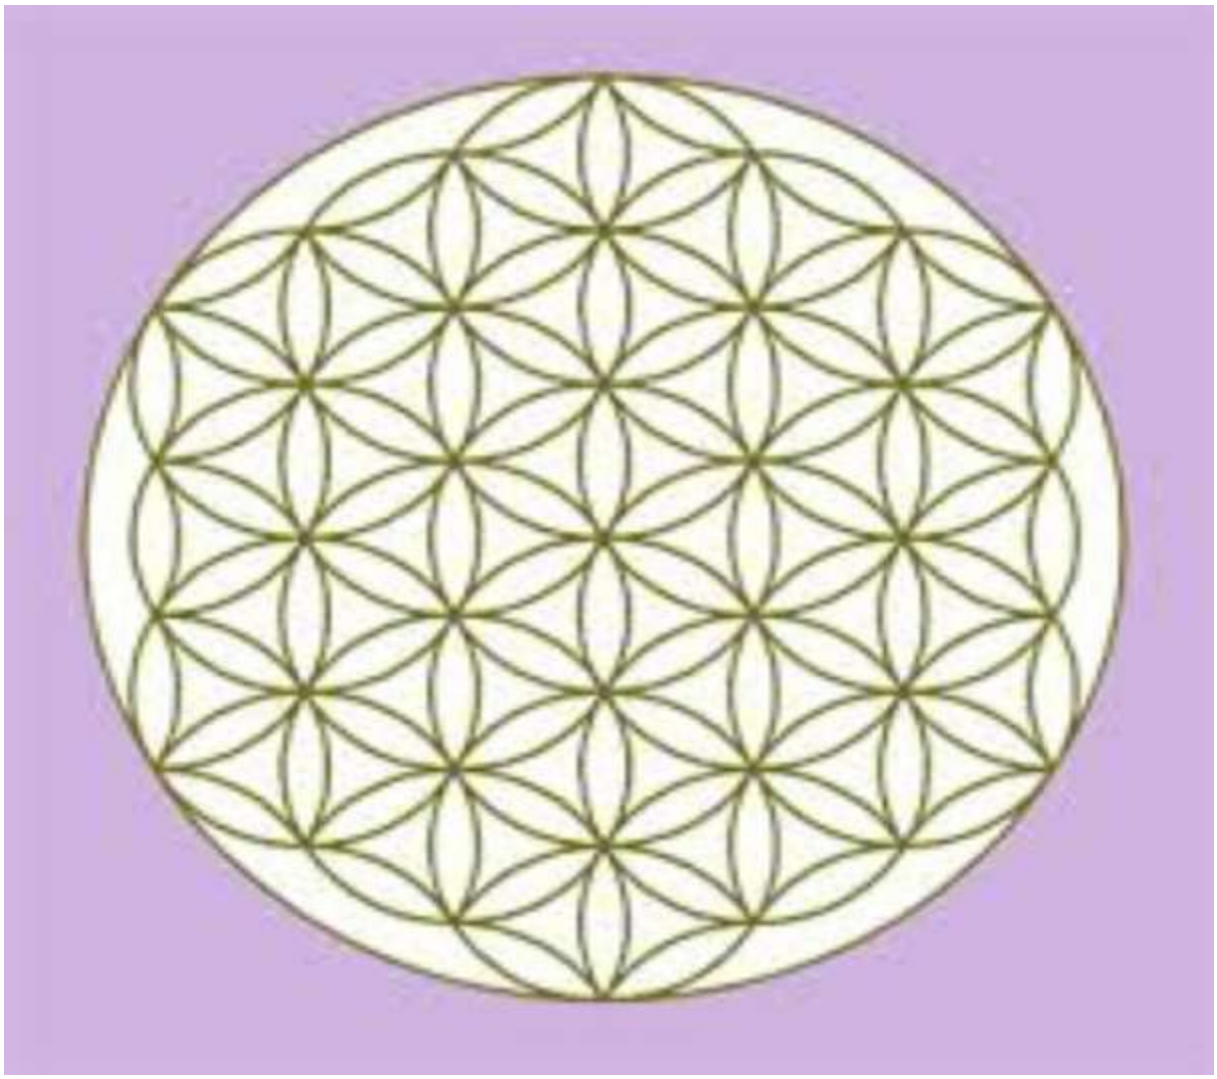
Everythıng that is physical is in fact an illusion perceived via the five senses. Yet it all seems so real. When highly advanced Souls –

t.me/ufopediapdf

initial aspects of TC that knew they were still part of TC – first inhabited physical bodies they were aware of this illusory nature of all things. They enjoyed every aspect of the physical universes (yes plural) and spent endless time exploring what they had helped to create. I emphasise here, they knew they were Avatars in the Greatest Computer Game Ever Created.

Their experiences seemed eternal yet (just as with any computer) entropy or degeneration was always going to lead to a devolution of power and control. I have mentioned this previously when I spoke of the Yugas. All communication was instantaneous (telepathy) and all Beings knew themselves as One. Any thought became manifest instantly.

t.me/ufopediapdf



FRUIT OF LIFE

The Creative Potential fragments or descends to become the demigods (in the Vedic system). They assist the Supreme in manifesting material universes then galaxies, Stars, worlds and all

t.me/ufopediapdf

that exists in our ‘reality’ and countless other ‘realities’.

The Vedas state that the demigods perpetuate spiritual knowledge among all ‘new’ beings. These new beings are further aspects of TC (Oneness). Just remember all is energy and energy cannot be created or destroyed. It simply changes its format. Ice to water to steam is a simple example.

There is the descending process of acquiring knowledge by which Souls playfully acquire understanding of the mysteries of life. It is the information (Merkaba) provided by TC that descends through the ancient sages and scriptures and ascended masters and so on.

The energies of matter and spirit are energies that vibrate at different frequencies and manifest on diverse levels, originating from a Single Source that never exists in the physical. Hence as I stated previously God neither indulges in sexual intercourse nor

t.me/ufopediapdf

manifests on Earth.

The spiritual is eternal whilst the material is temporary. The physical plane is subservient to yet pervaded by the unlimited spiritual energy. It is this spiritual energy which is the foundation of the material realm and interacts with it in all phases.

Every atom and smaller nuclear particles are evidence of The Creator's potency.

Physical energy is directed and maintained to prevent it from sliding too quickly back to non-physical existence. This is achieved via specific frequencies. For example all planets in our solar system vibrate at their individual frequencies. Check out the NASA website: sounds of the planets.

t.me/ufopediapdf

There are perhaps 500 billion planets in our universe alone. Each may harbour such diverse lifeforms we cannot conceive their structure, constituents or shape. To suggest we are alone in this universe is ludicruous, ask Carl Sagan.

Planet Earth is a Sacred Cosmic Laboratory. On it the earliest Souls created a wondrous variety of beings. These creations and the Advanced Souls were eternally happy – at least for millions of years.

The Seers and the Rishis who wrote the Rig Veda were enlightened adepts and highly advanced Souls who knew that there would come a ‘time’ when people on Earth would need a reminder of their Glorious Beginnings.

In the Sanskrit texts Spiritual Knowledge and the importance of seeking Enlightenment are reinforced. They embrace the

t.me/ufopediapdf

Magnificence of the Creator, the Oneness that supports the temporal holographic universe and its vast spectrum of dimensional realms.

Should you read the Rig Veda you will understand it reflects the knowledge and wisdom of civilizations far superior to ours and thus gives us authentic glimpses into the previous cycles of time.

For the sake of our adventure into Consciousness we pretend we have forgotten that we are all One. In this manner the Universal Computer Game is much more fun. Herein lies the answer to all your questions:

- Who am I?
- Why am I here?
- What is it all about?

t.me/ufopediapdf

All physical matter comprises less than 4% ‘of all that exists. In reality matter comprises one or more forms of energy. This energy comprises infinitesimally tiny strings that exist in more than one

t.me/ufopediapdf

dimension. Some are infinitely long and others are looped. The condensed form of energy we believe we see at every moment of our lives (the physical) is in fact the most elaborate virtual reality suite ever devised. This has been propounded by leading scientists.

I have written extensively on the above startling facts in many of my other books. For the purposes of this book please accept that anything is possible. Every conceivable possibility exists somewhere in at least one universe. The origination of all possibilities is what physicists term Pure Potential. It exists out of time, everywhere in all dimensions, yet it is impossible to measure or quantify. Every single thought becomes manifest somewhere in one or more universe. Every action has an equal and opposite reaction. There is balance in the totality of the Multiverse.

If all possible events occur somewhere in one or more universes then perhaps you may tentatively accept that the accepted dogma invoked upon generation after generation is simply one possible

t.me/ufopediapdf

explanation for just what has occurred in mankind's past.

What makes us what we are?

Animated matter (living creatures) obtain their 'blueprint' (aura) at the point of conception. This particular moment in what we call time depends upon the alignment of the constellations (the study of astrology). The information being transmitted at the moment of conception determines the future and fortunes of that particular individual. This is why drawing up a genuine horoscope is so important. I am not referring to the horoscopes in weekly magazines.

The ancients and those that rule us covertly knew all about the precession of the Equinoxes and the transmission of information through the physical universe (or if you prefer the Universal laptop).

t.me/ufopediapdf

What of the Stone Reminders Of Our Past?

With the information I have presented in this book do you still believe that astronomically significant megaliths were built by tool-wielding ape men? 20,000 slaves were forced to pile 200 ton stones atop each other in the broiling sun? Somehow hundreds of thousands of pyramids and ziggurat appeared as if by magic at a time when Earth was barely limping from the last Ice Age.

According to the computer generated Ice Age maps, about 25 million square miles of land were submerged by the rising sea-level because of the melting of the Ice Age ice-pack. Much of that land is now the floor of the shallow seas of southern Asia. To the east of India, Ice Age megaliths of the Jomon Civilization are also to be found on the sea bed between Japan and Taiwan (at Yonaguni, Kerama, Chatan). These stone cities, tiered plazas, and

t.me/ufopediapdf

step-pyramids of astronomical significance are testimony to a civilization far more advanced than ours.

With amazing precision and following the Constellations Stone Calendars and Power Sources facing specifically East West and following a ratio that matches the dimensions of the Earth are littered throughout the planet.

Are authorities so blind they cannot yet realize that the planet itself is pulsating with energy, protected by a Torus? Please investigate Torus.

t.me/ufopediapdf

Some force prompted the Ancients to simultaneously build megaliths in Egypt & Sumeria.

The Indus, Tamil, and Jomon people were building their beauteous palaces and cities during the Ice Age.

The tiered plazas and ramps of the submerged Jomon megaliths of

t.me/ufopediapdf

offshore Japan bear a notable resemblance to the pre-Incan megaliths of the Gateway to the Sun at Tiahuanaco in Bolivia.

Ancient Jomon pottery has been found in Peru. Were the Jomon sophisticated navigators and astronomers who perhaps settled in the New World during the Ice Age. The ancient history book Popol Vu of the Olmec recalls the time when their seafaring ancient ancestors arrived from the east due to their sophisticated navigational skills.

Olmec statues are specifically of negroid features:

Are you still prepared to believe that everything you have been taught as historical fact is the Truth? What of our religious texts? Do they refer to the real God or do they make reference to the father of the Anunnaki – Anu – and the race of reptiles that forced us to buy into an illusory world that is even now right before your

t.me/ufopediapdf

eyes.

The Anunnaki (family of Anu) arrived for the first time on Ki (planet Earth) over 400,000 years ago. They live far longer than humans – thousands of years longer. Their race is and was so far advanced of ours that when primitive humans encountered the Anunnaki they naturally worshipped them as gods. Imagine the first sighting of a helicoptor in the Amazon rainforest.

As space travel was easy for those from the Nibiru system they set up bases on the Moon (kingu), Mars (Aries) and stations that orbited the Earth.

Those who manned the space stations and were based on Kingu were referred to as the Watchers. They are featured in all ancient texts and referenced as Fallen Angels.

t.me/ufopediapdf

Aries was a base of operation (as indeed was Saturn and several moons of Jupiter) for the transportation of gold and other natural resources from Earth enroute to the Nibiru system. Saturn was originally Anshar. Jupiter was Kishar.

Anshar and Kishar are half brother and sister. They shared one parent from the pair Lahmu and Lahamu.

Now we have the bare bones of a genealogical tree. Read my other books for full details.

During one of the occasions when the brown dwarf system re-entered our solar system Aries was tragically affected. The Aryans evacuated the planet. They were relocated to Ki. Their offspring make up what we call the Aryan race.

Originating in Bharat (India, Bangladesh, Pakistan) they were

t.me/ufopediapdf

granted their own domain under the guidance of Inanna (Ishtar, Aphrodite, Kali, Lakshmi). There ensued nuclear wars between the Aryans and Toltecs. I have already written about this in several books especially those on the subject of the Lost Continent of Atlantis.

The Archons and the Greys believe they are unable to connect to the Creator or Prime Being. They have no soul, that which is conscious of the Eternal Game. On the other hand humans are always looking for the way back to the Source.

In Gnostic myth, the Archons perceive themselves as being misunderstood and abandoned by the Prime Creator. Their intention therefore is to elevate themselves above the Supreme Being, possessing all of Creation along the way.

They constantly challenge the Godhead, wishing to be equal to that

t.me/ufopediapdf

which produced them. They arise in the chaos of elementary matter, the region of ignorance and fantasy. They are predators that feed on the negative emotions of other species. Such emotions include hate, anger, fear and anguish.

Hence there is a need to promote such emotions by ‘weaving a web of deceit’. It is all around us as I type these words. Archons round up other species like cattle, then experiment on them as we do laboratory animals.

The Greys are emissaries of the Archons. They originally promised President Truman advanced technology in exchange for human sacrifices. The US military have been more than willing to ‘lose’ millions of their citizens in exchange for the promise of alien technology. New blood is crossing the border from Central America daily.

t.me/ufopediapdf

These extra terrestrials travel from other dimensions to our tiny perception of reality as well as to and from other, non-material dimensions. They use deception, flattery and hollow promises to gain entry to the planetary elite then pit one nation against another until the occupants of the planet annihilate each other. This is frequently by using nuclear weapons technology provided initially by the Grey aliens. Greys taught the Nazis and these same Nazi scientists were transported to the USA – Operation Paperclip.

According to survivors and therapists, ritual satanic abuse — a phenomenon totally denied by the authorities — is practiced by demon worshippers, guided by these reptilians.

Referring to the authorities of the darkness

The Gnostics preach that the primary predatory intelligence facing humanity is the Archons. I believe they are the Annunaki, aided by the Greys. They are the Watchers in the Book of Enoch. They are

t.me/ufopediapdf

the Fallen Angels whose leader is Lucifer, the Devil or Satan.

The Arcons wish us to believe they created us – they are our gods.

This is an account of a conversation between an Archangel and a hypothetical descendent of the first couple, Adam and Eve.

‘I am telling you this because you inquire about the reality of the authorities. On account of the reality of the authorities, those inspired by the spirit of the father of truth, (the great apostles) told us that our contest is not against flesh and blood; rather against the spirits of wickedness.

Their chief is blind, because of his power and his ignorance and in his arrogance he said

"It is I who am God; there is none apart from me."

t.me/ufopediapdf

When he said this he sinned against the entirety. Then there was a voice that came forth from incorruptibility, saying,

"You are mistaken Samael (god of the blind)”

t.me/ufopediapdf

Having expelled his power (blasphemy) he pursued it down to chaos and the abyss at the instigation of Pistis Sophia, his mother.

t.me/ufopediapdf

She then established each of his offspring in conformity with its power - after the pattern of the realms that are above. So from the invisible world the visible world was created.

As incorruptibility looked down into the region of the waters her image appeared in the waters. The authorities of the darkness became enamoured of her. Yet because of their weaknesses they were unable to sustain that image which had appeared to them in the waters.

Beings that possess no soul cannot lay hold of those that possess a spirit – for they are from below while all else is from above.

The authorities tormented Norea, intending to lead her astray. Their supreme chief said to her

"Your mother Eve came to us."

t.me/ufopediapdf

Norea turned to them and said to them

"It is you who are the rulers of the darkness; you are accursed. You did not know my mother, instead it was your female counterpart that you knew. For I am not your descendant but I come from the realms above."

The arrogant ruler’s countenance turned black.

"You must render service to us as did also your mother Eve for I have the power to rule over all”

Norea turned and cried out to the holy one, the God of the entirety.

"Rescue me from the rulers of unrighteousness and save me from their clutches"

t.me/ufopediapdf

An Archangel came down from the heavens and said to her

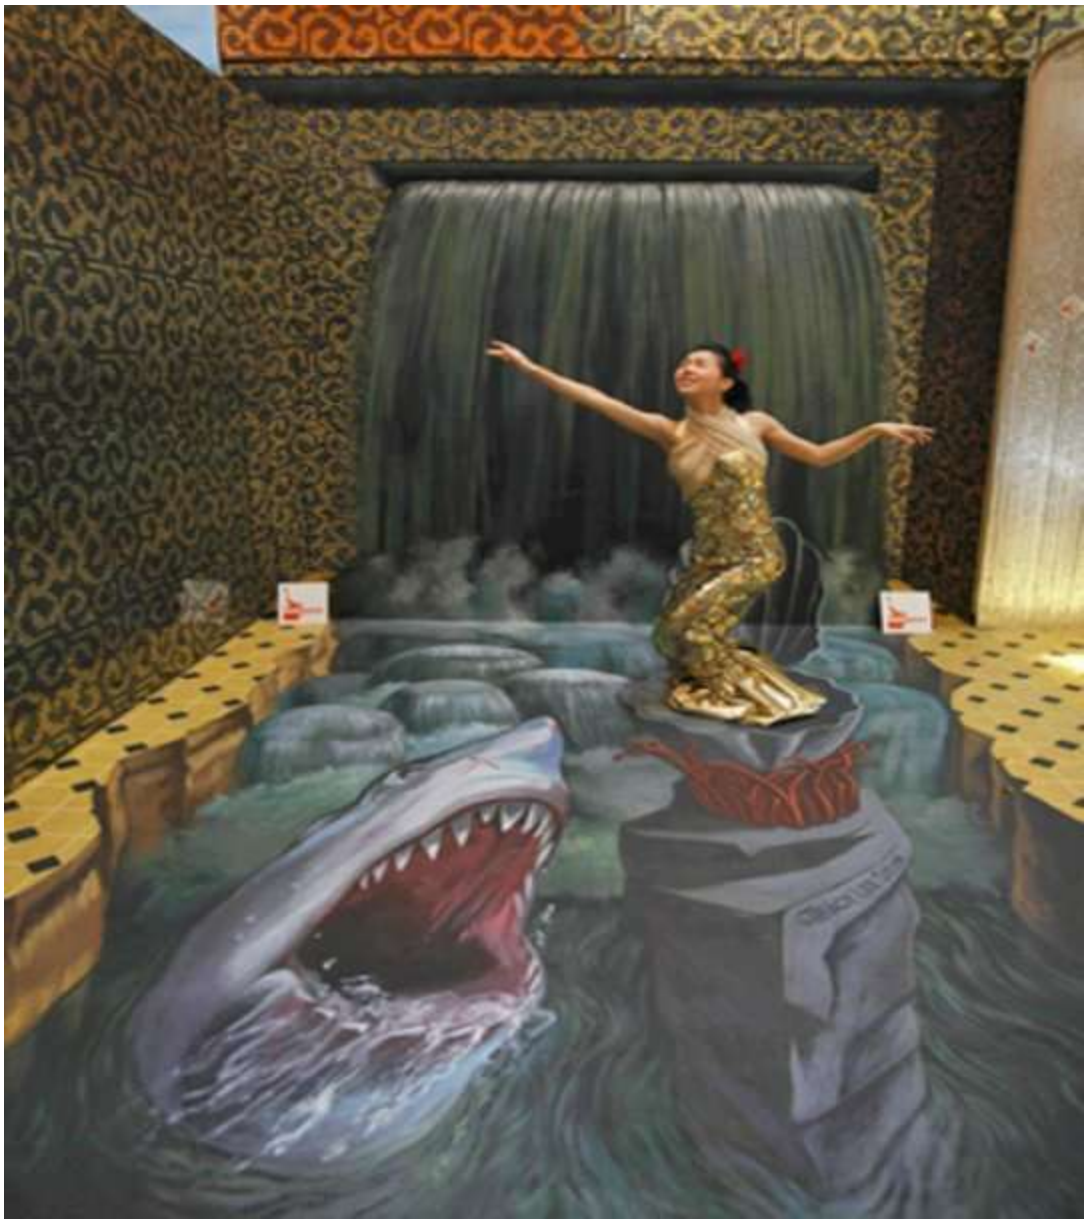
"Why are you crying up to God. Why do you act so boldly towards the holy spirit?"

Norea said, "Who are you?"

He said

"It is I who am Eleleth, sagacity, the great angel who stands in the presence of the holy spirit. I have been sent to speak with you and save you from the grasp of the lawless. And I shall teach you about your root."

t.me/ufopediapdf



As for the Archangel, his appearance is like fine gold and his raiment is like snow.

Eleleth said

t.me/ufopediapdf

" I am one of the four light-givers who stand in the presence of the great invisible spirit. Do you think these rulers have any power over you? None of them can prevail against the root of Truth for on its account He appeared in the final ages so these authorities will be restrained. These authorities cannot defile you for your abode is in incorruptibility, where the virgin spirit dwells, who is superior to the authorities of chaos and to their universe."

Norea said

"Sir, teach me about the faculty of these authorities – how did they come into being and by what kind of genesis, of what material and who created them and their force?"

Eleleth replied

"Within limitless realms dwells incorruptibility. Sophia, who is called Pistis wished to create alone without her consort and her

t.me/ufopediapdf

product was a celestial thing**. A veil exists between the world above and the realms that are below** so shadow came into being beneath the veil. That shadow became matter and **that shadow is a projection**.

What she had created became a product in the matter, like an aborted foetus. It assumed a plastic form moulded from shadow. It was androgynous. Sophia stated

"It is I who am God and there is none other apart from me". Thus sinning against the entirety.

Immediately Sophia stretched forth her finger and introduced light into matter and she pursued it down to the region of chaos.

This ruler, by being androgynous, made himself a vast realm, an

t.me/ufopediapdf

extent without limit. He contemplated creating offspring for himself, and created for himself seven offspring, androgynous just like the parent. And he said to his offspring, "It is I who am god of the entirety."

Then Zoe (Life), the daughter of Pistis Sophia, cried out and said to him

"You are mistaken, Sakla (Yaltabaoth)”

t.me/ufopediapdf

She breathed into his face and her breath became a fiery angel and that angel bound Yaldabaoth and cast him down into Tartaros below the abyss.

Now when his offspring Sabaoth saw the force of that angel he repented and condemned his father and his mother (matter). He loathed her but he sang songs of praise to Sophia and her daughter

t.me/ufopediapdf

Zoe. Sophia and Zoe caught him up and gave him charge of the seventh heaven, below the veil between above and below. Now he is called 'god of the forces, Sabaoth'

Now when these (events) had come to pass, he made himself a huge four-faced chariot of cherubim and infinitely many angels to act as ministers, as well as also harps and lyres.

Sophia took her daughter Zoe and instructed her to teach him about the things that exist in the eighth heaven and the angel of wrath she placed upon his left. Since that day his right has been called life and the left has come to represent the unrighteousness of the realm of absolute power above.”

Now when Yaldabaoth saw him (Sabaoth) in this great splendor and at this height he envied him. Thus was chaos born.

"There I have taught you about the pattern of the rulers and the

t.me/ufopediapdf

matter in which it was expressed and their parent and their universe."

Norea asked, "Sir, am I also from their matter?"

"**You, together with your offspring, are from the primeval father; from above, out of the imperishable light their souls are come.** Thus the authorities cannot approach them because of the spirit of truth present within them and all who have souls. After an eternity they will be freed from the bondage of the authorities' error."

Norea asked "How long is eternity?"

"Until the moment when the true man, within a modelled form, reveals the existence of the spirit of truth which the father has sent. Then he will teach them about everything, he will anoint them with the unction of life eternal given him from the undominated

t.me/ufopediapdf

generation.

Then they will be freed of blind thought and they will trample underfoot death which is of the authorities and they will ascend into the limitless light where this sown element belongs.

Thus will the authorities relinquish their hold over humans."

The Anunnaki (Arcons) are a product of the imagination of Creative Souls. We are those Souls. Despite the apparent horror that plagues the Earth we are immortal, invincible, peaceful Souls. We are 'caught up' in a Game of our own devising.

t.me/ufopediapdf

The Anunnaki came to Earth to rape the planet and enslave its inhabitants. Their human slaves mined trillions of tons of gold over hundreds of thousands of years. Michael Tellinger explains how the gold was transported off planet.

All over East and Southern Africa thousands of ‘kraal’ (stargates) exist, even today. Through the stargates gold was ‘beamed up’ to the moon and Mars, along with other precious resources. There is

t.me/ufopediapdf

still a stockpile of gold on the moon and perhaps several on Mars.

The Anunnaki raped our planet and our women. The Watchers or Fallen Angels are responsible for a ‘second class’ hybrid that is derided by the Anu family. Unfortunately Marduk (banned from ever returning to the Nibiru system) has enlisted these hybrids to aid him in world domination.

Originally semites they have latterly become known as Jews. They are the Chosen Race. Important note – as in all races there has been a mixing of blood. The majority of Jewish people (many originating from other Faiths) are entirely human. Those I refer to are direct descendents of the Fallen Angels – Rothschilds, Rockefellers, Bush family, Kissinger and many more. They are apparent by their incredible ugliness and their inability to maintain normal eyes. Other traits are frequent display of the tongue and constant head movements. Think lizard. Once again I am not referring here to those of the Jewish Faith, rather the evil Zionists.

t.me/ufopediapdf

Origin of Jew

I begin this controversial subject by denying I am anti-semitic (or anti any race or religion). In fact the semites are and always have been the Arabs not Jews. Judaism is in essence (like Christianity and Islam) a ‘relatively recent’ religion in its present form. The original Jews came from the Kingdom of Judea which is in West Africa, near Senegal. They were black-skinned highly intelligent people.

I respect those who are followers of any religion. In my opinion all religions possess some truth and some (at times deliberate) falsification as well as unscientific fabrication.

Perhaps the oldest known religion originates from those who wrote the Sanskrit scriptures and ancient vedas. Perhaps there are

t.me/ufopediapdf

religions even older that did not write down their belief systems.

There was no need for religion millions of years ago when as souls incarnating in the physical those that occupied a perfect Earth knew they were the very essence of the ‘Godhead’. They were indivisible from the Source (Oneness) yet made a conscious decision to inhabit a physical body. Without the physical there are no sensory experiences. For full details read my books Lies All Damn Lies, Atlantis and Ancient Nuclear Wars, Our Universe is an Illusion and Secrets of the Universe.

The first Jews were black and they originated from Africa, long before Abraham and his family. They lived in the Kingdom of Judea. People from this region are the only members of the human race who may truly call themselves Jews. All others who practice Judaism are converts or their ancestors were converts. If Jesus was a Jew then Jesus was black - ebony. Perhaps this is why the Pharisees hated him, let alone the Romans. He didn’t belong in

t.me/ufopediapdf

Jerusalem (originally Salem).

The Kingdom of Judea was on maps until 1747 when the British Colonialists replaced it with Niggerland. It is situated near Senegal on what is aptly named the Slave Coast.

Perhaps you can see know why the western world is so keen to obfuscate the truth. Hebrews also originated in Africa. In fact the 'Chosen Race' originated in Africa. Hundreds of thousands of years ago it was poor unfortunates from this region who were genetically altered to suit the needs of the Anunnaki.

Genetically altered humans (amongst them 'Adam' and 'Eve') were transported out of Africa hundreds of thousands of years ago to the Fertile Crescent. This was repeated during the slave period to Liverpool and then the Americas.

t.me/ufopediapdf

‘Adam’ (Alulim) became the first human ruler and he ruled for hundreds of thousands of years. Please read Arrival of the Anunnaki by Gary G Margrove. The descendents of Ka-in (as hybrid human/Anunnaki) ruled in their turn. They were known as demigods and their descendents are the only people who may rightfully call themselves the Chosen Ones. Who chose them? Not God. The reptilian race known as the Anunnaki. They were our gods for hundreds of thousands of years. Secretly their descendents still rule us covertly. They call themselves by many names but we know them collectively as the Illuminati.

Abraham was a semite (not a Hebrew and not a Jew). In fact he was the first Priest of the Brotherhood to preach and practice monotheism. He travelled from his birthplace of Uruk (now Turkey) to Haran (still Turkey) and thence to Canaan. I write extensively about Abram (Ibrahim) in many of my books. He is the

t.me/ufopediapdf

patriarch of Arabs, Christians, Muslims and Jews.

So what are we fighting about?

I list below quotes from sources such as Wikipedia.

Jewish communities in Africa are among the oldest in the world, dating back more than 2700 years. **African Jews** have ethnic and religious diversity and richness. African Jewish communities include:

- Sephardi Jews and Mizrahi Jews living in North Africa, including Morocco, Algeria, Libya, Tunisia, Sudan and Egypt. Some were established early in the Diaspora (scattering of a population), others after the expulsion from Iberia in the late 15th century. Since the early and middle decades of the twentieth century the vast majority of them have emigrated, chiefly to Israel and France, with substantial numbers also

t.me/ufopediapdf

emigrating to Brazil, Canada and the USA. Small but active communities remain in Morocco and Tunisia.

- The South African Jews, who are mostly Ashkenazi Jews descended from pre-and post- holocaust immigrant Lithuanian Jews.

It is estimated that in the 11th century Ashkenazi Jews composed only three percent of the world's Jewish population, while at their peak in 1931 they accounted for 92 percent of the world's Jews. Immediately prior to the Holocaust, the number of Jews in the world stood at approximately 16.7 million. Perhaps this figure is incorrect as many Jews who are black-skinned have not been accepted by Western Jews:

David Reich and Priya Moorjani found that Jews and other Africans mixed genes about 2,000 years ago.
http://forward.com/articles/140721/genes-tell-tale-of-jewish-ties-to-africa/

In the Book of Kings Solomon is depicted as an international businessman of sorts who sent ships from the port of Etzion-Geber (near modern day Eilat). From there they traded precious metals and other goods with various parts of the world, including Africa.

t.me/ufopediapdf

Solomon also famously received a visit from the Queen of Sheba, who is thought to be from what is presently Ethiopia.

Now, a new scientific paper offers a genetic timeline that could support these biblical tales. The paper builds on two studies published last summer that were the first to use genome-wide analyses to trace the history of the Jewish people through DNA.

“It demonstrated that there was a biological basis for Jewishness,” said Dr. Harry Ostrer, director of the human genetics program at the New York University School of Medicine, who led one of the studies.

Among its many findings, Ostrer’s paper indicated that Jews have African ancestry — an observation that David Reich, associate professor of genetics at Harvard Medical School, and his colleagues decided to explore further.

t.me/ufopediapdf

Reich's team analyzed more than half a million DNA markers across the entire genomes of people from seven diverse Jewish populations — including Ashkenazi from northern Europe; Sephardim from Italy, Turkey and Greece, and Mizrahim from Syria, Iraq and Iran. They then compared the genetic data with DNA from 15 sub-Saharan African populations.

Reporting in the April issue of PLoS Genetics researchers found that modern day Jews can attribute about 3% to 5% of their ancestry to sub-Saharan Africans. The exchange of genes between Jews and sub-Saharan Africans occurred approximately 72 generations, or about 2,000 years, ago.

Priya Moorjani, a doctoral student in Reich's lab, led the research. She was surprised that the degree of African DNA was so consistent across the various Jewish populations. She had expected

t.me/ufopediapdf

that North African and Middle Eastern Jews would have a greater degree of genetic mingling than Europeans, based on their geographic proximities.

So the findings, Moorjani said, may point to a shared ancestry among the various Jewish groups. “It’s definitely suggestive that most Jewish peoples have a common ancestral population,” she said.

Although the Harvard team couldn’t determine where exactly the exchange of genes took place, the results complement historians’ understanding of the Jewish narrative.

“This is interesting, and it gives me food for thought,” said Norman Stillman, a professor of Judaic history at the University of Oklahoma. “Does it prove something historically specific beyond the fact that we know the Jewish bloodline was open to some extent throughout history?”

t.me/ufopediapdf

Lawrence Schiffman, a professor of Hebrew and Judaic studies at Yeshiva University, said two time periods came to mind that could support the geneticists' findings. The first is during the First Temple Period, between about 950 B.C.E. and 600 B.C.E. Then Solomon's kingdom would have had contact with Africans. Actually there is no proof that Solomon built only one temple or that his kimgdom was based in Jerusalem.

Stillman pointed out that Jews are often thought of as an insular group because they tended to marry within their community. "But," he said, "that doesn't mean there wasn't, all throughout history, an inflow of others into the group."

The bible does not deny the Jews were black-skinned:
Lamentation 4:8, Their visage (face) is blacker than coal
Lamentation 5:10, Our skin was black like an oven.
; And Job 30:30, My skin is black upon me

Both First and Second World Wars were instigated by a secret society we are familiar with today. They are known as the Illuminati. The most powerful elite families are the banking families known as Rothschild and Rockefeller. In league with Preston Bush (Second World War) they not only instigatged both world wars but funded the military of all sides in both world wars. I have written extensively on this subject, please read my other books.

Hitler was placed in power by the Rothschild family. He was instructed to committ genocide of not only the Jews but homosexuals, Slavs, communists, gypsys and so on.

Yet the Rothschild and Rockefeller families profess to be Jewish. How could they instruct they Nazis to murder six million of their own people?

t.me/ufopediapdf

Three families who claim to be Jewish and are using this fabrication to employ well-educated and skilfull members of the Jewish faith are Bush, Rockefeller and Rothschild. In particular the Rothschild's hide behind Judaism and the Israeli nation. This family are Zionists and were wholly responsible for the deaths of six or seven million Jews by the Nazis. Lord Rothschild placed Hitler in position and funded his war machine. This family also funded the German war machine during the First World War.

They are responsible for the deaths of over 6 million Jews and now are using the nation of Isreal to be the 'fall guys' to eradicate Palestinians from the face of the Earth. This is not Judaism this is ZIONISM. Of course Jews are good people (black fair skinned and chocolate). It is time they all united against the Illuminati elite. It is time we all united against the Illuminati elite. Wake up World it is all over the place, in books (I have written about this many

times), on the internet and on you tube.

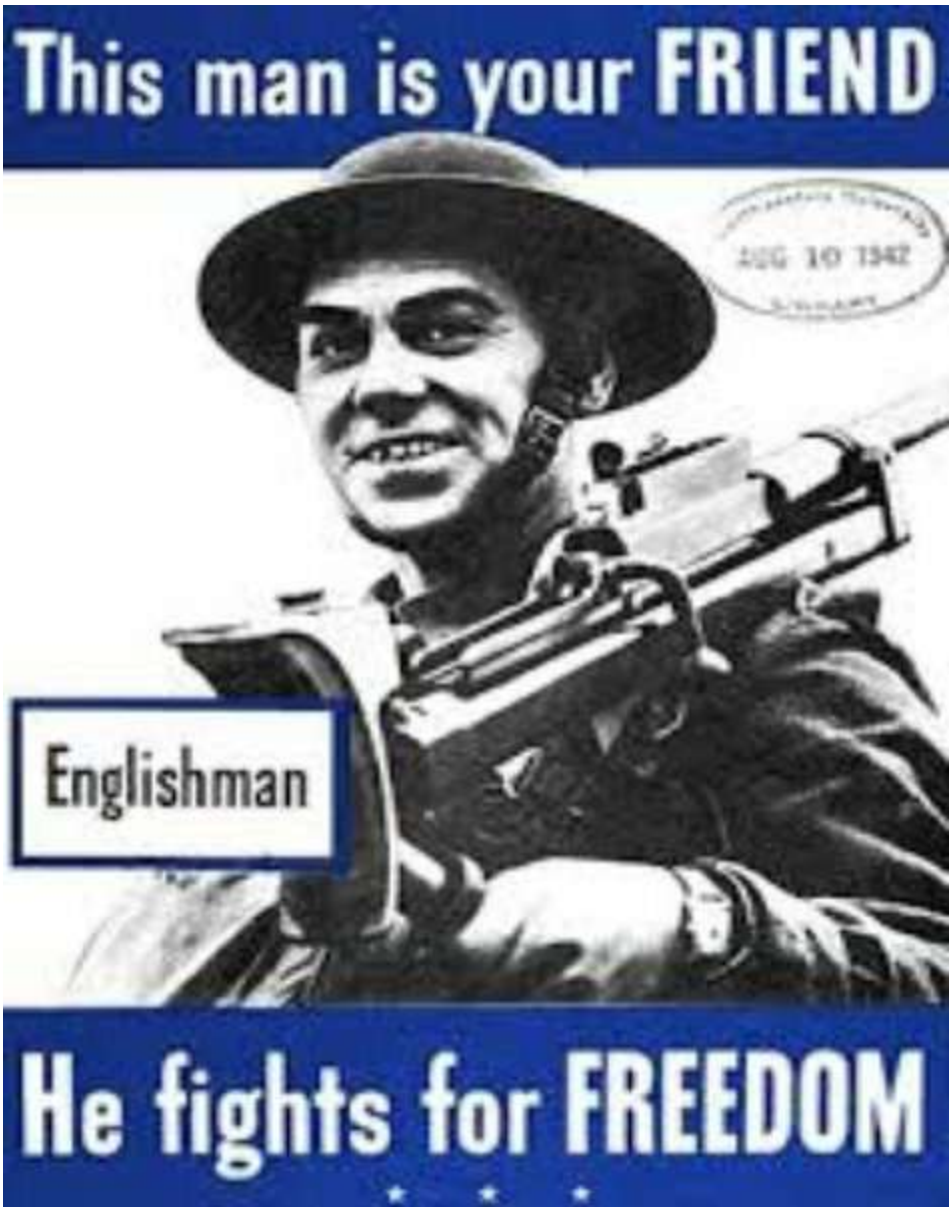
Errors in Historical Teachings

t.me/ufopediapdf

Everything in this section is detailed in my other books. My aim here is to present alternative teachings to those we believe to be fact. We believe our educators, our religious leaders and heaven forbid our politicians. We believe military leaders who send us to certain death war after war after war.

t.me/ufopediapdf



Allegedly the First World War was initiated because of the assassination of Archduke Ferdinand of Austria. Coincidentally oil had been discovered in the Middle East in 1913. Germany had agreed with the Ottoman Empire to build a railway from Germany

t.me/ufopediapdf

to Iraq. The balance of power would undoubtedly swing from the all powerful British Empire to the German/Ottoman alliance. Every vehicle, whether on land, sea or in the air depended on oil.

When war was declared in 1914 the British sent a military force to protect Abadan and two regiments to Iraq. From that day to this Iraq has always been the target for the western powers. Not only is there plentiful oil but Iraq is the site of the most ancient Middle Eastern civilization (Sumeria). When Iraq was invaded in 2003 American troops were ordered to strip the Baghdad museum of its ancient artifacts. For ten years American troops guarded the ziggurat that towered over the isolated city of Ur. The Anunnaki stargate there (that was gathering dust in the Ziggurat) was taken apart piece by piece and transported to the USA.

All wars since Napoleonic times have left the warring nations in debt to the elite bankers. The trillionaire Rothschild and

t.me/ufopediapdf

Rockefeller families have bankrolled all sides in every one of these wars.

- Crimea war
- Boer War
- Japanese/Russian War
- First and Second World Wars
- Korean War
- Vietnam War
- Wars in Afghanistan
- Wars in the Middle East

The above mentioned families own Europe and the United States of America. All politicians in these countries are beholden to the Zionists, or should I say Illuminati.

The state of Israel was not created as a homeland for dispossessed

t.me/ufopediapdf

Jews but as a scapegoat ‘buffer state’ for Zionism and the greedy lust for oil. The Zionists care not if you are a Jew, a Muslim, a Christian or an atheist. They despise the human race and wish to reduce our numbers to a manageable half a billion.

For all to witness the aims of the New World Order are etched on the Georgia Guidestones.

t.me/ufopediapdf

Atop a hill in Elbert County are three upright stones. On all sides in ancient languages (Babylonian, Classical Greek, Sanskrit and Egyptian glyphs) is the mission statement of the New World Order. For those of us who do not speak these ancient tongues there is an English translation.

1. **Maintain humanity under 500,000,000 in perpetual balance with nature.**
2. **Guide reproduction wisely — improving fitness and diversity.**
3. **Unite humanity with a living new language.**
4. **Rule passion — faith — tradition — and all things with tempered reason.**
5. **Protect people and nations with fair laws and just courts.**
6. **Let all nations rule internally resolving external disputes in a world court.**
7. **Avoid petty laws and useless officials.**
8. **Balance personal rights with social duties.**
9. **Prize truth — beauty — love — seeking harmony with the infinite.**
10. **Be not a cancer on the earth — Leave room for nature — Leave room for nature.**

t.me/ufopediapdf

Yet the lies travel much further back than the origins of the Illuminati in 1776.

Jesus who himself was not a Christian. His name was Yeshua. The term Christ means anointed one. He never used the term Christianity or the name Jesus. He was born in 6 BC. He was born in March not December 25th.

The reason we begin the present day calendar at 0 AD is because this date is the beginning of the Age of Pisces – see Precession of the Equinoxes previously.

Rabbi's must marry. Yeshua was a Rabbi. He had three children with the princess Maryam (better known to the Catholic Church as the whore Mary Magdelena).

t.me/ufopediapdf

The family of Jesus have been persecuted throughout history. They are the Desposyni. His wife Maryam sailed to France with her unborn son and daughter, Tamara. She was accompanied by two ‘Marys’ – sisters of Jesus. The three Marys are buried near Marseilles.

Joseph (Aramathea) brought the eldest son of Jesus to Glastonbury in England. The Jewish ‘Christians’ and English were then ‘married’ both in law and Faith at this time. Early English kings (The Fisher Kings) were descendents of Jesus and Maryam. All early European monarchs (Merovingian dynasty) were likewise descended from the Holy Pair. The legendary King Arthur was a descendent of Maryam and Yeshua.

The Romans created a false Christian religion they named Catholicism in order to deceive converts to a false Christianity. Paul (Saul) who allegedly converted to Christianity on the road to Damascus was a Roman secret agent. He was responsible for the

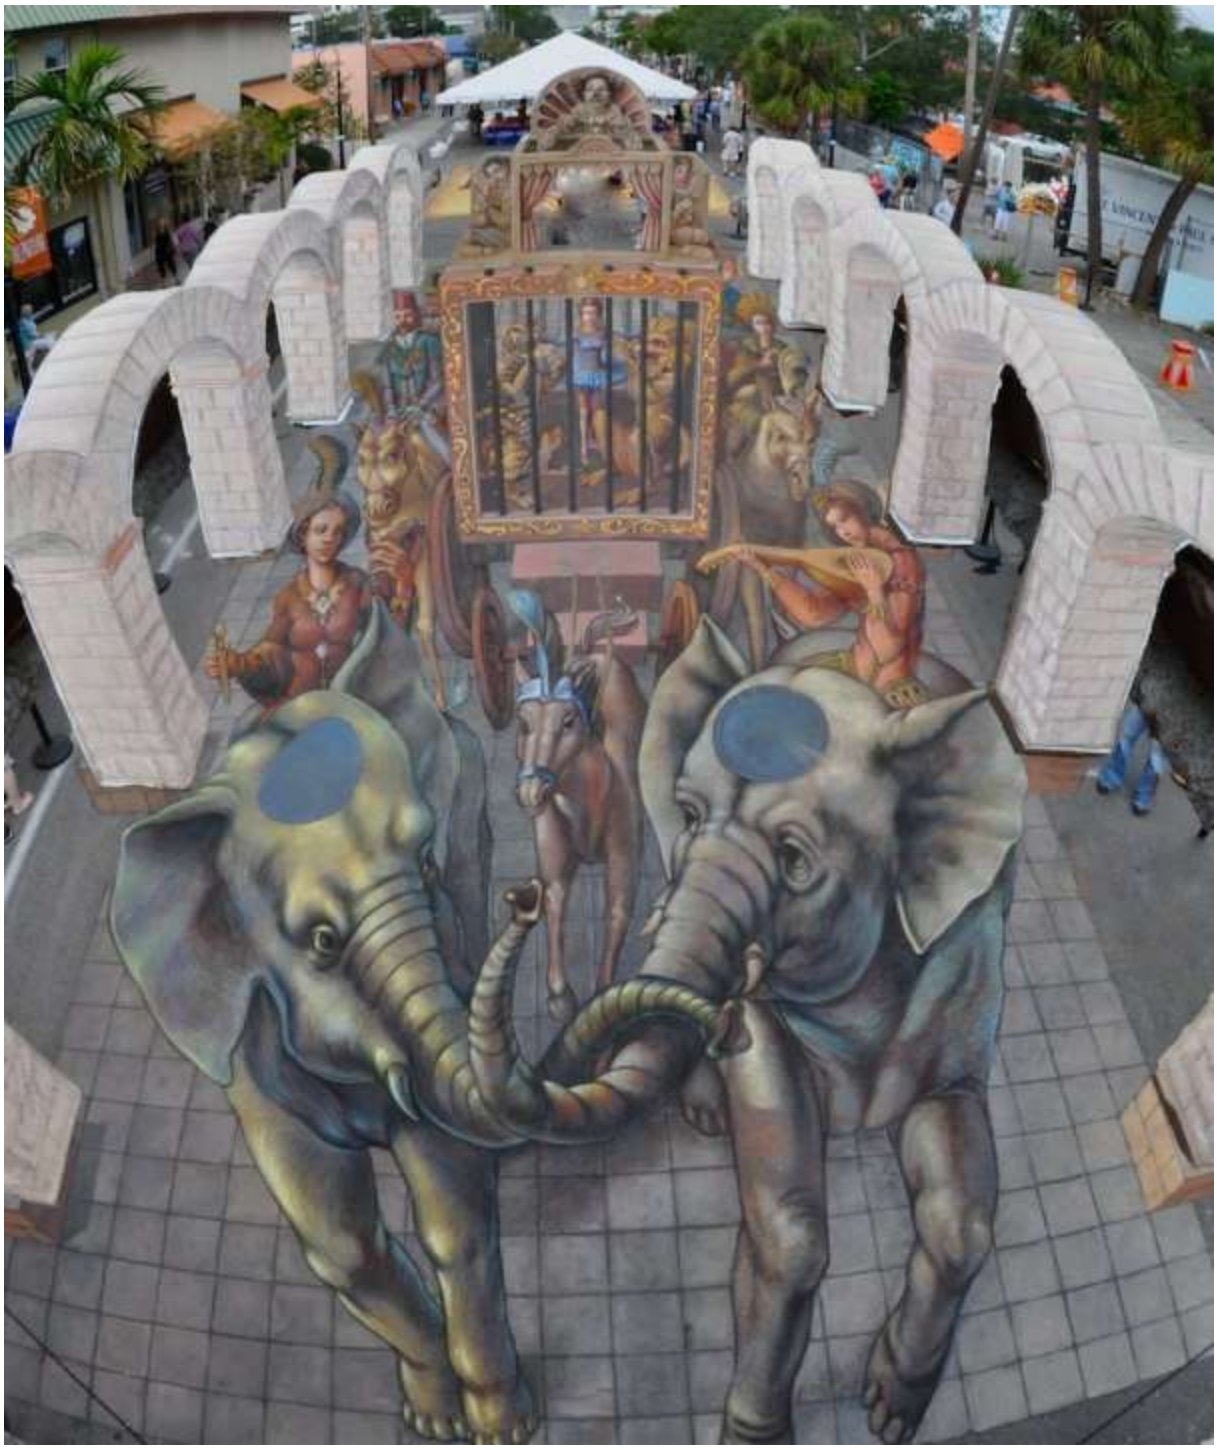
t.me/ufopediapdf

deaths of two of the disciples of Jesus.

The Romans created the position of ‘God’s spokesman’. They termed this man the Pope. The Pope thus replaced Jesus Christ as the most important man in Christianity.

Surreptitiously down the ages the Romans have clawed back the power they once had by duplicity and deception. Marduk ruled both Egypt and Babylon and was responsible for the rise of the Roman Empire. He remains to ‘pull the strings’ of the European Union centuries later. How is this possible? 3600 years on planet Earth is as one year to the Anunnaki. They are extremely evil and extremely long-lived.

t.me/ufopediapdf



Currently there is no such thing as an Englishman. The English

t.me/ufopediapdf

were originally Phoenicians. Nowadays most English are descendents of Romans and the Norse race. If there is one true English person you will find him (her) in Wales or Northumberland.

Genocide of the Welsh, Scots and Irish was practiced for centuries to eradicate those who were not of Norse origin. The Norse were originally Aryans who came from the planet Mars. See my book Mars and Moon Bases. The original genocide of the British population by the Romans was to 'weed out' descendents of the Holy Couple – the Desposyni.

The Scots were originally Irish and the Irish were refugees from Atlantis after it sank during volcanic eruptions and massive tsunami. See my books on the subject of Atlantis. The Atlanteans fought the Aryans and thence we had early nuclear wars. None of this is in the history books. Neither is the fabled land of Hy Brazil off the west coast of Ireland.

I can make a case about the history of every nation in the world but there is no space here. Please please please please please research for yourself. What I will say here is

WHAT ARE WE FIGHTING FOR?

Where did the Ashkenazi Jews originate from?

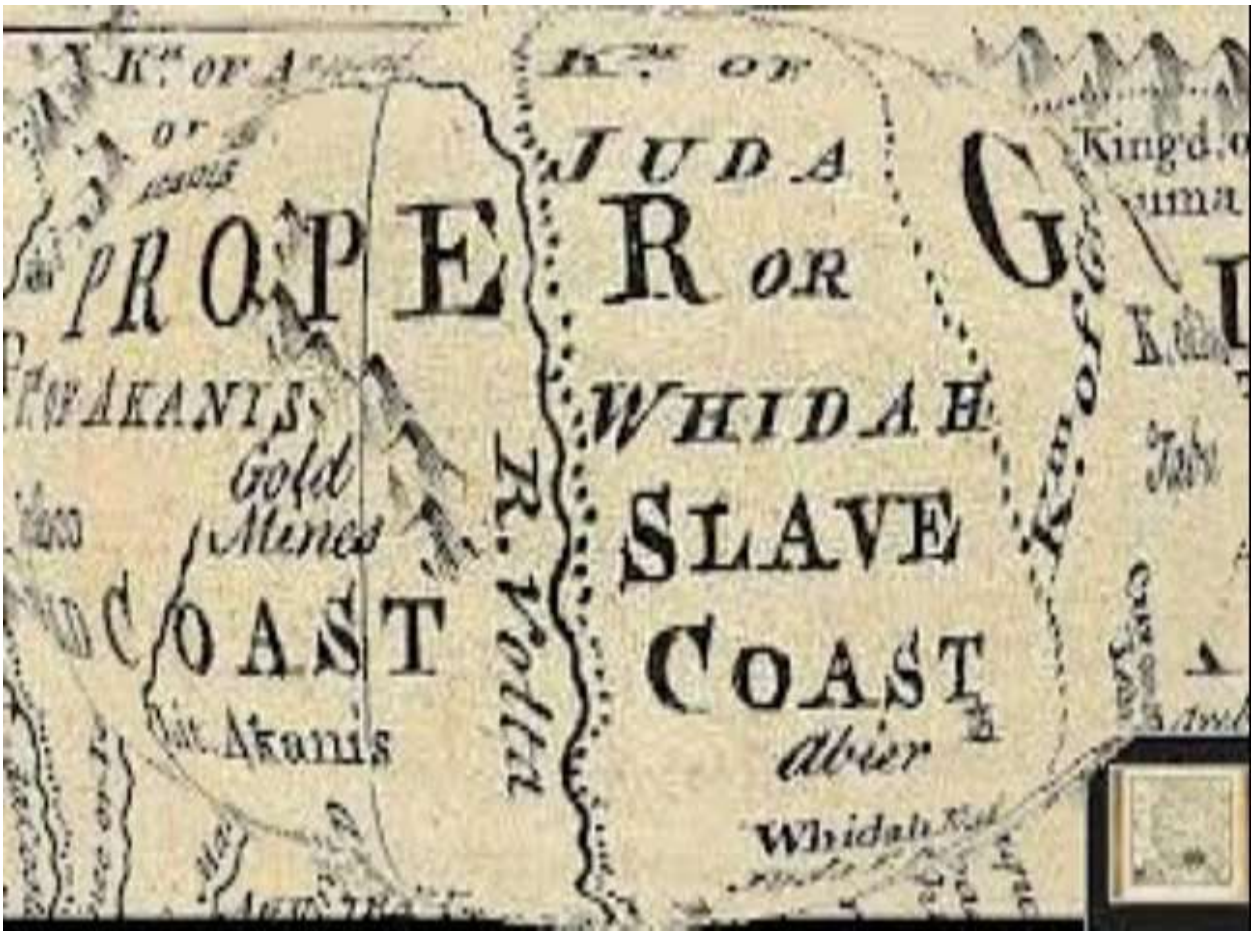
From ca 630 AD North East of the Caspian Sea was the Khazarian Empire. The Khazars were a Turk nation whose semi-nomadic empire stretched from Southern Russia to the Caucasus mountains and from Eastern Europe to Central Asia. Between 800 and 965 AD under pressure from marauding Muslim and Christian forces hemming them in the Khazars had Hobson's Choice. If they became Christian the Muslims would overrun them, if they converted to Islam the Christians would slaughter them.

t.me/ufopediapdf

Cleverly the king of the Khazars declared that his people would convert to Judaism. Until this time Jews were ‘out of Africa’. These converts were provided with a special name – Askenazi Jews. Ironically the word nazi appears here. These same Jews would be exterminated in gas chambers under instruction from the Rothschild family. By sacrificing six million Jews the Rothschilds would achieve their intention – a middle eastern Zionist state.

Israel was born in 1947. At this time the British Government promised the Palestinians protection. In 1948 the British left Palestine to fend for itself. The present atrocities committed in Gaza are to obtain control of the natural gas deposits there.

t.me/ufopediapdf



In the late 19th century, Ernest Renan informs us that the Ashkenazi Jews of Europe had fled from Khazaria in the ensuing period after 900 AD. The famous Arthur Koestler (Jew) writes extensively on this subject. He states that the Jews are a black nation eradicated even from maps by western colonists. So those who call themselves Jews may not be Jews. In fact like the Christians there is a real hotchpotch of factions amongst what is

t.me/ufopediapdf

originally not a religion but a nationality. The present definition of the term Jew was not used until late in the nineteenth century.

Our entire reality and our history is a tissue of lies. The Annunaki (via artificial satellites) manipulate the reality of this planet's inhabitants. Their alternative reality is filled with horror, war, suffering, terror and torture. They have successfully imprisoned the inhabitants of many other planets by these means.

t.me/ufopediapdf

Most humans believe that the duplicated, false state reality is the real reality. What is worse most humans (from a desperate deep feeling of self survival) join the ‘winning side’ and begin themselves to torment, torture and cause others to suffer. Not only

t.me/ufopediapdf

are they members of political parties, the military, the legal system and bankers but some work for the education system or the media. Many current Hollywood stars and performers have sold their souls to the Devil (read my book **They Sold Their Souls To the Devil**).

The Gnostics taught that Jehovah was a demon – a fake god.

So we enter the End Times. So named because the Cosmic Computer Game is approaching a dramatic period. It is prophesied in the Book of Revelation of the Coming of the Antichrist, Satan and the Beast. We shall all be made to wear the Mark of the Beast. Most will succumb from fear. In fact this entire illusory world is based on terror.

Those that wear the Mark of the Beast (implanted microchip) will forsake their Eternal Soul for another cycle of millions of years.

t.me/ufopediapdf

They agree to become the property of Lucifer.

Jesus warned of the End Times. He cautioned all to be true to Him.

The choice as always is yours. Forget all you have read in this book then go back to sleep. Ignore the UFO sightings daily, the interdimensional creatures recorded on cell phones and the alien creatures discovered world wide – dead or alive. Ignore what is patently under your nose and continue to live in the illusory world of the Arcons.

The real history of humanity is such a vast subject so I must condense at least some important points below:

- Adam and Eve (and six other families) came out of Africa to the Middle East. They were negroid
- They and many other Africans were genetically altered

t.me/ufopediapdf

- Lulu (human slaves) replaced the Igigi (workers from the planetary system Nibiru)
- For hundreds of thousands of years Lulu were employed as slave labourers
- We still are slaves
- The planet Earth is a prison planet and we are no better off than cattle or sheep
- To prevent an uprising Reality has been distorted (schism)
- Reality has been replaced with a holographic experience that denies the existence of the Anunnaki.
- This alternative reality invokes terror, horror and murderous thoughts that the reptilian race ‘feed off’
- Descendents of mixed blood human/Anunnaki (Fallen Angels) occupy positions of power and have for centuries been our kings and queens etc
- Priests, Jesuits, the Catholic Church, Freemasonry and the Illuminati deliberately conceal the Truth from the populous

t.me/ufopediapdf

prefering to rule instead

- Banking is an illusion and all loans are illegal
- Any archaeological finds that disagree with accepted dogma are buried in museums or ‘lost’. Those who discover them are discredited
- Human beings are abducted daily for the purposes of ritual sacrifice (especially children) or genetic experimentation. Pay particular attention to DULCE base.
- All wars are created by descendents of the Anunnaki/human mixed bloods especially for personal financial gain and to decimate the growing human population
- We are dealing with heartless, self-serving, evil, duplicitous reptiles who may indeed be able to shape shift

The Words of the Sorceror Don Juan

"They discovered that we have a companion for life," he

t.me/ufopediapdf

said, as clearly as he could. "We have a predator that came from the depths of the cosmos and took over the rule of our lives. Human beings are its prisoners. The predator is our lord and master.

"It has rendered us docile; helpless. If we want to protest it suppresses our protest. If we want to act independently it demands that we don't do so."

"It is pitch black around us," don Juan said, "but if you look out of the corner of your eye you will still see fleeting shadows jumping all around you."

He was right. I could still see them. Their movement made me dizzy. Don Juan turned on the light and that seemed to dissipate everything.

Don Juan said, "You have arrived, by your effort alone,

t.me/ufopediapdf

to what the shaman of ancient Mexico called the topic of topics.

"I have been beating around the bush all this time, insinuating to you that something is holding us prisoner. Indeed we are held prisoner!!! This was an energetic fact for the sorcerers of ancient Mexico."

"Why has this predator taken over in the fashion that you're describing, don Juan?" I asked. "There must be a logical explanation."

"There is an explanation," don Juan replied, "which is the simplest explanation in the world.

"They took over because we are food for them and they squeeze us mercilessly because we are their sustenance.

t.me/ufopediapdf

"Just as we rear chickens in chicken coops (gallineros) the predators rear us in human coops (humaneros). Therefore, their food is always available to them."

t.me/ufopediapdf

I felt that my head was shaking violently from side to side. I could not express my profound sense of unease and discontentment. My body moved to bring it to the

t.me/ufopediapdf

surface. I shook from head to toe without any volition on my part.

I heard myself saying, "No, no, no, no. This is absurd, don Juan. What you're saying is something monstrous. It simply can't be true, for sorcerers, or for average men, or for anyone."

"Why not?" don Juan asked calmly. "Why not? Because it infuriates you?"

"Yes, it infuriates me," I retorted. "Those claims are monstrous!"

"Well," he said, "you haven't heard all the claims yet. Wait a bit longer and see how you feel.

t.me/ufopediapdf

I'm going to subject you to a blitz. That is I'm going to subject your mind to tremendous onslaughts and you cannot get up and leave because you're caught. Not because I'm holding you prisoner but because something in you will prevent you from leaving while another part of you is going to go truthfully berserk. So brace yourself!"

There was something in me which I felt was a 'glutton

t.me/ufopediapdf

for punishment'. He was right. I wouldn't have left the house for the world and yet I didn't like one bit the inanities he was spouting.

Don Juan said

"I want to appeal to your analytical mind. Think for a moment and tell me how you would explain the contradiction between the intelligence of man the engineer, the stupidity of his systems of beliefs and the stupidity of his contradictory behavior.

Sorcerers believe that the predators have given us our systems of beliefs; our ideas of good and evil; our social mores. The predators are the ones who set up our hopes and expectations, our dreams of success or failure. They have given us covetousness, greed and cowardice. It is the predators who make us complacent, routinary, and

t.me/ufopediapdf

egomaniacal."

"But how can they do this, don Juan?" I asked, somehow angered further by what he was saying. "Do they whisper all that in our ears while we are asleep?"

"No, they don't do it that way. That's idiotic!" don Juan

t.me/ufopediapdf

said, smiling. "They are infinitely more efficient and organized than that.

In order to keep us obedient, meek and weak, the predators engaged themselves in a stupendous manoeuver- stupendous, of course, from the point of view of a fighting strategist; a horrendous manoeuver from the point of view of those who suffer it.

They gave us their mind! Do you hear me? The predators give us their mind which becomes our mind. The predators' mind is baroque, contradictory, morose and filled with the fear of being discovered any minute now.

I know that even though you have never suffered hunger," he went on, "you have food anxiety which is none other than the anxiety of the predator who fears

t.me/ufopediapdf

that any moment now its manoeuver is going to be uncovered and its food is going to be denied.

Through the mind, which after all is their mind, the predators inject into the lives of human beings whatever is convenient for them. The predators ensure in this manner a degree of security to act as a buffer against their fear."

"It's not that I can't accept all this at face value, don Juan," I said. "I could, but there's something so odious about it that it actually repels me. It forces me to take a contradictory stand. If it's true that they eat us how do they do it?"

Don Juan had a broad smile on his face. He was as pleased as punch.

t.me/ufopediapdf

He explained that sorcerers see infant human beings as strange, luminous balls of energy covered from the top to the bottom with a glowing coat something like a plastic cover that is adjusted tightly over their cocoon of energy.

t.me/ufopediapdf

He said that that this glowing coat of awareness was what the predators consumed. When a human being reached adulthood all that was left of that glowing coat of awareness was a narrow fringe that went from the ground to the top of the toes. That fringe permitted mankind to continue living but barely.

As if I were in a dream I heard don Juan explaining that, to his knowledge, man was the only species that had the glowing coat of awareness outside that luminous cocoon. Therefore, he became easy prey for an awareness of a different order; such as the heavy awareness of the predator.

He then made the most damaging statement he had made so far. He said that this narrow fringe of awareness was the epicenter of self-reflection where man was

t.me/ufopediapdf

irremediably caught.

By playing on our self-reflection, which is the only point of awareness left to us, the predators create flares of awareness that they proceed to consume in a ruthless, predatory fashion.

They give us inane problems that force those flares of awareness to rise and in this manner they keep us alive in order for them to be fed with the energetic flare of our pseudo-concerns.

Presently we find ourselves in a world of terror. Those that buy into the terror will remain in the Drama for a further cycle of 27,000 years around the Galaxy.

Every decision by current Governments is designed to be one more 'nail in the coffin'. We are systematically being robbed of our human rights and our freedom. Mind manipulation is effected via television, Holloywood movies, social media and formal education. You are tracked every step you take via your cell phone and vehicle. Even your white goods contain listening devices.

The aspect of the Game we are currently 'playing out' is that humanity has this chance to wake up to the fact that for hundreds of thousands of years we have been slaves of a reptile race known as the Anunnaki. Now and only now is the chance to break the chains, free your mind and remember you are an Eternal Soul. Do not buy into the apparent reality that is created minute by minute by news channels and your Government.

Begin to visualize your preferred reality where all the world is at peace and you are a powerful co-creator of Reality. For this is the Truth.

- **Follow David Icke, Alex Jones and others for a fresh look at your world**
- **Watch They Live, the Matrix and Prometheus movies**
- **Read extensively (not just my work)**
- **Question the 'belief system' you were forced to 'buy into'**

- **WE ARE ALL ONE**

t.me/ufopediapdf

When the power of love overcomes the love of power then the world will be at peace.

In order to achieve this we must ALL live in love.

Remove all barriers to love and constantly dream the reality you desire.
